

Overall Strategic Goal: Increase in food-security, poverty reduction and economic-growth in areas of IBSA intervention

Expected Outcomes: Low Land Rehabilitation and Processing of Agricultural and Livestock Products.

Expected Outputs: Small plots of low-lying coastal lands rehabilitated for rice production; rice productivity increased; increased quantity and variety of agricultural and livestock products through transformation and preservation; local population able to commercialize agricultural and livestock products.

Executing Agency: United Nations Development Programme (UNDP).

Implementing Partner: Ministry of Agriculture and Rural Development (MARD).

Main Cooperating Agencies: Ministry of Commerce, Industry, Tourism and Craft, National Institution for Research and Applied Technology (INITA); National Institute for Agriculture Research (INPA), FAO and The World Bank (Emergency Food Security Support Program).

Summary

This is the second project funded by IBSA (India, Brazil and South-Africa), under the South-South Cooperation, in Guinea-Bissau. It aims at increasing food-security, reducing poverty and augment economic-growth in IBSA's intervention area – 24 villages in the regions of Oio, Biombo and Bafata. It is comprised of two major components: **Low Land Rehabilitation Support** and **Agricultural and Livestock Processing Support**, and its expected outputs are: small plots of low-lying coastal lands rehabilitated for rice production; rice productivity increased; increased quantity and variety of agricultural and livestock products through transformation and preservation and local population able to commercialize agricultural and livestock products. The project is executed under UNDP's DEX modality and it has MARD as implementing partner.
