#### Brief Description

The Crisis Fragility, Policy and Engagement (CFPE) Team works to inform and shape, catalyse and facilitate UNDP's engagement on crisis and fragility issues, focusing on "big ticket items" and forward-thinking and using a range of instruments including policy development, partnerships and advocacy, advisory services, risk analysis and knowledge management.

As an integrator, facilitator, convenor and coordinator for the Crisis Bureau, the CFPE Team helps support internal cohesion and direction within the Crisis Bureau and the wider GPN and is uniquely placed to ensure that crisis and fragility issues gain increased prominence in UNDP's next strategic plan.
