Expected Output(s): *(Those that will result from the project)* Increased capacity to produce national communications that meet all guidelines established by the UNFCCC CoP and that can serve as a source of information for national policies and measures in climate change and in key economic and social sectors.

Executing Entity: Ministry of Environment Protection

Implementing Agencies: Kazakh Scientific Research Institute for Ecology and Climate (KazNIIEK)

Brief Description

The project will enable Kazakhstan to prepare and submit its Third National Communication to the Conference of Parties (CoP) of the UN Framework Convention on Climate Change in accordance with its commitments as a Party to the Convention as mandated by Articles 4 and 12 of the Convention and subsequent CoP decisions. It will update and strengthen information provided regarding national circumstances, inventories of greenhouse gases, policies and measures undertaken to mitigate climate change, assessments of vulnerability to climate change and steps taken to adapt to climate change, and information on public awareness, education, training, systematic research and observation, and technology transfer. The project will also increase the capacity of experts and institutions in Kazakhstan to produce subsequent National Communications that meet all guidelines established by the CoP and that serve as a source of information for national policies and measures to mitigate and adapt to climate change in key economic and social sectors.
