in his/her capacity as Acting Chief Executive Officer, duly authorised hereto
(Hereinafter referred to as "the Project Partner")

And

THE KRUGER CANYONS BIOSPHERE
herein represented by Dr John Job
in his/her capacity as Chair of K2C BRNPC, duly authorised hereto
(Hereinafter referred to as "the Project Facilitator")

And

SOUTH AFRICAN NATIONAL PARKS
herein represented by Mr Fundisile Mketeni
In his capacity as Chief Executive Officer, duly authorised hereto
(Hereinafter referred to as "the Executing Agency")
1 RECORDAL

It is hereby recorded that

1.1 WHEREAS the United Nations Development Programme ("UNDP") and the Republic of South Africa (the Government) concluded an agreement on the 3rd of October 1994 (the 1994 Agreement) in terms of which the UNDP undertook to assist the Government in carrying out the Government development projects to supplement the Government national efforts in economic development, social progress and better standards of life;

1.2 AND WHEREAS the parties to the 1994 Agreement have identified and agreed to a project titled "Improving Management Effectiveness of the Protected Area Network". The Government is represented by the Department of Environmental Affairs and South African National Parks is the Project Executing Agency. The Project seeks to effectively expand representation of important terrestrial habitats in South Africa covering 197,000 hectares through cost-effective Protected Area expansion and improved management effectiveness and financial sustainability of the Protected Area and Conservation Network;

1.3 AND WHEREAS the Parties recognise the significance of protecting the Biodiversity of South Africa from existing and emerging threats through the development of a financially sustainable, effective and representative Protected Area Network and improved integrated land use practices in buffer areas around Protected and Conservation Areas, with a focus on community benefits (especially job creation and stimulation of economic activity) and partnerships;

1.4 AND WHEREAS the Project will be implemented simultaneously at three levels of Protected Area management, namely at the national, agency and site levels. The site level implementation will take place within and adjacent to the Protected and Conservation Areas;

1.5 AND WHEREAS the funding for the purpose of this Agreement was made available in terms of the Project Document, subject to certain terms and conditions contained therein.

[Signatures]
NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

2.2 Clause headings are inserted for the sake of convenience only and shall not be read for the purposes of interpreting any provision of this Agreement;

2.3 Any gender shall include the other genders and the singular shall include the plural and vice versa.

3. COMMENCEMENT AND DURATION

3.1 This Agreement shall commence on the Commencement Date and shall endure until Termination Date of the Project.

3.2 It is recorded that this Agreement and the Project form an indivisible transaction and the two are interdependent. If the Project does not come into existence or is cancelled for whatsoever reason it will automatically lead to the cancellation of this Agreement.

3.3 The Project Partner must notify SANParks of any circumstances that might result in:

3.3.1. The delivery of the deliverables not being finished by the Financial Completion Date; and

3.3.2. The deliverables being varied from the Project deliverables.

3.4 In the event the Project is delayed due to unforeseen circumstances (not caused by any act or omission by the Parties hereto), this Agreement may be extended for such a period as mutually agreed upon between the Parties, subject to the written approval of UNDP first being obtained, to ensure the execution of the planned activities of the Project.
4. OBLIGATIONS OF THE PROJECT PARTNER

4.1 It is recorded that the Project Partner has committed the amount of US $8,250,000.00 (Eight Million Two Hundred and Fifty Thousand US Dollars) towards the deliverables of the Project.

4.2 The Project Partner undertakes to perform its obligation in terms of the Project Document and as outlined in this Agreement in good faith.

4.3 It is recorded that the Project Partner shall be assisted by the Project Facilitator in the performance of its obligations in terms of this Agreement.

4.4 The Project Partner hereby authorises SANParks to make periodical payments of the Projects Budget allocated to the Project Partner to the Project Facilitator.

4.5 The Project Partner undertakes to add to the Protected Areas Network the number of hectares specified in the Work Plan attached hereto as Annexure "A" by declaring:

4.5.1 Private Conservation Areas and Communal (Community) Land within its jurisdiction with the consent of the owners of such land as protected areas and stewardship protected areas; and

4.5.2 State land after vesting process has been followed.

4.6 The Project Partner must ensure that:

4.6.1 The necessary management plans, land use zonation and other prerequisite documents for the declaration process are developed and approved within the legal framework.

4.6.2 Management effectiveness monitoring strategies are developed and integrated into management decision making and having these institutionalised within the Project Partner's organisation, as well as catchment level should it be possible.

4.6.3 Institutional coordination and governance structure plan for the Kruger to Canyons and broader Lowveld buffer/integrated land use zone are developed;
4.6.4. Financial strategies that consider ecological infrastructure, resource economics and offset models to support local economic development, including ‘green’ jobs, restoration and fire breaks are developed and implemented;

4.7 The Project Partner shall ensure that it is represented in workshops and meetings arranged by the Executing Agency in connection with this Agreement and the Project.

4.8 The Project Partner shall integrate the systems developed in terms of clause 6 of this Agreement into its core capacity and activities to support the low cost expansion and buffer areas, particularly contractual Protected Areas and Protected Environments.

4.9 The Project Partner undertakes to improve the Protected Area/s management effectiveness by:

4.9.1. Appointing persons with legal and para-legal expertise to facilitate the legal aspects of Protected Area declaration; and

4.9.2. Striving to ensure close collaboration with the relevant parties involved in the Project.

5. THE PROJECT FACILITATOR

5.1 The Project Facilitator shall appoint and manage the required site level human resources for the implementation of the approved annual work plan and/or project plan and technical support as required.

5.2 In addition to 5.1 above the Project facilitator will perform other activities as requested by the Project Partners and/or proposed by the Project Facilitators and approved by the Project Partner and incorporated in the approved annual work plan / project plan. The other activities include amongst others the following:

5.2.1. The verification of the current boundaries of the Protected Area under the jurisdiction of the Project Boundary within the Project;

5.2.2. The negotiations between the Project Partner and the Communities and/or the owners of the private conservation areas;
5.2.3. The development of the necessary management plans, land use zonation and other prerequisite documents for the declaration process of the land as agreed with the Communities and/or owners of the private conservation areas as protected area or stewardship protected area; and

5.2.4. The development of monitoring and evaluation systems.

5.2.5. The vesting of State land to the Project Partner and development of the necessary management plans, land use zonation and other prerequisite documents for the declaration process of the State land.

5.2.6. The development of the necessary management plans, land use zonation and other prerequisite documents for the declaration process of Private Conservation Areas and Communal (Community) Land.

5.2.7. The development of management effectiveness monitoring strategies and ensure the integration of results into management decision making and having these institutionalised within the Project Partner’s organisation, as well as catchment levels, should it be possible.

5.2.8. The development of an institutional coordination and governance structure plan for the Kruger to Canyons and broader Lowveld buffer/integrated land use zone;

5.2.9. The development and implementation of financial strategies that consider ecological infrastructure, resource economics and offset models to support local economic development, including among others ‘the green’ jobs;

5.2.10. The determination of the root causes of management ineffectiveness and providing leadership in overcoming the ineffectiveness;

5.2.11. The identification of off-set investments and opportunities to facilitate low cost Protected Areas expansion and on-going management; and

5.2.12. The identification of ways to improve the financial sustainability of Protected Areas Network and the expansion thereof by optimizing revenue streams and improving cost efficiencies of Protected Areas.
5.3 The Project Facilitator shall apply the funds transferred by SANParks in terms of this agreement for disbursement as per Work Plan/Project Plan.

6. THE EXECUTING AGENCY'S OBLIGATIONS

6.1 The Executing Agency shall:

6.1.1. ensure close collaboration with the relevant officials at the national, provincial and site levels to enhance capacity and avoid duplication of effort; and

6.1.2. provide resources for logistical support to unlock and catalyse declaration processes where required.

6.2 The Executing Agency shall facilitate:

6.2.1. the harmonising of Protected Area Management Planning; Monitoring and Evaluation; and management effectiveness tracking and reporting systems with the Project Partner, to produce an integrated Management Effectiveness Tracking Tool (METT) system capable of reporting on agency/site, DEA and GEF level, aligned with the Protected Area Norms and Standards;

6.2.2. the reviewing METT reports at mid-term and at the end of the Project and subsequent management effectiveness strategies at both the agency and site level, with the view to improving them where necessary and increasing agency adaptive management capacity.

6.2.3. engaging with the Project Partner in order to interrogate individual METT processes and outcomes, and tracking and supporting the implementation of improvement strategies.

6.2.4. developing and implementing a learning network to build management planning and effectiveness tracking capacity by mentoring agency staff, including the review and revision of management plans, METT assessments, concept development and business plans and Monitoring and Evaluation.
6.2.5. facilitating of two high-level workshops with all the Project Partners and its collaborators, other Protected Areas management agencies in South Africa, aimed at developing Protected Areas management planning, monitoring and evaluation, and management effectiveness tracking best-practice for state, private and communally managed Protected Areas;

6.2.6. Coordinating METT evaluations at mid-term and at the end of project, with associated reports and management improvement strategies, and supporting the implementation of these improvement strategies to ensure real improvements of Protected Area management and biodiversity outcomes.

6.2.7. communicating the progress made with the integration of the various Protected Area planning and management components to the parties of the 1994 Agreement, with a view to contributing to the ability of UNDP to develop global best practice in this regard.

6.2.8. training of junior staff involved in and / or responsible for Protected Area management at institutions through accredited short courses in Protected Area management planning, monitoring and evaluation, and management effectiveness tracking and reporting.

6.3 The Executing Agency acting through its duly authorised representatives, including without any limitation, its external auditors or legal advisors, shall at its own costs and on reasonable notice to the Project Partner and/or Project Facilitator, be entitled to inspect during business hours and at the premises of the Project Partner all books, records, and supporting documentation relating to this Agreement and the Project and to make copies of and take extracts from such books, records, and supporting documentation for audit purposes.

7. FUNDING

7.1 It is recorded that the Project is classified by the South African Revenue Services as a Foreign Donor Funded Projects and that certain set of rules will apply as to the use of the funds by both the Executing Agency and the Project Partner. The Parties hereby
undertake to conduct the Project within the parameters as set by the South African Revenue Services.

7.2 The Budget allocated to the Project Partner is the amount of US $ 402 977 (Four Hundred and Two Thousand Nine Hundred and Seventy Seven US Dollars) as per Project Document.

7.3 The Project Partner shall open a separate bank account dedicated for the Project where funds will be deposited by the Executing Agency in terms of the Project Plan and approved budget.

7.4 Interest gained on Project funds deposited into the dedicated Project Partner’s Bank account will be ring fenced until a decision is made by the UNDP Project Steering Committee on the allocation of such interest.

7.5 The Executing Agency undertakes to transfer funds to the Project Facilitator on a quarterly basis in terms of the annual work plan as approved by the Project Steering Committee. The first payment will be made within 14 days from the date of the receipt of the Funds from UNDP.

7.6 Subsequent payments will be made within 14 days from receipt of a request by the Project Partner for transfer of the funds together with the financial and technical reports which includes all invoices on the last quarter’s activities. Reports are due 5 working days before the end of the quarter.

7.7 The Executing Agency or parties to the 1994 Agreement may, upon reasonable notice to Project Partner, conduct audits or call for inspection of any information, records and documents relevant to this Agreement.

8. **MONITORING AND REPORTING**

8.1 The Project monitoring, evaluation and reporting will be conducted in accordance with the provisions of PART IV of the Project Document.

8.2 The Project Facilitator will provide its Annual Audit Report by an Independent Auditor to the Executing Agency.
8.3 The Project Partner undertakes to forward to SANParks a monthly statement of expenditure together with certified copies of the original invoices by no later than 25 of each month. The original invoices should be made available to SANParks within 14 days from the date of request.

9. PROCUREMENT

9.1 Any purchase or procurement of services made from the funding in terms of this Agreement shall be undertaken in terms of the Project Partner’s Procurement/Supply Chain Management Policy.

9.2 It is recorded that the Project Partner’s Procurement/Supply Chain Policy conform to the Public Finance Management Act 1 of 1999.

9.3 Should the Project Partner not have a Procurement/Supply Chain Management Policy in place, such purchase or procurement of services shall comply with SANParks’ Procurement/Supply Chain Management Policy.

10. BREACH AND CANCELLATION

10.1 In the event of either Party committing a breach of any of the terms and/or conditions of this Agreement and failing to remedy such breach within the period of 30 calendar days of having been given written notice by the aggrieved party requiring such breach to be remedied, the aggrieved party may, without prejudice to any rights;

10.1.1. claim specific performance; and/or

10.1.2. cancel this Agreement;

and to recover any damages or monies from the Party committing such breach, entitled by law.

11. DISPUTE RESOLUTION

11.1 The Parties to this Agreement agree that they will endeavour to resolve disputes amicably, by following the procedures laid down in the provisions of the Intergovernmental Relations Framework Act and the Guide issued in terms of this Act.
11.2 If the procedures in terms of the Intergovernmental Relations Framework Act do not achieve resolution, the Parties shall be obliged to refer the said dispute to arbitration before an arbitrator who shall be agreed between the Parties to such dispute or, failing such agreement within 21 (twenty-one) days of the date of posting to such Party of notification of the other Party's decision to refer such matter to arbitration, shall be appointed by the President for the time being of the Northern Province Law Society from amongst the members of the Pretoria Bar. The decision of the said arbitrator shall be final and binding on the Parties hereof.

12. SEVERABILITY

12.1 If any clause or part of this Agreement is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision will, to the extent required, be severed from this Agreement and will be ineffective without, as far as is possible, modifying any other clause or part of this Agreement and this will not affect any other provisions of this Agreement which will remain in full force and effect.

13. LAW

13.1 This Agreement is governed by South African Law.

14. DOMICILIA AND NOTICES

14.1 The Parties choose as their domicilia citandi et executandi the addresses mentioned in clause 13.2 below, provided that such domicilium of either Party may be changed by written notice from such Party to the other Party with effect from the date of receipt or deemed receipt by the latter of such notice.

14.2 As follows:

The Project Partner: Samora Machel Drive, Halls Gateway, Mataffin, Mbombela;

The Project Facilitator: Stand Nr. 1, Zandspruit, Bush & Aero Estate, Hoedspruit;

The Executing Agency: 643 Leyds Street, Muckleneuk, Pretoria, Gauteng.
14.3 Any notice, acceptance, demand or other communication properly addressed by either Party to the other Party at the latter’s domicilium in terms hereof for the time being and sent by prepaid registered post shall be deemed to be received by the latter on the 7th business day following the date of posting thereof. This provision shall not be construed as precluding the utilisation of other means and methods (including telefax or email) for the transmission or delivery of notices, acceptances, demands and other communications, but no presumption of delivery shall arise if any such other means or method is used.

15. WHOLE AGREEMENT

15.1 This Agreement constitutes the entire agreement between the Parties.

15.2 Neither Party relies in entering into this Agreement on any warranties, representations, disclosures or expressions of opinion which have not been incorporated into this Agreement as warranties or undertakings.

15.3 No variation or consensual cancellation of this Agreement shall be of any force or effect unless reduced to writing and signed by both Parties.

16. RULES OF CONSTRUCTION

16.1 The rule of construction that, in the event of ambiguity, the contract shall be interpreted against the Party responsible for the drafting thereof, shall not apply in the interpretation of this Agreement.

17. NON-WAIVER

17.1 Neither Party shall be regarded as having waived, or be precluded in any way from exercising, any right under or arising from this Agreement by reason of such Party having at any time granted any extension of time for, or having shown any indulgence to, the other Party with reference to any payment or performance hereunder, or having failed to enforce, or delayed in the enforcement of, any right of action against the other Party.
17.2 The failure of either Party to comply with any non-material provision of this Agreement shall not excuse the other Party from performing the latter's obligations hereunder fully and timeously.

18. WARRANTY OF AUTHORITY

18.1 The persons signing this Agreement on behalf of the Project Partner; Project Facilitator and the Executing Agency expressly warrant their authority to do so.

19. GOOD FAITH

19.1 Each of the Parties to this Agreement shall act with the utmost good faith and use all reasonable endeavours to procure the fulfilment of all the terms and conditions of this Agreement.
