**Country: Bhutan**

**Project Document**

- UNDAF Outcome(s):** By 2012, Institutional capacity and people's participation strengthened to ensure good governance.
- Expected CP Outcome(s):** Capacity of key institutions to support parliamentary democracy strengthened.
- Expected CPAP Output(s):** Enhanced capacities of three branches of government as well as media in supporting effective coordination and advocacy for parliamentary democracy.
- Implementing partner:** Parliament of Bhutan (coordinated by Secretariats of National Assembly & National Council)
- Responsible Parties:** National Assembly and National Council  
*(if already identified)*

**Narrative**

Following a very successful democratic election in 2008 with voter turnout of about 80%, Bhutan became one of the youngest and newest democracies in the world. The election ended 100 years of monarchy and instituted an elected bicameral parliament and 11 member cabinet headed by the Prime Minister as per the newly enacted Constitution of the Kingdom. The Constitution provides for a two party system to contest the election within the framework of Democratic Constitutional Monarchy. From the two parties who qualified for general elections-the Peoples Democratic Party (PDP) and Druk Phuensum Tshogpa (DPT) - the DPT won with a landslide victory and occupy 45 of 47 seats in the National Assembly and it will govern for a period of 5 years.

The proposed support for the newly established Parliament of Bhutan (National Assembly and National Council) will address the following:

- Improvement, streamlining and strengthening the legislative procedures and process of the Parliament
- Strengthening the institutional capacity of the Secretariats of respective houses of parliament for research and policy analysis
- Increasing the capacity of the members of Parliament for quality and informed debate and legislation
- Enhancing the public awareness on gender inclusive democratic governance-knowing the rights and duties through civic education and CSO participation in the legislative processes of the parliament through relevant mechanisms and platforms established for the purpose

## II. MANAGEMENT ARRANGEMENTS

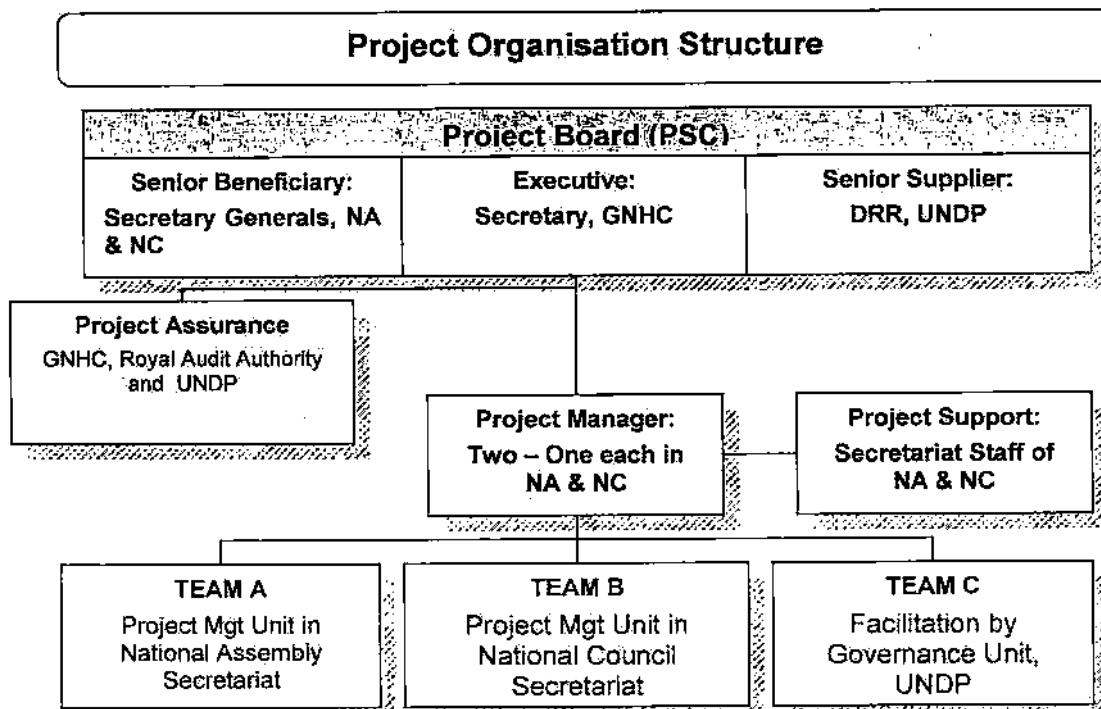

The project will be nationally executed (NEX). The Gross National Happiness Commission (GNHC), as the national coordination authority for aid management signs the project document and all project revisions with financial implications thereafter on behalf of the Royal Government of Bhutan. The National Council and National Assembly as the Implementing Agencies will be responsible for implementing the project according to the Annual Work Plan (AWP) and for achieving results and will be financially accountable. The funds disbursed through the GNHC will be subject to regular audit by the Royal Audit Authority.

The National Council and National Assembly will nominate a National Project Manager (NPM) and an alternate Project Manager from its office who will be responsible for the overall management and implementation of the project. The NPM will be responsible for the day-to-day management of the project and will liaise with the UNDP focal person. The NPM will report on the progress and financial expenditures on a quarterly basis and terminal progress report at the end of the project to UNDP through GNHC.

The Project Steering Committee (PSC) made up of representatives from the National Council, National Assembly, GNHC, UNDP, and other relevant parties will provide overall guidance and policy directions for the implementation of the project. The PSC will meet quarterly during the project period to review the progress and approve project work plan. Ad-hoc PSC meeting may also be held with a request of PSC member or NPM to discuss any issues that affect the achievement of the project outcome and endorse revisions of the AWP.

The AWP serves as a basis for the quarterly work plans. The NPM may further highlight and breakdown work activities. Based on quarterly updates of the work plan, the release of quarterly advances from UNDP will be made.

The project management team may refer to the National Execution (NEX) Manual developed jointly by UNDP and erstwhile Department of Debt and Aid Management (DADM) for necessary guidance.

### III. MONITORING FRAMEWORK AND EVALUATION

In accordance with the programming policies and procedures outlined in the UNDP User Guide, the project will be monitored through the following:

#### Within the annual cycle

- On a quarterly basis, a quality assessment shall, using the standard FACE form, record progress towards the completion of key results, based on quality criteria and methods captured in the Quality Management table below.
- An Issue Log shall be activated in Atlas and updated by the Project Manager to facilitate tracking and resolution of potential problems or requests for change.
- Based on the initial risk analysis submitted (see annex 1), a risk log shall be activated in Atlas and regularly updated by reviewing the external environment that may affect the project implementation.
- Based on the above information recorded in Atlas, a Quarterly Progress Reports (QPR) shall be submitted by the Project Manager to the Project Board through Project Assurance, using the standard report format available in the Executive Snapshot.
- a project Lesson-learned log shall be activated and regularly updated to ensure on-going learning and adaptation within the organization, and to facilitate the preparation of the Lessons-learned Report at the end of the project
- a Monitoring Schedule Plan shall be activated in Atlas and updated to track key management actions/events

#### Annually

- **Annual Review Report.** An Annual Review Report shall be prepared by the Project Manager and shared with the Project Board and the Outcome Board. As minimum requirement, the Annual Review Report shall consist of the Atlas standard format for the QPR covering the whole year with updated information for each above element of the QPR as well as a summary of results achieved against pre-defined annual targets at the output level.
- **Annual Project Review.** Based on the above report, an annual project review shall be conducted during the fourth quarter of the year or soon after, to assess the performance of the project and appraise the Annual Work Plan (AWP) for the following year. In the last year, this review will be a final assessment. This review is driven by the Project Board and may involve other stakeholders as required. It shall focus on the extent to which progress is being made towards outputs, and that these remain aligned to appropriate outcomes.
- **Evaluation.** The project shall be evaluated both mid-term and at the end to enable corrective actions and record experience as it is first of its kind implemented with the new parliament. The exact time and schedule of evaluation shall be drawn up by the Project Management through consultative process and submitted to PSC for approval and execution.

#### IV. LEGAL CONTEXT

***If the country has signed the Standard Basic Assistance Agreement (SBAA), the following standard text must be quoted:***

This document together with the CPAP signed by the Government and UNDP which is incorporated by reference constitute together a Project Document as referred to in the SBAA [or other appropriate governing agreement] and all CPAP provisions apply to this document.

Consistent with the Article III of the Standard Basic Assistance Agreement, the responsibility for the safety and security of the implementing partner and its personnel and property, and of UNDP's property in the implementing partner's custody, rests with the implementing partner.

The implementing partner shall:

- a) put in place an appropriate security plan and maintain the security plan, taking into account the security situation in the country where the project is being carried;
- b) assume all risks and liabilities related to the implementing partner's security, and the full implementation of the security plan.

UNDP reserves the right to verify whether such a plan is in place, and to suggest modifications to the plan when necessary. Failure to maintain and implement an appropriate security plan as required hereunder shall be deemed a breach of this agreement.

The implementing partner agrees to undertake all reasonable efforts to ensure that none of the UNDP funds received pursuant to the Project Document are used to provide support to individuals or entities associated with terrorism and that the recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to resolution 1267 (1999). The list can be accessed via <http://www.un.org/Docs/sc/committees/1267/1267ListEng.htm>. This provision must be included in all sub-contracts or sub-agreements entered into under this Project Document".
