Part A. Integrating Overarching Principles to Strengthen Social and Environmental Sustainability

QUESTION 1: How Does the Project Integrate the Overarching Principles in order to Strengthen Social and Environmental Sustainability?

Briefly describe in the space below how the Project mainstreams the human-rights based approach

The project will follow rights based approaches to development and will be cognizant of child labor issues in the supply chain and strive to eventually adopt decent work principles.

Briefly describe in the space below how the Project is likely to improve gender equality and women's empowerment

The project will engage various stakeholders and clusters of stakeholders to be engaged will include: Relevant Government Ministries (including government owned and industries to identify opportunities to add value along the supply chain engaging the smallholder farmers and the community based organizations), the Kiribati Chamber of Commerce and Industry (targeting specific industry owners that are engaged in coconut supply chain), Rural farmers, producers and producer associations, women groups, youths, disabled and men engaged along the coconut value chain (gender marker GEN3).

Briefly describe in the space below how the Project mainstreams environmental sustainability

The project is fostering local value adding services such as semi processing of virgin coconut oil at the community level which is in line of support's priorities of expanding coconut plantation and value addition. Depending upon the choice of technologies available, the project will ensure adoption of most environmentally friendly and cost efficient technologies that is suitable to the local Island context.

Part B. Identifying and Managing Social and Environmental Risks

QUESTION 2: What are the Potential Social and Environmental Risks? <i>Note: Describe briefly potential social and environmental risks identified in Attachment 1 – Risk Screening Checklist (based on any “Yes” responses). If no risks have been identified in Attachment 1 then note “No Risks Identified” and skip to Question 4 and Select “Low Risk”. Questions 5 and 6 not required for Low Risk Projects.</i>		QUESTION 3: What is the level of significance of the potential social and environmental risks? <i>Note: Respond to Questions 4 and 5 below before proceeding to Question 6</i>		QUESTION 6: What social and environmental assessment and management measures have been conducted and/or are required to address potential risks (for Risks with Moderate and High Significance)?
Risk Description	Impact and Probability (1-5)	Significance (Low, Moderate, High)	Comments	Description of assessment and management measures as reflected in the Project design. If ESIA or SESA is required note that the assessment should consider all potential impacts and risks.

Final Sign Off

<i>Signature</i>	<i>Date</i>	<i>Description</i>
QA Assessor		UNDP staff member responsible for the Project, typically a UNDP Programme Officer. Final signature confirms they have “checked” to ensure that the SESP is adequately conducted.
QA Approver		UNDP senior manager, typically the UNDP Deputy Country Director (DCD), Country Director (CD), Deputy Resident Representative (DRR), or Resident Representative (RR). The QA Approver cannot also be the QA Assessor. Final signature confirms they have “cleared” the SESP prior to submittal to the PAC.
PAC Chair		UNDP chair of the PAC. In some cases PAC Chair may also be the QA Approver. Final signature confirms that the SESP was considered as part of the project appraisal and considered in recommendations of the PAC.
