Dear colleagues,

We are pleased to inform you that the no-cost extension request of project “**Enhancing Resilience of Vulnerable Coastal Areas and Communities to Climate Change**” (PIMS 4782) has been approved. The new closure date is Dec 31, 2018.

Best regards,

Adey

Subject: FW: No-cost extension request; The Gambia Coastal Resilience project

Dear Colleagues,

As per our previous discussion on same, UNDP Gambia is pleased to submit for consideration and necessary the no-cost extension for PIMS 4782: "Enhancing Resilience of Vulnerable Coastal Areas and Communities to Climate Change in the Gambia".

The Country Office is standing by to provide further clarification as needed.

Kind regards
