Expected Output(s):	Burden of tuberculosis in Turkmenistan reduced by consolidation of DOTS framework, its expansion through introducing and scaling up the management of drug-resistant tuberculosis and strengthening the health system performance for effective TB control.
Executing Entity:	UNDP
Implementing Agency:	Ministry of Health Care and Medical Industry of Turkmenistan,.

Brief Description

The Project will aim at reducing the burden of tuberculosis in Turkmenistan by consolidation of DOTS framework, its expansion by introducing and scaling up the management of drug-resistant tuberculosis and strengthening the health system performance for effective TB control. The project will contribute to reaching the TB control targets that have been set in line with the international strategies such as the revised WHO *Stop TB Strategy* and the *Global Plan to Stop TB 2006-2015*, and reiterated in the *National Strategy for Prevention and Control of Tuberculosis in Turkmenistan for Years 2008-2015*. The overall impact of the project is in line with the national goals, such as those identified in the proposal approved by the Global Fund for Round 9, in line with the *Strategy of Economic, Political and Cultural Development of Turkmenistan for the period of up to 2020* and sector national programmes, such as the *National Programme for Improvement of Social and Living Conditions of the Rural Population for the period up to 2020*.
