**Brief Description**

The Third National Communication of Georgia (TNC) is the continuation of the work conducted under the Second National Communication to the Conference of the Parties (CoP) of the UN Framework Convention on Climate Change (UNFCCC) according to Decision 17/CP.8 and other guidance provided. The TNC will update and strengthen information provided regarding national circumstances, greenhouse gas inventories, climate change mitigation, vulnerability to climate change and steps taken to adapt to climate change, and information on public awareness, education, training, systematic research and observation. The project will also increase the capacity to produce subsequent NCs that meet CoP guidelines and improve climate change policies in Georgia.
