UNDP'S ROSTERS FOR CRISIS RESPONSE

The available deployment mechanisms are: EXPRES ROSTER (vetted consultants), SURGE (deployment of staff) and STAND BY PARTNERS ORGANIZATIONS. The total deployable capacity is 2,752 (1,824 male/928 female).

Trend in Overall Deployments 2008 -2016

MECHANISM

TRENDS DEPLOYMENTS

518 SURGE Advisors

SURGE Advisors are UNDP staff with extensive technical and crisis experience with skills in immediate crisis response including technical/managerial, analytical and communications skills. They generally deploy for a week to ten days or up to three months for longer missions.

GENDER DISTRIBUTION

FEMALE	177
MALE	341

Over 36% increase in SURGE deployments in 2016 compared to 2008.

2,234 ExpRes roster capacity

The Experts Roster for Rapid Response (ExpRes) is a consultant procurement and deployment mechanism which maintains pre-vetted consultants for quick support to UNDP Country Offices. The primary purpose of this roster has been to deploy Crisis Prevention and Recovery (CPR) technical experts in the aftermath of a crisis, for recovery, prevention and for CPR Programming.

GENDER DISTRIBUTION

FEMALE	751
MALE	1,486

In 2016, a record 239 ExpRes deployments since the inception of the roster. A 20% increase compared to 2015 and more than doubled compared to 2009.

Stand-by Partner organizations

Through its agreements with standby partners, UNDP can deploy additional experts to UNDP offices during crisis and recovery phase. UNDP has currently Memorandum of Understanding with the following Stand by Partner organizations: Swedish Civil Contingencies Agency (MSB), Norwegian Refugee Council (NRC), Danish Refugee Council (DRC), CANADEM, MoU and DFID.
