Subject: Award 00082150 Nauru Legislative Strengthening

The Nauru Legislative Strengthening Project was a small project based on TRAC funds and there was no evaluation done at the end of the project. The Project was an Initiation Plan project.

However, there was a Legislative Needs Assessment done and the copy is being upload with this note to file.

Thanks.

A handwritten signature in blue ink, appearing to read 'Mozeem', is written over a dotted line.
