AUDIT

OF

UNDP NIGERIA

DEMOCRATIC GOVERNANCE FOR DEVELOPMENT: DEEPENING DEMOCRACY IN NIGERIA (Directly Implemented Project No. 56855, Output No. 69949)

Report No. 1466

Issue Date: 30 September 2015

Report on the Audit of UNDP Nigeria Democratic Governance for Development: Deepening Democracy in Nigeria (Project No. 56855, Output No. 69949) Executive Summary

The UNDP Office of Audit and Investigations (OAI), through Moore Stephens LLP (the audit firm), conducted from 29 June to 21 July 2015 an audit of Democratic Governance for Development: Deepening Democracy in Nigeria (Project No. 56855, Output No. 69949) (the Project), which is directly implemented and managed by the UNDP Country Office in Nigeria (the Office). The last audit of the Project was conducted by OAI in 2014 and covered project expenditure from 1 January 2012 to 31 December 2013.

The audit work covered financial transactions as well as internal controls and systems for the purpose of expressing an opinion on whether the financial statements present fairly, in all material aspects, the Project's operations, as well as assess compliance with UNDP regulations, rules, policies and procedures and donor agreements. The audit covered the Project's Combined Delivery Report, which includes expenditure for the period from 1 January 2014 to 31 December 2014 and the accompanying Funds Utilization statement¹ as of 31 December 2014 as well as the Statement of Assets. It also reviewed the relevant systems, procedures and practices in place as they relate to the Project, in the areas of: organization and staffing, project management, human resources management, financial and cash management, procurement, asset management, information systems and general administration. The audit did not include activities and expenses incurred or undertaken by United Nations agencies. In addition, the audit did not cover the Statement of Cash Position as no separate bank account was established and maintained for the Project.

The audit was conducted under the general supervision of OAI in conformance with the *International Standards for the Professional Practice of Internal Auditing*.

Overall audit rating

Based on the audit report and corresponding management letter submitted by the audit firm, OAI assessed the management of the Project as **satisfactory**, which means, "Internal controls, governance and risk management processes as applicable to the Project's financial statements were adequately established and functioning well. No issues were identified that would significantly affect the achievement of the objectives of the audited entity." The details of the audit results are presented in the table below:

| Project Expenditure* | | Project Assets | |
|------------------------|-------------|-----------------------|-------------|
| Amount (in \$ '000) | Opinion | Amount (in \$′000) | Opinion |
| 17,226 | Unqualified | 112 | Unqualified |

* Expenditures recorded in the Combined Delivery Report were \$17,485,771. Excluded from the audit scope were transactions that relate to expenditures of other United Nations agencies (\$260,066).

¹ The Funds Utilization statement includes the balance, as at a given date, of five items: (a) outstanding advances received by the project; (b) depreciated fixed assets used at the project level; (c) inventory held at the project level; (d) prepayments made by the project; and (e) outstanding commitments held at the project level.

United Nations Development Programme Office of Audit and Investigations

Key recommendation: Total = 1, high priority = 0

The audit did not result in any high (critical) priority recommendations. There is one medium (important) priority recommendation, which means, "Action is required to ensure that UNDP is not exposed to risks that are considered moderate. Failure to take action could contribute to negative consequences for UNDP." The recommendation includes action to address non-compliance with the required number of references to be furnished by contractors involved in the execution of projects above \$100,000.

The recommendation aims to ensure compliance with legislative mandates, regulations and rules, policies and procedures.

Implementation status of previous OAI audit recommendations: Report No. 1327, issued on 20 June 2014.

Total recommendations: 2 Implemented: 2

Management comments and action plan

The United Nations Resident Coordinator and UNDP Resident Representative accepted the recommendation and is in the process of implementing it. Comments and/or additional information provided have been incorporated into the report, where appropriate.

1. Audit Objectives and Scope

1.1 The Engagement Context

Moore Stephens LLP entered into a contract with UNDP on 13 May 2015 for the audit of the Project: 'Deepening Democracy in Nigeria' (UNDP Project No. 00056855 and Output No. 00069949), which is directly implemented (DIM) by UNDP Nigeria. The period subject to audit was 1 January 2014 to 31 December 2014.

1.2 Audit objectives and scope

The purpose of the audit was to express an opinion on whether:

- the Combined Delivery Report for the period from 1 January 2014 to 31 December 2014 presents fairly, in all material respects, expenditures incurred on the project and whether these expenditures were incurred: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents;
- the Statement of Assets as at 31 December 2014 presents fairly, in all material respects, the balance of inventory of the project.
- No opinion has been expressed on the Statement of Cash, because no dedicated bank account for the DIM project has been established. The cash transactions of the audited DIM project were made through the country office bank account, thus an opinion on the Statement of Cash is not required.

Our Terms of Reference also included an overall assessment of the operational and internal control systems that are in place for the management of the Project so that the related transactions are processed in accordance with UNDP policies and procedures for the achievement of the project objectives. Our assessment of the internal control system covered the following areas as applicable:

Organisation & Staffing

Assess the overall project structure for effective work flows and management arrangements, including assignment of authority, accountability and responsibility to staff.

Internal Controls

Carry out an assessment of internal controls including the different levels of delegated authority for different operational functions and distribution of project management responsibilities to achieve project goals while ensuring appropriate segregation of duties in general so as to minimise risks.

Programme and Project Management

Assess the management aspects in terms of approval of the project, financial management of project funds, and monitoring of implementation towards achievement of project objectives. This includes reporting to the, Steering Committee, Project Board and/or Donors.

Human Resources

Assess competitiveness and transparency of the recruitment process; and effectiveness of the management of project personnel, including contract administration, performance evaluation and payment of salaries and allowances.

Finance

Assess the compliance with UNDP policies with respect to the safe custody and adequate management of cash, commitment of expenditures against approved budget, disbursement or payments against liabilities and cash advances to field offices, project staff, etc.

Procurement

Assess whether goods, services and civil works for the project are procured competitively and in a transparent manner in accordance with UNDP policies and procedures. This includes management of obligations and appropriate assessment of goods or services delivered and monitoring performance of the contractors, before payment.

Assets Management

Assess whether project assets are adequately recorded, safeguarded, monitored, including periodic physical verification of their use and existence.

Cash Management

Review the safeguarding of all cash (including bank accounts) held separately for the purposes of the project either in the UNDP country office or at the project field offices, including cash held as advances or imprest in any sub-office or field office.

Information Systems

Assess the efficiency and security of the information systems established and maintained from project funds and their adequacy to meet the management and reporting requirements of the projects.

General Administration

These include areas of operations not specifically covered above and for which expenses are charged to the project covering such areas as: travel of project staff, use and maintenance of project vehicles, lease and maintenance of office premises.

Follow up on previous audits

To the extent feasible, assess the status of implementation of the previous audits' recommendations done within the last three years.

2. Audit opinions

The Director Office of Audit and Investigations, UNDP

2.1 Certification of Statement of Expenditure/ Combined Delivery Report (CDR)

We have audited the expenditure as set out in the attached UNDP Statement of Expenditure, also known as the Combined Delivery Report ('the CDR' – see Annex 1), for the project 'Democratic Governance for Development' (UNDP Project No. 00056855 and Output No.00069949) for the period from 1 January 2014 to 31 December 2014.

Respective responsibilities of the UNDP Country Office and Auditors

The CDR is the responsibility of the UNDP Country Office. Our responsibility is to express an opinion on the CDR based on our audit.

Our audit was carried out in accordance with International Standards on Auditing insofar as these standards can be usefully applied in this financial audit and its specific compliance context. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the CDR is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the CDR. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the CDR.

Scope of the Audit

The scope of our audit was as set out in our Terms of Reference and included obtaining evidence for the amounts and disclosures in the CDR sufficient to express an opinion as to the overall financial position of the project within the scope of our audit. We have taken into account all the available evidence presented to us during our fieldwork which concluded on 21 July 2014. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Unqualified Opinion

In our opinion, the attached Combined Delivery Report (CDR) total of \$17,485,771 and Funds Utilisation Statement, excluding UN Agencies Expenditure of \$260,066, representing the expenditure within the scope of our audit, presents fairly in all material respects the expenditure incurred by the project for the period 1 January 2014 to 31 December 2014 in accordance with UNDP accounting requirements. The expenditures incurred were (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

2.2 Certification of Statement of Assets

We have audited the accompanying Statement of Assets for the project 'Democratic Governance for Development' (UNDP Project No. 00056855 and Output No.00069949) for the period from 1 January 2014 to 31 December 2014 (see Annex 2).

Respective responsibilities of the UNDP Country Office and Auditors

The statement is the responsibility of the management of the project. Our responsibility is to express an opinion on the statement based on our audit.

Our audit was carried out in accordance with International Standards on Auditing insofar as these standards can be usefully applied in this financial audit and its specific compliance context. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement.

Scope of the Audit

The scope of our audit was as set out in our Terms of Reference and included obtaining evidence for the amounts and disclosures in the statement sufficient to express an opinion on it.

We have taken into account all the available evidence presented to us during our fieldwork which concluded on 21 July 2015 and the subsequent comments and information provided by the UNDP Country Office up to 27 August 2015. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Unqualified Opinion

In our opinion, the Statement of Assets presents fairly in all material respects, the inventory balance of the project (at acquisition cost) amounting to \$112,445 as at 31 December 2014 in accordance with UNDP accounting requirements.

3. Management Letter

3.1 Purpose of the Management Letter

As set out in our Terms of Reference, a Management Letter was to be prepared and attached to the Audit Report in order to bring to the attention of UNDP our observations arising as a result of our financial audit regarding areas of improvement in the overall operational and control systems of the DIM project.

Section 3.2 'Executive Summary' lists the overall ratings of each audit area and summarises the findings which came to our attention during the financial audit of the project 'Democratic Governance for Development' for the period from 1 January 2014 to 31 December 2014.

We report our observations and recommendations on an audit area basis and these are detailed in section 3.3 'Audit Findings'.

3.2 Executive Summary

3.3 Audit Findings

Procurement

Overall rating: Satisfactory

| Finding no:1 | Title: Non-compliance with relevant procurement requirement |
|--------------|---|
|--------------|---|

Observation: Contractors / Civil Society Organisations involved in the execution of projects above \$100,000 should have provided the required three references for recent works / activities carried out by them as set out in the POPP. There was no record on file showing that these references were obtained and followed up.

Cause: This is as a result of poor supervision and inadequate oversight by the Country Office.

Consequence:

- 1. Poor implementation of core aspects of the project is possible if unqualified vendors are engaged. This situation could and should be prevented by obtaining references and following up on these references during the selection process.
- 2. The project has not been able to determine the ability and suitability of the vendor to implement the project.

Priority: Medium

Recommendation: References provided by contractors executing major aspects of the project should be obtained and followed up. Copies / records of communications with the referees should made / obtained and kept on file. If a contractor is selected following a prequalification exercise or from a roster of eligible Civil Society Organizations, then we recommend that such procurement documentation is maintained on file in all cases where NGOs/CSOs are appointed to participate in project activities for the audit trail.

Management comments: In anticipation of the 2011 Nigerian General Elections, the Service Centre at the Country Office undertook a rigorous prequalification exercise in 2010 to establish a comprehensive roster of Civil Society Organizations (CSOs) for the provision of civic and voter education and election observation across all six geopolitical zones in Nigeria. This highly commended process recognised as best practice by many, yielded a roster of 682 eligible CSOs. Prequalifying criteria reviewed experience and expertise in thematic areas, quality and calibre of personnel, financial capacity, past similar experience amongst others. The same criteria were applied in a re-assessment of the CSOs to update the roster in 2013/2014 as part of the preparation for the 2015 General Elections. Following this update, the RFP for Civic and Voter Education was sent only to eligible CSOs on the updated roster. Given this was a targeted prequalified market that had already met UNDP's criteria, conducting additional reference would not have added value to the process.

The initial roster building was meant to reduce delays at the later stage and references were sought at roster consolidation stage. However though the work was done, the relevant documents of proof were not produced/shown to auditors when required.

As stated the oversight of this procurement did not revisit this roster as a final check on the reference issue and so we agree there is some work to be done on this by CO management.

Responsible managers: Deputy Country Director (Operations)

Expected completion date: 15 October 2015

Auditors' response: We acknowledge the audit evidence provided to us by the Country Office consisting of the request for Expressions of Interest dated 30 May 2010 for NGOs to submit applications for pre-qualification to be placed on a Roster of NGOs in the fields of:

- Elections
- Media
- Conflict Management]
- Political Parties
- Gender
- Human Rights, Rule of Law and Access to Justice
- Youth
- Other Democratic Governance Areas

We also acknowledge the further audit evidence provided to us by the Country Office consisting of the Capacity Assessment Report of the Civil Society Organisations responding to the Expression of Interest from December 2012.

Nevertheless, the specific NGO/CSO appointments identified by our audit fieldwork testing consist of the following organisations engaged in 2014:

CC Ref. 99742 for US\$ 101,220

KTR Ref. 99610 for US\$ 142,359

NR Ref. 101569 for US\$ 151,524

In each case we have not sighted the required three references for recent works/activities required by the POPP. None of these organisations were pre-selected under the Roster evidenced by the aforementioned Capacity Assessment Report. The finding is therefore retained and we acknowledge the CO's commitment to implementing the recommendation.

3.4 Follow up on previous audits

Overall rating: Satisfactory

Finding: Two medium priority recommendations were raised during the previous FY2012 & FY2013 audit report (Report No. 1327, issued on 20 June 2014). During the course of the current FY2014 audit we have verified that both of these recommendations have been implemented in full.
