LITHUANIA

Note to file

This is to note that RC project (ATLAS No. 00043125) for UN coordination activities was discontinued in 2010, since the Resident Coordinator System (RCS) funding phased out for Lithuania. In 2011 the project budget received VAT return for expenditures in 2010 and these funds were spent for MDGs advocacy purposes (support to organization of the National Responsible Business Award 2010 and Annual Global Compact conference in Lithuania. Total amount - 1,461 USD).
