

DIM QUARTERLY PROGRESS REPORT

Reporting Period: September - December 2016

Country Office:

Uganda

Annual Umbrella Authority:

NO

Project Specific Authority:

YES

Substantive Reporting	<p>Output: UNDP positioned to support Uganda respond to the South Sudanese Refugee Emergency</p> <ul style="list-style-type: none"> ▪ Rapid livelihoods needs assessment, including extensive stakeholder and beneficiary consultations, completed in Yumbe district; ▪ Bidibidi Refugee Settlement mapped, using an unmanned arial vehicle (UAV) with satellite imagery and remote sensing, resulting in the first detailed map of the refugee settlement; ▪ Technical mission from the Livelihoods and Economic Recovery Team, Bureau for Policy and Programme Support at UNDP HQ (Leontine Specker) resulting in 'Uganda Emergency and Resilience Strategy'.
Accomplishments	<ul style="list-style-type: none"> ▪ Livelihoods needs assessment for Yumbe district (covering Bidibidi Refugee Settlement) completed. The needs assessment is being used by other partners (UNCHR and implementing partners) as a reference. ▪ Base map completed providing, for the first time, decision-makers with an evidence basis to make investment and development decisions and prioritization. ▪ Country Office now has in place a four-year 'Uganda Emergency and Resilience Strategy' in response to the South Sudanese refugee influx. This provides a framework across UNDP's response and development efforts.
