Dear Ms. Sahakyan,

I would like to inform you that in the second Amendment of the Agreement between the Embassy of Switzerland in Macedonia / SDC and UNDP for the project Creating Job Opportunities for All, No.7F-09193.01, there is a technical error in the currency. Namely, the currency used in the second Amendment is CHF, instead of USD, as stated in the original Agreement.

We would like to confirm that the final tranche of the agreement in the amount of USD 30'000 will be transferred to UNDP after the submission of the final report, as stipulated in the contract. Kindly confirm through exchange of letters the acknowledgment of the change of the contract's currency.

We look forward to continuing our partnership in the frame of the Creating Job Opportunities for All project.

Sincerely yours,

Sybille Suter Tejada  
Ambassador
