Date: 16.12.2022

Title of the event: Report on the monitoring visit to the
NGO "Podruga" SDP Osh

Travel Dates: 28-29.11.2022

Purpose of Travel:

Monitoring of Health Product Availability for KPs with LFA

28.11.2022 NGO "Podruga"

Monitoring of Health Product Availability for KPs with LFA.

Zhyldyz Ysykeeva from LFA interviewed head of organization Nadezhda Sharonova and M&E Specialist who also responsible for HP management. Organization has provided services under UNDP/GF project for Sex Workers (SW).

The following information was provided by the head and staff of organization:

- Regarding problems during the 4q 2021 and 1-3 quarters 2022 the organization raised issues with SWs who are used drugs (Lyrica and Tropicamid) and they couldn't adequately understand the providing information. No RDT Oral Quake at NGO for one week; rapid testing is conducted in the office, in the field, during outreach work; they inform that now the number of condoms distributed matches the needs of SW; IEM are not popular among clients, usually they prefer consultation for getting necessary information; there is no written information on where clients can be tested on HIV, clients know about it from consultants; outreach/social workers conduct mini-sessions on HIV, STI, TB, safe behavior and sexual and reproductive health, etc. for clients, they develop a programme for mini-sessions for conducting them in the office for large group of clients; there are no individual work plans and schedules for each employee.

- Were conducted sample inventory, there were found 9500 tabl. of Metronidazole 500 with upcoming expire date till the end of February 2023.

29.11.2022 Osh oblast AIDS center

- Zhyldyz Ysykeeva from LFA interviewed head of organization Elmira Narmatova, head of Dispensary district Motorov Ulukbek and Head of HIV diagnostic laboratory Elmira Zhaparova, there were conducted sample inventory of HP, drugs and test systems procured by UNDP/GF project there was no any discrepancies found.

Recommendations for UNDP/GF project:

- To redistribute RDT for HIV from another NGO.
- To redistribute 9500 tablets of Metronidazole 500 to another organization.

Distribution:
