

24 May 2012

Dear Mr. Karorero,

**Subject: Full-Size Project, Burkina Faso: Mouhoun Region Sub-Program for Sustainable Land Management – PIMS No. 3969 - ATLAS BU: BFA10 - Award No.: 00059616- Project No.: 00074619**

I am pleased to delegate to you the authority for the above-mentioned *Full-Size* project. The project, which amounts to a total of US\$2,502,450, has received its final approval in accordance with the established GEF procedures (CEO approval/endorsement attached as relevant).

I am also pleased to provide a summary of the next steps in the process and to outline, for your easy reference, the mandatory GEF-specific project financial and results management requirements. Please note that Annex 2 clarifies these in further detail. In addition, a number of Advisory Notes have been prepared to support the implementation of UNDP supported GEF funded projects and these and further clarification on the GEF project cycle and requirements, can be found in the UNDP GEF Programming Manual at <http://intra.undp.org/gef>.

***Next steps and mandatory GEF-specific requirements:***

1. ***Project document signature:*** As the Resident Representative with the delegated authority for this project, we kindly request that you sign the above-mentioned *Full-Size* project document on behalf of UNDP. We would also appreciate your obtaining the signature of the representative of the Implementing Partner on the cover page (as well as signature by the representative of the Government of *Burkina Faso*, if necessary).
2. ***Issuance of Authorized Spending Limit (ASL):*** To facilitate a quick start to the project, once the project document is signed, please kindly ensure that the Atlas-generated *Annual Work Plan (AWP)* based on the *Total Budget and Annual Work Plan* in the attached project document, along with a copy of the signed cover page, is sent to **Ms. Fabiana Issler**, Regional Technical Advisor in Pretoria.

Any budget revisions should be forwarded to the UNDP Regional Coordination Unit (RCU) with an explanation of the changes proposed. In this connection, please note that UNDP GEF is not in a position to increase the project budget above the amount already approved by the GEF Council. Therefore, any over-expenditure on this project would have to be absorbed by other Country Office resources.

3. ***Fee:*** As an Implementing Agency of the GEF, UNDP earns a fee upon approval of each project. As required by the GEF, the fee is to be used to cover specific costs incurred by UNDP. For the Country Office, these services are related to supporting project development and providing oversight once the project is running, as detailed in Annex 2.

Mr. Pascal Karorero  
ResRep  
UNDP  
Ouagadougou, Burkina Faso

## United Nations Development Programme

The total fee over the lifetime of the above mentioned project for these country offices support services will be **US\$79,573.50**. This fee will be paid directly by UNDP GEF to the XB account of the Country Office. The first installment will be paid upon receipt of the signed main project document cover page at the UNDP RCU. The second and all subsequent annual fee installments will be paid based on cumulative delivery and audit compliance. The amount to be received by your office includes the cost of services generated by the Initiation Plan under the *GEF Project Preparation Grant (PPG)* window.

Please note that the Implementing Agency fee is intended to cover the General Management Service (GMS) indirect costs of project support, supervision and oversight detailed in Annex 2. Where a government, as Implementing Partner, requests UNDP to provide services specific to project inputs, then the government party is responsible for reimbursing UNDP in accordance with UNDP policies on recovery of direct costs. In such a case, an appropriate separation between project oversight and direct project support is required in accordance with the UNDP Internal Control Framework.

#### 4. GEF-specific project management requirements:

- The GEF Secretariat must be informed of any changes to the project objectives and outcomes in the results framework of the project document. As such, should you wish to make any such changes to the results framework, please discuss this with the UNDP RCU, as they will have to report these changes to the GEF.
- As outlined in the 2006 GEF M&E policy, it is recommended that all GEF-funded projects undertake a mid-term evaluation. In addition, each project is required to undertake a final evaluation within 12 months of operational closure of the project. Each evaluation should have a corresponding management response. The specific requirements of these evaluations are available from the RCU.
- As specified in the project document, a detailed project management plan should be prepared by the Project Manager. It is strongly recommended that this management plan be reviewed at the inception workshop. Where possible, this workshop should be held within 3 months of project signature. To avoid any confusion during project implementation, we also recommend that the support activities to be undertaken by the Country Office, as listed in Annex 2, be confirmed at the inception workshop.
- Annex 2 includes a number of key UNDP GEF management performance indicators that aim to improve the efficiency and effectiveness in the oversight and supervision services provided. Performance against these indicators will be monitored on an annual basis.

In concluding, I would like to assure you of UNDP GEF's and my personal commitment to a successful implementation of the project. The Regional team in Pretoria is at your disposal for advice and technical support. Should you have any concerns or questions, please do not hesitate to contact me.

Yours sincerely,

Yannick Glemarec
