EXECUTIVE SUMMARY

BDO LLP entered into a long-term agreement (ref. BRB10-0000014861) with the United Nations Development Programme (hereafter UNDP) on 6 March 2020 to carry out audits of UNDP Implementing Partners. The Implementing Partner Organisation Pour la Mise en Valeur du Fleuve Sénégal (OMVS) was selected for audit as part of UNDP's 2020 audit plan. The period subject to audit was to 1 January to 31 December 2019.

We have issued audit opinions as summarised in the table below and as detailed in the next section:

Statement of Expenses	Unmodified
Statement of Assets and Equipment	Unmodified
Statement of Cash Position	Unmodified

The audit findings are summarised in the table below:

THE AUDIT ENGAGEMENT

Audit Objectives and Scope

The first purpose of the audit was a financial audit to express an opinion on the Implementing Partner financial statements that includes:

- whether the statement of expenses presents fairly the expenses incurred by the audited Implementing Partner from 1 January to 31 December 2019 were in accordance with UNDP accounting policies and that the expenses incurred were: (i) in conformity with the approved budget; (ii) for the approved purposes of the Implementing Partner agreement; (iii) in compliance with the relevant regulations and rules, policies and procedures of the IP or UNDP; and (iv) supported by properly approved vouchers and other supporting documents;
- whether the result of the prior year's audit resulting in a modified audit opinion on the UNDP CDR had conclusive actions to properly address an audit qualification and the related net financial misstatement;
- whether the statement of assets and equipment presents fairly the balance of inventory of the Implementing Partner as at 31 December 2019; and
- whether the statement of cash position held by the audited Implementing Partner presents fairly the cash and bank balance of the Implementing Partner as at 31 December 2019.

The second purpose of the audit was to express an opinion on the Implementing Partner's internal controls and systems in order to assess:

- the reliability and integrity of Implementing Partner financial and operational information;
- the effectiveness and efficiency of Implementing Partner operations in carrying out its activities;
- the safeguarding of assets procured with UNDP funds; and
- compliance with applicable laws, regulations and rules, policies and procedures, as well as the Implementing Partner agreements.

Our assessment of the internal control system covered the following areas as applicable:

Implementing Partner activities' progress

- Review of the annual and work plans, financial reports, and requests for direct payments. Assessment of the foregoing in terms of their timeliness and their compliance with the Implementing Partner agreement, including the work plan and budget, and the UNDP Programme Operations Policies and Procedures (POPP) on Results Management.
- Review of the quarterly and annual programmatic reports and assessment of them in terms of compliance with UNDP guidelines and whether the Implementing Partner met its responsibilities for monitoring described in the Implementing Partner agreement, including the work plan and budget.
- Review of whether the Implementing Partner had followed the decisions and/or recommendations of the above activities.
- Review of the pace of Implementing Partner activities progress and of the causes for any delays.

Human resources

Review of the existence of and adherence to human resources policies and procedures manuals. Review of the process for recruiting Implementing Partner personnel and consultants and assessment of whether it was transparent and competitive. Assessment of the effectiveness of the recruitment and hiring of personnel and contract administration, performance appraisal, attendance control, calculation of salaries and entitlements, calculation and distribution of performance-related payroll incentives, payroll preparation and payment, and management of personnel records. In the case of payment of performance-related financial incentives, verification of the way he incentives were distributed.

Finance

Review of the existence of and adherence to financial policies and procedures manuals. Review of the Implementing Partner's accounting records and assessment of their adequacy for maintaining accurate and complete records of receipts and disbursements of cash and for supporting the preparation of the quarterly financial report, and review of the records of requests for direct payments and ensuring that they were signed by authorised Implementing Partner officials. Review of the adequacy of the accounting and financial operations and reporting systems including budget control, cash management, certification and approving authority, receipt of funds, commitment of expenses against approved budget and disbursement of funds, recording of all financial transactions in expenses reports, records maintenance and control, cash advances to field offices, Implementing Partner's staff etc.

Cash management

Review of cash funds held by the Implementing Partner (including bank accounts) and procedures for safeguarding of cash including cash held as advances or imprest in any sub-office or field office. Review of petty cash transactions.

Procurement

Review of the process for procurement/contracting activities of the Implementing Partner and assessment of whether it was transparent, competitive and effective. Assessment of whether the equipment and services purchased met the requirements of the Implementing Partner agreement including:

- As applicable, delegations of authorities, procurement thresholds, calls for bids and proposals, evaluation of bids and proposals and approval/signature of contracts and purchase orders.
- Management of obligations, receiving and inspection procedures to determine the conformity of equipment with the agreed specifications and, when applicable, the use of independent experts to inspect the delivery of highly technical and expensive equipment.
- Monitoring of the performance of the contractors.
- Evaluation of the procedures established to mitigate the risk of purchasing equipment that did not meet specifications or if later proven to be defective.

• Management and control over variation orders.

Asset & inventory management

Review of whether there is a system of adequate safeguards to protect assets from fraud, waste and abuse; whether subsidiary records of fixed assets and inventory are kept up to date and reconciled with control accounts; whether there are periodic physical verification and/or count of fixed assets and inventory; and whether fixed assets and inventory are adequately covered by insurance policies.

Information systems

Assessment of the efficiency and security of the information systems established and maintained for grant funds and their adequacy to meet the management and reporting requirements of the project. Assessment of whether segregation of duties, as described in the management manual, is respected in the access to approvals in the financial information systems.

General administration

Review of operations not specifically covered above and for which expenses were charged to the project, covering areas such as travel by Implementing Partner personnel, use and maintenance of project vehicles, lease and maintenance of office premises.

Follow-up on previous audit

To the extent feasible, assessment of the status of implementation of the audit recommendations from the previous year's audit of the IP.

AUDIT OPINIONS

Independent Auditor's Report to the UNDP Resident Representative

Statement of Expenses

Unmodified Opinion

We have audited the expenses recorded in Atlas as set out in the attached Statement of Expenses ('the Statement') totalling USD 444,304.84 for Organisation pour la Mise en Valeur du Fleuve Sénégal ('the Implementing Partner') representing the expenses reported under Atlas Project number 00101034 and Atlas Output number 0097214 for the period from 1 January to 31 December 2019. This Statement reflects all disbursements listed in the quarterly financial reports submitted by the Implementing Partner, all direct payments processed by UNDP at the request of the Implementing Partner and reimbursements to the Implementing Partner. In total these amounts represent the actual expenses incurred by the Implementing Partner agreement 'the Project document' signed on 11 September 2017 between UNDP and the Implementing Partner, and associated Annual Work Plans.

The Statement forms part of the Combined Delivery Report for Atlas Project 00101034 and Atlas Output 0097214. The Combined Delivery Report includes expenses outside of our audit scope, as shown by the reconciliation in Annex 3.

Unmodified opinion

In our opinion, the attached Statement presents fairly, in all material respects, the expenses of US\$ 444,304.84 incurred by the Implementing Partner under the IP agreement for the period 1 January to 31 December 2019 in accordance with agreed upon accounting requirements. The expenses incurred were i) in conformity with the approved budget; (ii) for the approved purposes of the IP agreement; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those provisions and standards are further described in the 'Auditor's responsibilities for the audit of the Statement of Expenses' section of this report.

We are independent of UNDP and the Implementing Partner in accordance with the IESBA Code of Ethics for Professional Accountants. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw your attention to the audit findings set out in the Management Letter section of our report which identify financial findings, internal control weaknesses and areas of non-compliance with the IP agreement which we came across during the conduct of our financial audit of project expenditure and audit of the Implementing Partner's internal control and systems, and makes recommendations to address them. Our opinion is not modified in respect of these findings.

Responsibilities of the Implementing Partner for the Statement of Expenses

The management of the Implementing Partner is responsible for the preparation of the Statement and other financial records for the Implementing Partner's activities in accordance with the IP agreement and for such internal control as management determines is necessary to enable the preparation of the Statement to be free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the Statement of Expenses

Our objectives are to obtain reasonable assurance about whether the Statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Implementing Partner's internal control.

We communicate with the management of the Implementing Partner regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Martin Daniel Partner

Independent Auditor's Report to the UNDP Resident Representative

Statement of Assets and Equipment

Unmodified Opinion

We have audited the accompanying Statement of Assets and Equipment ('the Statement') of Organisation pour la Mise en Valeur du Fleuve Sénégal (OMVS) ('the Implementing Partner'), engaged by UNDP under the agreement dated 11 September 2017 ('the IP agreement'), representing the balance of inventory held under Atlas Project number 00101034 and Atlas Output number 0097214 as at 31 December 2019. This Statement includes all assets and equipment available at 31 December 2019 and not only those purchased between 1 January and 31 December 2019.

Unmodified opinion

In our opinion, the attached Statement presents fairly, in all material respects, the balance of inventory of the Implementing Partner under the IP agreement amounting to US\$ 23,656.24 as at 31 December 2019 in accordance with agreed upon accounting requirements.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those provisions and standards are further described in the 'Auditor's responsibilities for the audit of the Statement of Assets' section of this report.

We are independent of UNDP and the Implementing Partner in accordance with the IESBA Code of Ethics for Professional Accountants. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Implementing Partner for the Statement of Assets

The management of the Implementing Partner is responsible for the preparation of the Statement and other financial records for the Implementing Partner's activities in accordance with the IP agreement and for such internal control as management determines is necessary to enable the preparation of the Statement to be free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the Statement of Assets

Our objectives are to obtain reasonable assurance about whether the Statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Implementing Partner's internal control.

We communicate with the management of the Implementing Partner regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report to the UNDP Resident Representative

Statement of Cash Position

Unmodified Opinion

We have audited the attached Statement of Cash Position ('the Statement') of Organisation pour la Mise en Valeur du Fleuve Sénégal (OMVS) ('the Implementing Partner') engaged by UNDP under the agreement dated 11 september 2017 ('the IP agreement') representing the cash and bank balance of the Implementing Partner held under Atlas Project number 00101034 and Atlas Output number 0097214 as at 31 December 2019.

Unmodified opinion

In our opinion, the attached Statement presents fairly, in all material respects, the cash and bank balance of the Implementing Partner under the IP agreement amounting to US\$, 22,054.63 as at 31 December 2019 in accordance with agreed upon accounting requirements.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those provisions and standards are further described in the 'Auditor's responsibilities for the audit of the Statement of Cash' section of this report.

We are independent of UNDP and the Implementing Partner in accordance with the IESBA Code of Ethics for Professional Accountants. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Implementing Partner for the Statement of Cash

The management of the Implementing Partner is responsible for the preparation of the Statement and other financial records for the Implementing Partner's activities in accordance with the IP agreement and for such internal control as management determines is necessary to enable the preparation of the Statement to be free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the Statement of Cash

Our objectives are to obtain reasonable assurance about whether the Statement is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Implementing Partner's internal control.

We communicate with the management of the Implementing Partner regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Martin Daniel Partner

For and on behalf of BDO LLP 55 Baker Street London W1U 7EU

07 August 2020

Impact of prior year audits resulting in modified opinions

We noted that the Implementing Partner was not subject to an audit of its activities in the prior year.

MANAGEMENT LETTER

The following are addressed in our management letter in the sections below:

- Review of Implementing Partner project implementation progress;
- Assessment of the Implementing Partner's internal control system;
- Assessment of each audit area;
- Findings in relation to the financial audit; and
- Observations and recommendations on an audit area basis.

Review of Implementing Partner project implementation progress

Our audits involved an assessment of the Implementing Partner's progress and timeliness in relation to targets, deliverables and planned completion dates in relation to the IP agreement, work plan and budget and principles of economy and efficiency.

Project implementation on schedule

Based on our audit work carried out at Organisation pour la Mise en Valeur du Fleuve Sénégal (OMVS), the Implementing Partner appears to be implementing planned activities on a timely basis in accordance with the applicable IP agreement, work plan and budget in an efficient and well-managed manner.

Assessment of the Implementing Partner's internal control system

Our audits involved an assessment of the Implementing Partner's internal control system with equal emphasis on the:

- Effectiveness of the system in providing Implementing Partner management with useful and timely information for the proper management of its activities; and
- The general effectiveness of the internal control system in protecting the assets and resources funded through the grant.

Implementing Partner's internal control system assessed as strong

Based on our audit work carried out at Organisation pour la Mise en Valeur du Fleuve Sénégal (OMVS), the Implementing Partner's internal control system is effective in providing Implementing Partner management with useful and timely information for the proper management of its activities and in protecting the assets and resources funded through the grant.

Organization and Staffing

The Project is implemented through a Project Management Unit located within OMVS. This unit includes a project manager, an administrative and financial officer, a communications and knowledge management expert and a project assistant. All of them are working full time on the project.

This Project Management Unit works with the OMVS' team for the implementation of the project activities.

Overall rating: Satisfactory

IP Activities Management

The Project Manager monitors the project implementation. He is assisted by the other members of the Project Management Unit. Before implementation, all project activities require prior authorization of the Director of Environment and Sustainable Development of OMVS.

OMVS acts as the permanent secretariat of African Network of Basin Organizations (ANBO) and the Director mentioned above is the focal point.

Overall rating: Satisfactory

Review of Project Progress

Project management meetings are held by the Project Management Unit team on a weekly basis in order to review the activities' implementation and progress. The Management Unit also documents the activities that have been planned and those that have been implemented in the quarterly progress reports, which are submitted to UNDP.

A committee was also set up at OMVS to monitor the project. Their meetings are held as needed. There is no defined periodicity.

Overall rating: Satisfactory

Human Resources

Human resources management is carried out by the OMVS Administration and General Resources Department. Recruitment practices are in line with generally accepted principles of transparency and competition.

The High Commissioner authorises the recruitment for a particular vacancy prior to publishing the recruitment notice by the Procurement Unit. Once applications are received, candidates with relevant profiles are shortlisted by the committee set up by the procurement unit. At the end of this process, a committee is set up to select a candidate in accordance with pre-defined criteria and it prepares an evaluation report where candidates are ranked in accordance with the number of points obtained.

This evaluation report is then transmitted to the High Commissioner for approval. Negotiations are then held with the proposed candidate and, if successful, a personnel file is created.

Recruitment of the project team staff was carried out by OMVS. Their salaries are paid from project funds. They have fixed-term contracts signed by the High Commissioner.

Overall rating: Satisfactory

Finance

There is a Finance Department at OMVS. Project finances are managed by the Administration and Finance Officer with the support of the OMVS Finance Department which is involved in checking and validation of supporting documents before payment.

Project expenditure must first be authorized by the Director of the Environment and Sustainable Development Directorate, then by the High Commissioner; verified by the Chief of the Investments and External Financing Division, the chief of accounting and budget division, the financial director and approved by the internal auditor.

The financial transactions of the Project are recorded on Excel with clear audit trail between the financial report to the underlying supporting documents.

itle: Inadequate accounting system
i

Observation:

The partner does not have an accounting system which allows for effective recording of project related financial transactions. All financial records are maintained on Microsoft Excel spreadsheets.

Although Excel provides basic functionality and, if properly used, can be adequate for smaller projects, it carries a number of risks. This is because there is a greater likelihood of input errors, and of these errors being undetected due to the lack of inbuilt controls.

Priority: Low

Recommendation:

The partner should introduce accounting software which allows for accurate recording of financial transactions from UNDP. This should include the ability to allocate expenditure by donor, project, type and budget line and / or activity. The accounting system must be capable of providing an audit trail which links the costs declared in financial reports to donors with the individual transactions in its accounting system.

OMVS comments:

The acquisition of the accounting software was delayed by the situation caused by the Covid19, as the supplier and OMVS, like most enterprises in the world slowed down their activities dramatically. However, steps have been taken to acquire this software including request for quotation, and approval of the purchase by the head of OMVS. Therefore, a purchase order is currently in process for signature for the purchase of this software.

Overall rating: Partially Satisfactory

Cash Management

The project has dedicated bank accounts for project funding and expenditure: one in US dollars and another in XOF. Dual signatory arrangements exist on bank accounts. Signatories are suitable senior (members of the project management unit are not signatories on cheques). The Project administrative and financial officer is responsible for reconciling the bank account. Bank reconciliations are performed on monthly basis. They are reviewed by the Chief of the Investments and External Financing Division and the chief of accounting and budget division and approved by the financial Director.

The Project has no petty cash.

Overall rating: Satisfactory

Procurement

Procurement procedures are documented in OMVS' procedures manual. The departments involved in procurement at OMVS are the Department of Administration and General resources and the procurement unit of OMVS.

Purchases made under the Project do not require a complete tendering process. According to the manual of procedures, a contract is awarded for the purchase of supplies, services or works amounting to 10,000,000 XOF. Below this amount, requests for information and prices and the comparison of three quotes are made.

For those purchases where the amount required competitive bidding, three quotes were obtained from suppliers and the most responsive bid selected.

Overall rating: Satisfactory

Asset & Inventory Management

Assets are purchased through the normal procurement process and are managed by the Project administrative and financial officer. They are given a unique tag number and recorded in an Excel document with information such as date of purchase, the unit, the serial number, the supplier, the cost, the location, etc.

Assets consist mainly of office equipment and furniture. They are tagged and are protected by the security access requirements. The inventory of assets is carried out annually.

Overall rating: Satisfactory

Information Systems

The Project Management Unit does not have an information system. Excel is used for accounting purposes.

Overall rating: N/A

General Administration

General and administrative expenses incurred are travel, per diem. Sufficient authorization is obtained before travelling to take part in the activities (prior approval of the travel request made, need to have a mission order).

Per diems are paid before the trip. The rates used in the project are those of UNDP. A mission report is required after participation in an activity.

Overall rating: Satisfactory

Follow up on Previous Audit

We noted that the Implementing Partner was not subject to an audit of its activities in the prior year.

Overall rating: N/A

Annex 6: Audit area ratings

Rating	Definition
Satisfactory	Internal controls and risk management practices were adequately established and functioning well. No high risk areas were identified. Overall, the IP's objectives are likely to be achieved.
Partially satisfactory	Internal controls and risk management practices were generally established and functioning, but needed improvement. One or more high and medium risk areas were identified that may impact on the achievement of the IP's objectives
Unsatisfactory	Internal controls and risk management practices were either not established or not functioning well. The majority of issues identified were high risk. Hence, the overall IP objectives are not likely to be achieved.

Annex 7: Audit finding priority ratings

Priority	Definition
High	Prompt action is required to ensure that UNDP is not exposed to high risks, i.e. failure to take action could result in major negative consequences and issues.
Medium	Action is required to ensure that UNDP is not exposed to risks that are considered moderate. Failure to take action could contribute to negative consequences for UNDP.
Low	Action is desirable and should result in enhanced control or better value for money.
