Dear Pierre,

Though there is no particular stipulation on procurement in the attached documents, PSO assumes that the procurement shall be conducted in accordance with UNDP procurement rules unless the procurement shall be conducted by the government under full NIM.

Best

Dominic

Subject: Post- facto clearance / Guinee / "Réalisation de l'enquête légère pour l'évaluation de la pauvreté (ELEP 2012) en Guinée"

Importance: High

Dear colleagues,

Please find enclosed, for your clearance, an EC-UNDP agreement signed by the CO in Guinea for a project entitled "[Réalisation de l'enquête légère pour l'évaluation de la pauvreté \(ELEP 2012\) en Guinée](#)".

In light of the [12 July Interoffice Memorandum from the Associate Administrator to all the Heads of Bureaus](#), **post-facto clearances** are considered "non-standard" therefore requiring a complete HQ clearance process.

May I kindly ask that you send by E-mail any comments/observations (or "nothing to raise" notifications where relevant) which you may have on the dossier during the following week? Many thanks in advance.

Attached you will find the **clearance slip** together with the copy of the Contribution Agreement signed.

The hard copy of the dossier is being forwarded your way **by RBA / Priya Gajraj (#5934)**.
