

Country: Sri Lanka
Project Document

Project Title Support to Early Recovery Planning, Coordination and Capacity Building

UNDAF Outcome(s): By 2012 the people of Sri Lanka live in an improved environment for a sustainable peace anchored in social justice and reconciliation, as envisaged in the Millennium Declaration

Expected CP Outcome(s): Increased equity in socio-economic opportunities and services for conflict affected communities and IDPs

Expected Output(s):

Implementing Partner: UNDP

Responsible Parties: UNDP

Brief Description

This project will support UNDP's role and impact in ER coordination in a number of ways. UNDP will lead the formulation of a ER plan for the Eastern Province and once developed, take the lead in operationalizing the plan/strategy and monitoring its implementation. The project will also improve and scale-up its national and local coordination efforts. as co-convenor of the Early Recovery Cluster Group and through the effective functioning of district-level coordination structures in the East and North. The project will also support capacity-development activities on ER for the different tiers of UNDP staff, partners and IASC members, including the sharing of best practices and lessons learned in facilitating transition processes from the humanitarian to recovery phase.
