1. Audit Objectives and Scope

1.1 *The Engagement Context*

Moore Stephens LLP entered into a contract with UNDP on 17 March 2014 for the audit of the Project: 'Deepening Democracy in Nigeria' (UNDP Award ID 00056855 and Project No. 00069949), which is directly implemented (DIM) by UNDP Nigeria. The period subject to audit was 1 January 2012 to 31 December 2013.

1.2 *Audit objectives and scope*

The purpose of the audit was to express an opinion on whether:

- the Combined Delivery Report for the period from 1 January 2012 to 31 December 2013 presents fairly, in all material respects, expenditures incurred on the project and whether these expenditures were incurred: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents;
- the Statement of Assets as at 31 December 2013 presents fairly, in all material respects, the balance of inventory of the project.
- No opinion has been expressed on the Statement of Cash, because no dedicated bank account for the DIM project has been established. The cash transactions of the audited DIM project were made through the country office bank account, thus an opinion on the Statement of Cash is not required.

Our Terms of Reference also included an overall assessment of the operational and internal control systems that are in place for the management of the Project so that the related transactions are processed in accordance with UNDP policies and procedures for the achievement of the project objectives. Our assessment of the internal control system covered the following areas as applicable:

Organisation & Staffing

Assess the overall project structure for effective work flows and management arrangements, including assignment of authority, accountability and responsibility to staff.

Internal Controls

Carry out an assessment of internal controls including the different levels of delegated authority for different operational functions and distribution of project management responsibilities to achieve project goals while ensuring appropriate segregation of duties in general so as to minimise risks.

Programme and Project Management

Assess the management aspects in terms of approval of the project, financial management of project funds, and monitoring of implementation towards achievement of project objectives. This includes reporting to the, Steering Committee, Project Board and/or Donors.

Human Resources

Assess competitiveness and transparency of the recruitment process; and effectiveness of the management of project personnel, including contract administration, performance evaluation and payment of salaries and allowances.

Finance

Assess the compliance with UNDP policies with respect to the safe custody and adequate management of cash, commitment of expenditures against approved budget, disbursement or payments against liabilities and cash advances to field offices, project staff, etc.

Procurement

Assess whether goods, services and civil works for the project are procured competitively and in a transparent manner in accordance with UNDP policies and procedures. This includes management of obligations and appropriate assessment of goods or services delivered and monitoring performance of the contractors, before payment.

Assets Management

Assess whether project assets are adequately recorded, safeguarded, monitored, including periodic physical verification of their use and existence.

Cash Management

Review the safeguarding of all cash (including bank accounts) held separately for the purposes of the project either in the UNDP country office or at the project field offices, including cash held as advances or imprest in any sub-office or field office.

Information Systems

Assess the efficiency and security of the information systems established and maintained from project funds and their adequacy to meet the management and reporting requirements of the projects.

General Administration

These include areas of operations not specifically covered above and for which expenses are charged to the project covering such areas as: travel of project staff, use and maintenance of project vehicles, lease and maintenance of office premises.

Follow up on previous audits

To the extent feasible, assess the status of implementation of the previous audits' recommendations done within the last three years.

2. Audit opinions

Mr Daouda Toure
UNDP Resident Representative
UNDP Nigeria
19 TY Danjuma Street,
Asokoro,
Abuja,

2.1 *Certification of Statement of Expenditure/ Combined Delivery Report (CDR)*

We have audited the expenditure as set out in the attached UNDP Statement of Expenditure, also known as the Combined Delivery Report ('the CDR' – see Annex 1), for the project 'Democratic Governance for Development' (UNDP Award ID. 00056855 and Project No. 00069949) for the period from 1 January 2012 to 31 December 2013.

Respective responsibilities of the UNDP Country Office and Auditors

The CDR is the responsibility of the UNDP Country Office. Our responsibility is to express an opinion on the CDR based on our audit.

Our audit was carried out in accordance with International Standards on Auditing insofar as these standards can be usefully applied in this financial audit and its specific compliance context. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the CDR is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the CDR. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the CDR.

Scope of the Audit

The scope of our audit was as set out in our Terms of Reference and included obtaining evidence for the amounts and disclosures in the CDR sufficient to express an opinion as to the overall financial position of the project within the scope of our audit. We have taken into account all the available evidence presented to us during our fieldwork which concluded on 4 April 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Unqualified Opinion

In our opinion, the attached Combined Delivery Report (CDR) total of \$18,321,555.39 (FY2012 \$9,582,886.64 and FY2013 \$8,738,668.75) and Funds Utilisation Statement, representing the expenditure within the scope of our audit, presents fairly in all material respects the expenditure incurred by the project for the period 1 January 2012 to 31 December 2013 in accordance with UNDP accounting requirements. The expenditures incurred were (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

2.2 *Certification of Statement of Assets*

We have audited the accompanying Statement of Assets for the project 'Democratic Governance for Development' (UNDP Award ID. 00056855 and Project No. 00069949) for the period from 1 January 2012 to 31 December 2013 (see Annex 2).

Respective responsibilities of the UNDP Country Office and Auditors

The statement is the responsibility of the management of the project. Our responsibility is to express an opinion on the statement based on our audit.

Our audit was carried out in accordance with International Standards on Auditing in so far as these standards can be usefully applied in this financial audit and its specific compliance context. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement.

Scope of the Audit

The scope of our audit was as set out in our Terms of Reference and included obtaining evidence for the amounts and disclosures in the statement sufficient to express an opinion on it.

We have taken into account all the available evidence presented to us during our fieldwork which concluded on 4 April 2014 and the subsequent comments and information provided by the UNDP Country Office up to 4 April 2014. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Unqualified Opinion

In our opinion, the Statement of Assets presents fairly in all material respects, the inventory balance of the project amounting to \$388,590.98 as at 31 December 2013 in accordance with UNDP accounting requirements.

3. Management Letter

3.1 Purpose of the Management Letter

As set out in our Terms of Reference, a Management Letter was to be prepared and attached to the Audit Report in order to bring to the attention of UNDP our observations arising as a result of our financial audit regarding areas of improvement in the overall operational and control systems of the DIM project.

Section 3.2 'Executive Summary' lists the overall ratings of each audit area and summarises the findings which came to our attention during the financial audit of the project 'Democratic Governance for Development' for the period from 1 January 2012 to 31 December 2013.

We report our observations and recommendations on an audit area basis and these are detailed in section 3.3 'Audit Findings'.

3.3 Audit Findings

3.3.1.1 Asset Management

Overall rating: Satisfactory

Finding no:1	Title: Wrong classification of expenditure.
--------------	---

Observation: An operating expense of \$ 3,582 relating to the connection of the project office to the internet by the internet service provider was wrongly classified as an asset. This was the result of inaccurate profiling.

This error had already been identified by the Country Office. Correspondence relating to the resolution of this issue was sighted during the audit. However , as at the date of this report the amount has not been corrected for within the Atlas System asset listing. Accordingly, until the amount is corrected we therefore report this issue.

Cause: Human error

Risk: Operational risk

Priority: Medium

Recommendation: We recommend that in future there must be adequate training and supervision of personnel involved in the uploading of transactions onto the software. In particular, when transactions are uploaded they should be allocated to the correct cost classification code. We further recommend that the expense of \$ 3,582 is deducted from the asset totals (Statement of Assets) within the Atlas System, which will lead to this finding being removed from our report.

Management comments: The UNDP/DGD Office has been working closely with Global Shared Service Centre (GSSC) to correct the wrongly classified expenses. The Document Management System (DMS) through which corrective actions for wrong profiling, COA, basic add, adjustments, are done was closed for 2013 Year End certification. It has now been opened and the Country Office will work together with GSSC to resolve the matter. It is expected that the correction will be completed by 31st July 2014 when the 2014 Mid Year certification is completed. The Country Office agree with Auditor's recommendation that the wrongly classified expenses will be deducted from the assets.

Responsible managers: 1) Dr Mourtada Deme, DGD Project Director and 2) Dr Pa Lamin Beyai, UNDP Country Director

Expected completion date: July 31st, 2014

Auditors' response: None.

3.3.1.2 General Administration (GMS Charge)

Overall rating: Partially satisfactory

Finding no:2	Title: Over/undercharge of General Management Services.		
--------------	---	--	--

Observation: The General Management Services charge should have been based on a 7% of direct costs fee. This was specified in the agreements signed with the donors. However, as tabled below for the various funds 30000, 30079 and 30071 differing amounts were recorded in the Combined Delivery Reports for 2012 and 2013. The same issue was raised in the previous audit report for the FY2011 and an accounting journal was raised to correct the General Management Services figures.

Details of how we have calculated the tabled figures below are set out in Annex 3.

Year	Fund 30000	Fund 30079	Fund 30071
2012	\$ 1,699.66 overcharge	\$ 24,358.29 undercharge	
2013	\$ 84,258.37 undercharge	\$ 2,215.84 undercharge	\$ 146.90 overcharge

Cause: Inadequate oversight by the country office

Risk: Operational risk

Priority: Medium

Recommendation: We recommend that in future the General Management Services charge is calculated in accordance with the agreements with the donors.

Management comments: The General Management Services (GMS) fee are posted on quarterly basis on "Earn As You Spend" principle. The GMS posting is an automated procedure run and controlled centrally at HQ level. The under/over GMS recovery noted during the financial year has been brought to the attention of HQ for verification and adjustment as appropriate. The final review is normally done at the year-end for which the adjustment will be passed in the following year for any under/over recovery. The Country Office will take necessary accounting action to adjust the over/under recovery GMS. It is expected that the adjustment will be completed by 30th June, 2014.

Responsible managers: 1) Dr Mourtada Deme, DGD Project Director and 2) Dr Pa Lamin Beyai, UNDP Country Director

NOTES :

UNDP adopted IPSAS on 1 January 2012 which recognizes an expense based on goods received and/or services rendered. Consequently, expenses related to some IPSAS opening balance would be duplicated in the 2012 CDRs because of the following:

1. Goods received or services rendered in 2012 on non-fixed asset open purchase orders raised prior to 2012 would be recognized as an expense in 2012. These were ULOs in 2011.
2. 2012 Inventory opening balances would be expensed in 2012 when goods are consumed or delivered.
3. 2012 Prepaid opening balances would be expensed in 2012 when goods are received or services rendered.
