

IBSA FACILITY FOR POVERTY AND HUNGER ALLEVIATION

Janeiro 09

PROJECT DOCUMENT

Project Number	
Project Title	Provision of safe drinking water to São Nicolau through water desalination
Funding Agency	IBSA Trust Fund
Implementing Agency	UNDP
Executing Agency	Camara Municipal of Ribeira Brava
Project duration	12 months
Project Site	Sao Nicolau, Cape Verde

Total Cost
Estimated US\$ 1,600,000

Expected Outcome(s):

1. Increase the overall health, particularly children and maternal health of the community of Sao Nicolau in Cape Verde by providing safe drinking water.
2. Ensure a reliable, constant and sustainable supply of safe drinking water.

Expected Output(s): Construction of a water desalination plant capable of delivering 1,200 m3/day of water meeting WHO standards for safe drinking water
