

Strengthening the Rule of Law and Administration of Justice in Liberia

Project Document

2009-2011

COVER PAGE

Country: Liberia

UNDAF Outcome(s)/Indicator(s): Outcome 1: National and local authorities increasingly have the capacity to provide security, manage conflict and prevent violence

Outcome 3: Democratic, accountable and transparent governance is advanced in a participatory and inclusive manner and in accordance with human rights standards.

Expected Outcome(s)/Indicator (s): The overall objective of the project is to advance human development by strengthening national and local capacities in the Rule of Law.

UNDP Strategic Plan Outcome 6: Post-conflict governance capacity in the justice and security sector strengthened, including measures to work towards prevention of resumption of conflict.

UNDP Strategic Plan Outcome 8: Post-crisis community security and social cohesion at local level restored

Expected Output(s):

Output 1: Strengthen the national judicial system for delivering effective and timely justice services to the Liberian people

Output 2: Increased access to justice and the rule of law for all in Liberia, especially for women

Output 3: Enhance capacities for legal and community actors for providing quality justice services for the people

Output 4: Enhance the capacities of national human rights institutions and support transitional justice
