QUARTERLY PROGRESS REPORT Q2 2020 (APR-JUN 2020)

PROJECT TITLE: Enhancing Disaster and Climate Resilience in the Republic of Marshall Islands through improved Disaster Preparedness and Infrastructure

PROJECT NUMBER: 00115304

Applicable Output(s) from the SRPD (2018-2022):

- Outcome 1 of the UN Pacific Strategy 2018 2022: By 2022, people and ecosystems in the Pacific are more resilient to the impacts of climate change, climate variability and disasters; and environmental protection is strengthened.
- Indicative Output(s) with gender marker2: Output 3.2. Preparedness systems in place to effectively address the consequences of and response to natural hazards (geo-physical and climate related) and man-made crisis at all levels of government and community.

Gender Marker: GEN2 (Gender equality as a significant objective)

ATLAS Output ID: 00115304

PIMs ID Number: N/A

Implementing Partners: UNDP (Direct Implementation Modality)

PART 1: DESCRIBE THE KEY ACTIVITY RESULTS ACHIEVED IN THIS QUARTER:

- Evaluation of the tender for A&E design of EOCs in Majuro and Ebeye was completed in June 2020, awaiting for the UNDP internal approval (Activity 2.1 and 2.2).
- LOA for installing wave rider was concluded with the NWSO and the first tranche was transferred (Activity 1.2).
- The project continues following up with the University of Hawaii and National Weather Service Office (NWSO) to finalize the LOA to procure chatty beetles (Activity 1.1).

RESULTS RESOURCE FRAMEWORK QUARTETLY PROGRESS (**In some projects, Outputs in Project Documents are equivalent to Activity Results level in ATLAS)

EXPECTED ATLAS ACTIVITY RESULTS	ACTIVITY RESULTS INDICATORS	BASELINE	ANNUAL TARGETS	OUTPUTS INDICATORS RESULTS	EVIDENCE (SOURCE, LINK)
Output 1 Strengthened gender sensitive disaster communication	1.1 # of islands with upgraded (i.e. redundancy, marine grade, energy efficient, gender sensitive) climate and tsunami early warning system installed and operational	0	9	1.1: 0 [LOA for installing wave rider was concluded, the first tranche was transferred.]	
and climate and inundation monitoring Systems GEN 2	1.2 # of men and women with access to early warning information through the upgraded gender sensitive disaster communications,	0	54,705 Projection 2019 (from Census 2011)	1.2 : 0	

	climate and tsunami early warning systems				
Output 2 Enhanced national and state disaster responders readiness capacity and	2.1 Scale (%) of upgrading of the National Emergency Operational Centre with appropriate infrastructure and equipment to facilitate information management and effective coordination	0	35%	2.1: 5% [Evaluation of the tender for A&E design of NEOC and Pohnpei EOC was completed in June 2020, awaiting for	- Tender document
better resourced to minimise loss of lives and damages GEN 2	2.2 # staff and members of the Emergency Operational Centre and Disaster Management Team have improved their capacities in information management and coordination (equipment and gender sensitive guidelines)	0	0 (to be planned in 2021)	the UNDP internal approval.] 2.2: 0 [planned for 2021]	

PART 2: PLANNED ACTIVITES FOR NEXT QUARTER

Activity 1.1: Install chatty beetles

- Conclude the agreement between the UNDP and NWSO for the procurement of chatty beetles.

Activity 1.2: Provide wave riders

- Conclude the agreement between the NWSO and the University of Hawaii.
- Initiate the procurement of wave rider buoys.

Activity 2.1 and 2.2: Construction of EOCs in Majuro and Ebeye

- Conclude the contract for the A&E design for EOCs in Majuro and Ebeye.
- Conclude the LOA with MoWIU for supervision of design and construction works.
- Initiate the design work.
- Initiate the ex-ante review of the procurement of construction works for EOCs in Majuro and Ebeye.

PART 4: RISK and ASSUMPTIONS

Update the *Risk Log* on this section.

Risk	Mitigation Action	Timeframe	Mitigation Action Progress
Construction of GOB/EOC/Warehouse will be delayed due to local hurdles in acquiring permits and approvals	Strong existing and new partnerships with organisations that are on the ground and have the experience and connections	Whole project duration	The land tenure issue was resolved both for Majuro and Ebey in January 2020. The board agreed that the current plan for Ebeye EOC would be implemented without change to minimize the possibility of further delays.
Funds to support the construction of one GOB/EOC in Ebeye are insufficient	Additional funds to be sought to complete the construction of the GOB/EOC facility	Whole project duration	The board agreed to shift the funds from output 1 in November 2020.
Natural Disasters in the North Pacific	Preparedness activities will need to be activated and cease project implementation in the event of warnings issues by the National Disaster Management Office (NDMO). The intention is to avoid loss of life, damage to project assets and residual unforeseen circumstances.	Whole project duration	Project continues monitoring the situation.
Engagement and coordination within RMI and Development Partners	Consultation space need to be very open, frank and accommodative being mindful of the parameters of the funding modality, contingencies and allow room for flexibility.	Whole project duration	The project shares monthly progress and communicate with the counterparts and development partners.
Availability of Equipment from Suppliers and procurement delays	Mapping of preferred supplies and/or existing suppliers and internal arrangements can still be made based on best practises consistent with UNDP Procurement guidelines.	Whole project duration	The procurement officer conducts market research and provide the list of potential suppliers.
Staff Turnover	Need to ensure at least three or four personnel from the relevant government line Ministries are part of the project design, conceptualisation	Whole project duration	Need to ensure at least three or four personnel from the relevant government line Ministries are part of the project design,

	and implementation for ownership and sustainability purposes.		conceptualisation and implementation for ownership and sustainability purposes.
Logistics challenges (e.g. disease epidemic, land tenure issues)	Preparedness on preventive/containment measures and consultation with key stakeholders	Whole project duration	Please see the last risk related to COVID-19.
Inadequate early warnings system do not reach the potential affected communities	Integration of the equipment to be provided into the efforts of the communication cluster and other entities with presence at community level (e.g. Min. Education and Health, WUTMI, Red Cross)	Whole project duration	The project also coordinate with other partners (such as WB or WFP).
Population affected by human rights violations and environmental degradation	Proper training of all partners and contractors	Whole project duration	Project continues monitoring the situation.
NEW RISK added in Feb 2020] Ongoing Covid-19 pandemic creates huge risk on travel, trade and supply of goods and services which affects project implementation.	UNDP will intensify monitoring of ongoing activities, maximize use of virtual meetings and increase coordination with suppliers and potential bidders.	From February 2020	[Updated in June 2020] Considering the travel restriction currently imposed, the project is planning to implement the design work remotely without having the missions by the consulting firm to be appointed in order to expedite the implementation.

Activities (to be) affected by the COVID-19

Activity	Challenges caused (will be caused) by COVID-19
Chatty Beetles/Waverider (Activity 1.1 and 1.2)	 NWSO and UH are fully engaged to COVID19 response which caused further delay of implementation. Procurement, delivery, and installation may be delayed further due to the limited supply-chain and travel restrictions.
Construction of EOCs in Majuro and Ebeye (Activity 2.1 and 2.2)	
	 We may experience less interest for potential companies to participate in the tender. Construction work may be delayed further due to the limited supply-chain and travel restrictions. Supervision: An engineer (international) who will be hired by MoWIU may be
UNDP RMI team composition	delayed due to the travel restrictions.

 Recruitment of a new p restrictions. 	person may be further delayed due to the travel
--	---

PART 5: KNOWLEDGE MANAGEMENT AND COMMUNICATION

No publication during Q2 2020.

PART 6: KEY LESSONS LEARNT AND CHALLENGES

- All meetings during the project planning phase should be minuted and the minutes of meeting shared with all stakeholders to confirm the agreements on project activities to avoid changes later.
- The Project timeframe should be decided with due consideration to the constraints in the country of implementation.
- All the project costs should be accurately budget in the AWP.

PART 7: SUSTAINABILITY AND SCALING UP

N/A

PART 8: QUARTERLY FINANCIAL REPORT

	2019 (USD)	2020 (USD)	Total (USD)
EXPENDITURE O1- StrengthenedDisaster Communication & Climate & Tsunami Monitoring Systems	46,162	9,053	55,215
O2- Enhanced Nationa Disaster Responders readiness capacity & better resourced to minimise loss of lives and damages	90,905	48,112	139,017
Total Program Expenditure	137,068	57,165	194,233

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, UNDP Headquarters (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact UNDP Headquarters:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows: To contact us by email send messages to: olivier.simah@undp.org

To advise UNDP Headquarters of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at olivier.simah@undp.org and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from UNDP Headquarters

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to olivier.simah@undp.org and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with UNDP Headquarters

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to olivier.simah@undp.org and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <u>https://support.docusign.com/guides/signer-guide-signing-system-requirements</u>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify UNDP Headquarters as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by UNDP Headquarters during the course of your relationship with UNDP Headquarters.
