3. Main activities undertaken during travels (meetings, interactions, discussions)

- Join cultural exchange program to support social harmony to decrease racial discrimination in Rautahat and monitored MCG program clusters.

4. Main observations and findings

The communities from Program clusters have mix ethnicity and poorest of poor and very needy, therefore, they were happy to have meaningful participation in SCDP's MCG program in Parsa.

5. Issues and problems observed

High amount of women are interested to participate skill development program supported by us but that is beyond our capacity.

6. Main decisions of the visit

MCG's envisioned work have been implementing in the region.

7. Recommendations for further actions

MCG supports are very much needed in grass roots community.
