Installing the Flash Player

Congratulations!! You have successfully installed the Flash Player. Now, you can continue with the course.

The screenshot shows a Microsoft Internet Explorer browser window displaying the Adobe Flash Player installation completion page. The address bar shows the URL: <http://www.adobe.com/shockwave/download/flash/completion/en/1/>. The page features the Adobe logo and navigation links such as SOLUTIONS, PRODUCTS, SUPPORT, COMMUNITIES, COMPANY, DOWNLOADS, and STORE. A search bar is also present. The main content area displays the title "Adobe Flash Player" and a message: "Google Toolbar successfully installed. Next time you restart your browser, your Google Toolbar™ will be available." Below this, there is a section titled "Installation Complete" which states: "Version 9,0,47,0 installed successfully". To the right of the main content, there is a sidebar with links for "Flash Player home", "Features", "Security and privacy", "Statistics", "Licensing", and "Flash Content".

Google Toolbar successfully installed.
Next time you restart your browser, your Google Toolbar™ will be available.

When you see the installation completion movie above and text below, your installation was successful. The installation should only take a minute or two on a 56k modem.

If Adobe Flash Player fails to install, please visit the [Adobe Flash Player Support Center](#) for help troubleshooting the issue.

Note:

1. If a browser Security Warning dialog box appears like the one below, you will need to click Yes to install the player.
