The reason why we have more mentally challenged students than the others who have different types of disability is that;

- Because of the lack of governmental support for the education of the mentally handicapped in terms of both in duration and quality, parents take their mentally challenged children to alternative institutions in a state of panic, fear and despair, even if that means staying behind with the daily tasks.

- It is especially hard for the physically challenged individuals to commute to Istanbul and the local authorities need to find a satisfactory solution to this problem.
- Besides, the fact that physically challenged individuals do not consider themselves as disabled, and absent themselves from any institution that will make them feel so, is another reason why those people are fewer in number.

Gözlerimi kapattım, karşımda sanki Adele söylüyordu

**SAHNEDE** biraz utangaç ve içine kapanık duruyordum.

Mikrofonu tutuşu bile utangaç... Yan tarafta onun yaşına yakın bir başka kız çocuğu elektrikli piyanonun başında.

Biraz sonra söylemeye başlıyorum...

Masadaki herkes hayretler içinde...

13 yaşında utangaç bir kız çocuğu değil karşımdaki... Resmen **Adele** kadar farklı ve çarpıcı bir ses... Mükemmel bir İngilizce, mükemmel bir caz gırtlaklığı ile hepimizi hayran bırakıyor.

Önceki akşam **Vodafone**'un kadın farkındalığı için yürüttüğü "**He for she**" gecesindeydim.

**Vodafone** geliştirdiği "**Düşler Akademisi**" programı çerçevesinde "**Social Inclusion Band**" isimli bir orkestra kurmuş.

Solisti **Çağla Karaali** isimli

bir kız...

Hayretler içindeyim...

Lütfen girip YouTube'da dinleyin...

Ne demek istediğimi anlayacaksınız...

# Dreams Academy Kaş 2016

## Volunteering:

Volunteers who devote their time to an initiative they believe in, for short or long periods, are the pioneer and dynamic powers of social change. The most important factor in a social change project's sustainability is its voluntary programs.

# Dreams Academy Kaş 2016

## Respect for Differences:

One of the strongest element of our approach is to live without any discrimination regarding one's disabilities, gender, financial situation, ethnic origins or cultural differences.

# Dreams Academy Kaş 2016

**Complimentary Sharing:** Our experiences, knowledge and our feelings are open to everyone with no expectation in return.

# Dreams Academy Kaş 2016

**Intercultural Interactions:** For a meaningful and fruitful mutual life cycle, we accept different cultures, local life habits or different expectations with no prejudice nor hesitation.

# Dreams Academy Kaş 2016

## Positive Thinking:

Though wars, economic crisis, unemployment, pollution, and poverty may seem to make the world inhabitable, but positive thinking helps people to hope and start the change within themselves.

# Dreams Academy Kaş 2016

**Universal Design:** To recreate the definition of “normal” and to help individuals with temporary or permanent disabilities have equal opportunities in society, we need to design the world universally.

# Dreams Academy Kaş 2016

## Innovative Production:

We ground our work on creative, innovative and sustainable social entrepreneurship alternatives during all the production processes from intellectual property to industrial design.

## MEHMET ULUĞ MUSIC HOUSE

Mehmet Uluğ Music House (MUME) project, achieved Mehmet Uluğ's lifelong dream to bring nature and music together. It is founded with the funds raised at Mehmet Uluğ Rememberance Night during 2014 Akbank Jazz Festival. MUME is founded within the structure of Dreams Academy Kaş, aiming to help disabled and socially disadvantaged people to actively take place in social life through arts. It also has a recording studio.

Carried out by Alternative Life Association, “MUME Friends Project” makes the dreams of bringing the young and music together in nature come true. You can also be a MUME Friend providing that you donate to AYDER (Alternative Life Association) with the aim of supporting MUME in music scholarships, instruments and other needs of Music House.

## To be a friend in MUME;

It will be enough to send the music scholarship, instruments or the different availed support for other needs of Music House with “the MUME Friend Project Challenge” explanation to Alternative Life Association/AYDER (to the bank account in cash or to deliver instruments by hand) and inform AYDER about it.
