**Subject:** [seeking your approval] two changes to the D&T project board structure

Dear Balazs,

I write to propose two changes to the project board structure of *Development and Transition* (Full name of the project: Analysis for Regional Development and Transition Challenges in Europe and CIS').

I propose that the 'Senior Supplier' be the BRC Team Leader for Knowledge and Innovation (Giulio Quaggiotto). Second, I propose that the 'Senior Beneficiary' be the BRC Rural Development Policy Advisor (Nick Maddock).

Attached please find the proposed board structure with the two changes incorporated.

Both Giulio and Nick have agreed to this.

The purpose is to better link *Development and Transition* with the strategy of the Knowledge and Innovation Practice, and to better reflect economic development perspectives when planning and reviewing content.

If you have any questions, please let me know. If you agree to these changes, please kindly inform me.

Thank you very much,

Peter
