	UNDP	300,000

#### II. PURPOSE

[To be completed in cooperation with UNDP Programme Analyst; Summarizes Main objectives of the project and link to MDG/NSEDP/UNDAF as per the approved UNDP Country Programme Document and Country Programme Action Plan and/or project document]

The project "Environmental and Social Impact Assessment: Reducing Negative Social and Environmental Impacts of Investment in Lao PDR" is one of the four outputs of the Poverty Environment Initiative (PEI) Framework in Lao PDR. Supported by UNDP/UNEP, PEI in Lao PDR aims to strengthen capacity of targeted central and provincial authorities to integrate poverty-environment concerns and opportunities in key development planning processes.

Corresponding to output 3 of the PEI Lao PDR, this project aims to support the Environmental and Social Impact Assessment (ESIA) Department of the Ministry of Natural Resources and Environment (MONRE) at the national and provincial level in order to address growing environmental threats and to prevent and minimize negative environmental and social impacts of the rapid development activities in key sectors, such as agriculture, hydropower, mining, industry and infrastructure.

The specific objective of the project is to enhance capacities of the ESIA Department of MONRE to ensure comprehensive review and approval processes of environmental and social assessments based on the law and good science in effective coordination with the concerned line ministries and state enterprises.

**UNDAF Outcomes/Indicators:** UNDAF Outcome 1: By 2011, the livelihoods of poor, vulnerable and food insecure populations are enhanced through sustainable development (within DMG framework).

**Expected Outcomes/Indicators:** Outcome 1.1: Improved and equitable access to land, markets and social and economic services, environmentally utilization of natural resources, with balance population growth.

**Expected Outputs/Indicators:** Output 1.1: Improved and diversified incomes of rural household, with a focus on increased market accessibility, through implementation of human development and infrastructure initiatives. Outcome 1.1.3: Enhance knowledge and management capacity of ecosystems, biodiversity, natural resources and environment, and population dynamics.

Wersion 1.1

#### III. PROJECT PERFORMANCE AND RESULTS FOR 3<sup>rd</sup> QUARTER 2011

#### 1. Contribution to the strategic goals [To be completed in cooperation with UNDP Programme Analyst]

#### Outcome 3:

Capacities of the ESIA Department of MONRE to ensure comprehensive review and approval processes of environmental and social assessments based on the law and good science in effective coordination with the concerned line ministries and state enterprises increased. [Indicate if included in SRF]

**Progress towards achieving outcome** [A brief analysis of the status of the situation and any observed change, any project contribution.]

Planned consultation workshop on the draft DESIA financial management manual with Ministry of Finance at Director General Level has not been implemented during this quarter due to improvement and internal-restructure of WREA to Ministry of Natural Resources and Environment (MONRE). The consultation workshop is shifted to be conducted in Q1-2012 due to limited budget and dense schedule in Q4-2011. As recommended by PEI-UNDP sustainable financial management is part of the DESIA financial management manual. The purpose of the sustainable financial management is to analyze DESIA budget to support sustainable financing solutions including potential source of income and expenditure of DESIA, to fulfil its mandate as the lead organization for monitoring and evaluation implementation of the environmental and social management plans of investment projects as well as to identify and prioritize possible solutions to address budgetary shortfalls. An advertisement for national financing assessment expert had been advertised on Vientiane Time and Vientiane Mai newspapers. However, there is no candidate applied for the position. This issue was raised and discussed during monthly meeting with PEI-UNDP team and agree that the sustainable financial management will be conducted by a consultant company or national consultant which depend on budget available. It is expected that this work will be done in Q1-2012.

Due to waiting comments from Chief Technical Advisor of EMSP (Mr. Peter G. Jensen) and some centers of DESIA resulting in planned activities such as consultation workshop and training on the EIA guideline with DESIA staff, developers, and consulting firms have not been conducted during this reporting period. The comments will then be sent to the international expert for revising the guideline. It is expected that the guideline will be completed at the end of October 2011 and ready for consultation workshop and training in November 2011. A study exchange of DESIA staff with MNRE Thailand to learn and exchange experiences on EIA has been postponed to 20 – 26 November 2011 due to urgent government duty of the MNRE Thailand. The English training course for DESIA staff at 21 Century School has been continued and will be terminated after this term because field work in provinces results in absence of the staff attendance. The intensive training course for DESIA staff on environmental science basic knowledge has not been conducted during this quarter due to improvement and internal restructure of the

MONRE. This activity is expected to be organized in Q1- 2012 with possibility of involving international expert from Mahidol University to deliver the course. A further discussion between DESIA team and the international expert in arranging the course is needed.

However, there were some unplanned activities had been done during this quarter including revised PEI-UNDP SAICM Component project proposal for 11<sup>th</sup> round submission, reviewing and providing comments on the draft EIA guideline, and first round table meeting between IPD and DESIA.

Quarterly outputs and indicators [According to project document and/or quarterly work plan]	Key activities completed during reporting period	Expenditures [Actual expenditures against activities completed]	Progress towards achieving outputs and targets achieved against indicators	Reasons if progress below target and response strategies [If applicable, explore underlying factors and reasons for gaps in output and target]
Output 3.1  A system for obtaining funds to substantially cover the cost of operating the ESIA Department developed and implementing. The system works and is audited in accordance with international standards for financial management  Indicators:  - DESIA Financial Management Manual completed and applied by DESIA for obtaining and	workshop with MOF at Director General level on the draft DESIA financial management manual has not been implemented.  - A planned activity on sustainable financial analysis which is a part of the financial management manual has not yet implemented in this quarter.	USD 267	- The consultation workshop has been postponed and will be implemented in Q1- 2012 and leaded by person who understands the manual well. The draft manual will then be revised, finalized and submitted to the Minister for approval.  - To implement the sustainable financial analysis a TOR for national financing assessment expert had been developed and revised from time to	- Significant delay in revision and submission of the draft manual impacted on the external consultation workshop implementation and approval of the guideline. Revision and submission of the draft manual were delayed due to internal restructure of MONRE which might effect to the draft financial management manual therefore it must wait until the internal restructure completed and the draft manual will then be revised before conducting the consultation with MOF.

	strengthened;	2011.	
		- EMSP-TA will continue	
		to assist in preparing IEE	
		writing guideline. The EIA	
		guideline should be	
		consistence with the	
		reviewing and monitoring	
		guidelines. After finished	
		the EIA guideline, up on	
		budget available and	
		request of DESIA, JND	
		will continue review the	
		reviewing and monitoring	
		guidelines.	
		- The reviewing and	
		monitoring guidelines	
		English version had been	
		completed by UNDP – TA	
		and translated into Lao.	

			However, these guidelines are general technical guidelines/administrative checklist guidelines. Therefore, in a later stage EMSP-TA will help on restructuring these guidelines chapter by chapter using similar format and contents as the new EIA guideline.	
Output 3.3  Through the implementation of the capacity building program, the personnel of the ESIA Department is capable of carrying out their tasks and functions in accordance with the expected future mandate of the ESIA Department.  Indicators: - Completed the technical training materials	- The technical training material on the EIA guideline was not developed hence the planned training on the EIA guideline for DESIA staffs, developers, and consulting firms was not implemented English training course for DESIA staff has been continued and will be terminated the end of October 2011; - The study exchange of	USD 1,643	- The technical training material on the EIA guideline will be developed based on the guideline once it finished. It is expected that the training material will be completed and ready for conducting the training in November 2011 The English training course will be terminated at the end of October 2011 due to field work of DESIA staff in provinces resulting in absent of staff	<ul> <li>Delay in submission of comments on the draft EIA guideline may affect incompletion of the guideline. Technical training material has not been developed causing the delay in training. The technical training material will be developed based on the guideline.</li> <li>Midterm review report on English training course is available. Final report on the course will be submitted to DESA at the end of October</li> </ul>

- Number of training conducted
- Staff of concerned line ministries/agencies were trained
- 100 staffs at central and provincial levels were trained this year
- Lesson learn from study exchange applied to improve quality of ESIA system in Laos
- Junior staffs have basic knowledge on environment and science.

DESIA staff to MNRE Thailand to exchange experience on EIA has not been implemented as planned and shifted to Q4-2011.

- The intensive course has been postponed to Q1 -2012 due to limited budget and dense schedule in Q4 as well as internal restructure of MONRE. attending the course.

- The study exchange had been set up on 20 - 26 November 2011 with the assistance of the UNDP. The draft proposal and agenda have been developed and revised based on a discussion between PM (PEI-ESIA) and director Kitsana (MNRE, Thailand), UNDP helps in coordinating with **MoNRE** Thailand and concerned parties
- A TOR for the intensive course has been drafted and sent to the team for comments. The TOR will then be revised based on feedback/comments. A recruitment of expert will be followed UNDP system and it is expected that the course will be conducted in O1-2012.
- The technical training materials on reviewing and monitoring guidelines will

2011.

- Due to internal restructure of MONRE Laos and urgent government work of MNRE Thailand therefore the study exchange has been shifted to conduct in Q4-2011.

resolution, and carrying out	
monitoring. The	
recruitment of PEI-ST	
consultant will be carried	
out in January 2012.	

#### 2. Update on implementation of the Vientiane Declaration and its Action Plan

[Brief update on any achievement and/or problem related to the implementation of the Vientiane Declaration. It should also include issues related to the introduction of HACT and actions planned for the following period.]

- The PEI-DESIA has taken a strong ownership and strengthened capacity in terms of technical and management aspects. Trainings of trainers have been conducted to improve ESIA technical challenge, while project and financial management trainings were carried out regularly to improve the management issue. In terms of financial management for instance, procurement regulations and recruitment processes have been based on the Vientiane Declaration.
- The PEI-DESIA staffs now has all position filled in November 2009 and all staffs are now fully oriented to the project/HACT, system and policies.
- **3.** Update on partnerships [Brief update on any achievement and/or problem in developing partnerships and inter-agency collaboration. It should also include strategies for south-south cooperation]
- Good cooperation between PEI-ESIA and EMSP has been continued through development of the EIA guidelines.
- Good communication between PEI-ESIA and PEI regional office in BKK as well as MONRE Laos and MoNRE Thailand has been started through organizing the study exchange of DESIA staff to exchange experience on EIA.
- Several internal consultations, meetings and monthly meetings between PEI-ESIA and UNDP were organized to ensure smooth implementation of the project and will further continue
- Coordination between PEI-ESIA and PEI-IPD through a first roundtable meeting.
- Coordination between DESIA, DOE and UNDP has been continued through development and revision of the PEI-UNDP SAICM Component project for 11<sup>th</sup> round submission.
- Coordination between PEI-ESIA and PEI-NERI has been strengthened through PEI-ESIA representative's participated in Laos-Thailand study exchange seminar on awareness raising implementation for poverty reduction and environment.
- Coordination between PEI-ESIA and PEI Regional has been strengthened through a participation of National Project Manager's PEI-ESIA in "Climate Change Finance and Development Effectiveness Dialogue: a country-led approach to strengthening the effectiveness of Climate Finance", and participated in "Asia Pacific Consultations for the Four High Level Forum on Aid Effectiveness" organized by PEI regional.
- **4.** Update on gender mainstreaming [Brief update on any achievement and/or problem in terms of mainstreaming gender within the project activities. Strategy for the following period]

$N/\Delta$		

**5.** Update on audit recommendations [Brief update on progress achieved and problems encountered. Actions planned for the following period]

There is no endit during this reporting period
e is no audit during this reporting peri-

### **6.** List main challenges and issues (if any) faced during reporting period [as well as response strategies adopted]

- Due to no applicant applied for national financing assessment expert and internal-restructure caused the delay in implementation of the external consultation workshop on the draft DESIA financial management manual. This activity will move to be implemented in Q1-2012.
- Waiting comments from the concerned parties caused the delay in finalising the EIA guideline and delay in implementation of planned consultation and training on the guideline. This activity will be implemented in Q4-2011.
- Due to urgent government duty of MoNRE Thailand the DESIA study exchange to Thailand has been postponed to Q4-2011.

#### 7. Rating on progress towards results

<b>Output:</b> [From table 1. Contribution to Strategic Goals]		
Output 3.1	$\boxtimes$	Positive change
		Negative change
		Unchanged
Output 3.2	$\boxtimes$	Positive change
		Negative change
		Unchanged
Output 3.3	$\boxtimes$	Positive change
		Negative change
		Unchanged

### IV. ADDITIONAL ACTIVITIES WHICH CONTRIBUTE TO THE OUTCOME AND/OR OUTPUTS

Provide information about any activities undertaken by the project that were NOT envisaged in the work plan but which contributed to the outcome and/or outputs? E.g. advocacy and policy dialogue.

- 1) PEI-ESIA internal meetings to discuss on challenges, achievements, spot check preparation, and quarter 4 work plan.
- 2) Monthly meeting between PEI-ESIA, EMSP and UNDP to discuss on the way forward to complete the EIA guideline.
- 3) The first roundtable meeting between PEI-ESIA and PEI-IPD hosted by IPD.
- 4) SAICM project proposal consultation meetings between PEI-ESIA, DOE and UNDP to discuss on the project proposal revision for 11<sup>th</sup> round submission. However, it has not been submitted to the secretariat because it was completed after the deadline.
- 5) The first half-day roundtable meeting between PEI-ESIA and PEI-IPD had been organized on 12 August 2011 with participation of persons at DG level. The first roundtable meeting was hosted by IPD. The objective was to discuss challenges related to investment management, and to identify opportunities for coordination and information-sharing. The outcomes of the meeting came up with a list of priority issues agreed by both Departments for follow-up actions, identify topic(s) to be addressed in greater detail at next meeting, and agreed on a tentative date for next meeting which will be hosted by PEI-ESIA.
- 6) A representative of PEI-ESIA participated in Laos-Thailand study exchange seminar on awareness raising implementation for poverty reduction and environment. The objective of the seminar was to exchange analysis on economic evaluation in ecological service from land use change and exchange knowledge on environmental management in tourism sector between Laos and Thailand organized by PEI-NERI on 18 19 August 2011, Luangprabang province. The expected output was to strengthen coordination, knowledge exchange between Laos and Thailand.
- 7) Two representatives of DESIA participated in "HACT Micro Assessment Workshop organized by DIC/MPI, UNDP, UNICEP and UNFPA" on 3<sup>rd</sup> August 2011.
- 8) PEI country and global midterm reviews had been implemented.
- 9) PEI-ESIA's representatives participated in debriefing and presentation of the initial country evaluation results to all stakeholders on 6<sup>th</sup> September 2011. The main objective was to discuss and present results implementation evaluation of PEI programme in Laos and possibility for extension for 2012 2015 and solicit ideas, suggestions and opinions on activities and priorities for designing next phase of the program.
- 10) National Project Manager of PEI-ESIA participated in Climate Change Finance and Development Effectiveness Dialogue: a country-led approach to strengthening the effectiveness of Climate Finance on 12 -13 September 2011, Bangkok, Thailand.
- 11) National Project Director of PEI-ESIA had participated in Asia Pacific Consultations for the Four High Level Forum on Aid Effectiveness on 14 September 2011, Bangkok, Thailand.

12) National Project Manager of PEI-ESIA participated in PEI regional meeting on 15- 16 September 2011, Houa Hin.

#### V. FUTURE WORK PLAN

1. What are the priority actions planned for the following year to overcome constraints, build on achievements and partnership, and use of the lessons learned during the previous year?

4<sup>th</sup> quarterly work plan 2011 (October December 2012) includes:

- 1. Consultation workshop with DESIA staffs, developers, and consulting firms on the revised draft ESIA guidelines;
- 2. Training on the EIA guideline for DESIA staff, developers and consulting firms;
- 3. Study exchange to MoNRE Thailand of DESIA staff to learn and exchange experiences on EIA;
- 4. Second roundtable meeting between PEI-ESIA and PEI-IPD
- 5. External consultation workshop on the second revision draft reviewing and monitoring guidelines Lao version;
- 6. Internal consultation workshop within DESIA staff to finalize the reviewing and monitoring guidelines Lao version; and
- 7. Annual review meeting.
- 2. List major adjustments in the strategies, targets or key outcomes and outputs planned.

N/A

3. Estimated total budget required for the following quarter:

78,000 USD

## Annex 3 LESSONS LEARNED LOG

(see <u>Deliverable Description</u> for the Lessons Learned Log regarding its purpose and use)

Project Title: Poverty Environment Initiative Award ID: 00072674 Date: 30 September 2011

#	Туре	Date Identifi ed	Successes	Shortcomings	Recommended Solutions	Submitted, updated by
	Project Management Project Results Human Factor Other		Describe what has worked well. What factors supported this success?	Describe the challenges or areas for improvement and what was unanticipated	How were challenges overcome and how should things have been done differently/better?	
1	Project Management	July 2011	Technical cooperation between PEI-DESIA & EMSP has been initiated and strengthened. EIA Guidelines have been reviewed and revised by EMSP-TA with support from PEI-DESIA team.	EIA guidelines have been revised and sent to concerned people for comments. Delay in feedback for the comments will cause the delay in finalization process of the guidelines such as consultation workshop and training.	Follow-up with concerned people for feedback/comments on the revised draft to ensure that guidelines are updated and that the consultation workshop and training can be implemented as planned during Q4 2011	ESIA Department
2	Project Management	August 2011	Schedule for study exchange of DESIA staff to MNRE Thailand has been agreed and fixed for 20-26 November 2011. Study exchange will enhance capacity strengthening of DESIA staff on EIA related works and issues.	Study exchange was planned for Q3 2011 but was not succeeded because MNRE Thailand was not ready for receiving Laos delegates due to their tight schedule.	Coordination and communication have been done through official and non-official means to set up schedule for the visit to MNRE Thailand. The schedule has been set for 20-26 November 2011	ESIA Department
