STATEMENT/DECLARATION OF SERVICE:

I do submit my nomination for Staff Pension Committee.

I am a holder of a Bachelors degree in Business Management, and have had vast experience in Public Service, in the area of ethics and anti-corruption in public financial management.

If elected to the post, I will discharge my duties diligently to ensure the funds objectives are met. I do realize that to be able to perform, one must be close to the people that they serve. I will be particularly in touch, as I always am, with participants on the ground to gather and channel any concerns to relevant authorities, as well as conduct a follow up on the same. I will see to it that deserving cases such as determination of incapacity for purposes of disability benefits are carefully conducted and processed expeditiously.

I will further ensure that the funds rules and regulations are followed to curb any incidents of financial improprieties, corruption and abuse of authority. I will further suggest to the board, and make necessary follow-up thereof, any amendments necessary for members to receive maximum benefit from the fund. Of special interest to me would be the plight of hundreds of pension contributors, who for reasons not of their own, separate from the organization before reaching the mandatory 5-years service, hence loosing the proportion of benefit the organization, pays into their pension. Rationalization of such cases will be by priority, if elected to the post.

Finally, I will ensure that the fund abides by the laid down procedures in as far as investment portfolios are concerned, and does engage in risky undertakings that comprises both short and long-term obligations. This will no doubt lead to sustainable growth in the fund, for both the current and subsequent members to enjoy.

I am asking for your votes in order to make this a reality.

Thanks

George Wachira
