**TRANSFER OF TITLE OF ASSETS FROM  
THE UNITED NATIONS DEVELOPMENT PROGRAMME  
TO THE KOSRAE STATE GOVERNMENT (DIVISION OF PUBLIC SAFETY),  
FEDERATED STATES OF MICRONESIA**

**THIS AGREEMENT** made this 26<sup>th</sup> day of November 26, 2019, by and between the United Nations Development Programme (hereinafter referred to as “UNDP”), for the transfer to, and the Government of Government of Kosrae, Federated States of Micronesia (hereinafter referred to as the “Government”) accepts full title and ownership of assets as specified in the attached supplies and equipment list, hereto as Annex I at a total cost of USD\$23,355.00.

The assets transferred represent assistance of UNDP to the Government to facilitate Enhancing Disaster and Climate Resilience in the Federated States of Micronesia through improved Disaster Preparedness and Infrastructure, EDCR Project,00115305 (hereinafter referred to as “Project”), undertaken in Kosrae State, Federated States of Micronesia, The transfer of title is limited to the use of such assets solely for the stated purposes of the Project in the manner and place as set out in the Project Document, hereto as Annex II, and subject to further limitations contained therein.

The transfer of such assets must be affected in compliance with UNDP Financial Rules and Regulations, the Procurement Manual and the Asset Management Guidelines.

**IN WITNESS WHEREOF**, UNDP and the Government, through their duly authorized representatives, have signed this Agreement:

**PROJECT DOCUMENT**  
***Regions: Asia-Pacific (RBAP)***

**Project Title:** "Enhancing Disaster and Climate Resilience in the Federated States of Micronesia through improved Disaster Preparedness and Infrastructure"

**Project Number:**

**Implementing Partner:** FSM Government, UNDP Pacific Office in Fiji

**Start Date:** 18 March 2019 **End Date:** 17 March 2020 **PAC Meeting date:**

**Brief Description**

The project aims to improve the capacity for preparedness and mitigation of the Federated States of Micronesia (FSM) to man-made, geo-physical and climate-related hazards and to climate change impact. The project will respond to Outcome 1 of the UN Pacific Strategy 2018 – 2022: *By 2022, people and ecosystems in the Pacific are more resilient to the impacts of climate change, climate variability and disasters; and environmental protection is strengthened.* The cooperation with the Government of Japan will contribute to achieving the goals of the Sendai Framework for Disaster Risk Reduction, elimination of threat to human security and protect gains of sustainable development. It is in line with the Japan Country Assistance Policy for the FSM and its priority areas: 1) Overcoming Vulnerability and 2) Environment and Climate Change. This project is consistent with and contributes to achieving the outcomes of FSM overarching Nation-wide Integrated Disaster Risk Management and Climate Change Policy 2013 of 'food, water and energy security; safe infrastructure and settlements; and improved health and social protection' among others.

In line with the overall outcome, the overall project goal is to effectively address the consequences of, and responses to, geo-physical and climate-related hazards to protect lives, sustain livelihoods, preserve the environment and safeguard the economy. The outcome will be achieved through 3 expected outputs:

1. Strengthened Disaster Communication and Climate Monitoring Systems,
2. Enhanced National and State Disaster Responders readiness capacity & better resourced to minimise loss of lives and damages
3. Enhanced Community Disaster Resilience through improved water and food resource management, livelihood diversification and integrated disaster and social inclusion awareness

The project will be implemented by the UNDP Pacific Office in Fiji under the UNDP Direct Implementation Modality (DIM) and will be part of the Resilient and Sustainable Development team.

The duration of this project is one year (18<sup>th</sup> March 2019 – 17<sup>th</sup> March 2020). The proposed budget is USD\$7,400,000.

<p><b>Contributing Outcome (UNDAF/CPD, RPD or GPD):</b> Outcome 1 of the UN Pacific Strategy 2018 – 2022: <i>By 2022, people and ecosystems in the Pacific are more resilient to the impacts of climate change, climate variability and disasters; and environmental protection is strengthened.</i></p> <p><b>Indicative Output(s) with gender marker<sup>2</sup>:</b> Output 3.2. Preparedness systems in place to effectively address the consequences of and response to natural hazards (geo-physical and climate related) and man-made crisis at all levels of government and community.</p>	<b>Total resources required:</b>			
	<b>Total resources allocated:</b>	USD \$7,400,000		
		<b>UNDP TRAC:</b>		
		<b>Donor:</b>	Government of Japan	
		<b>Government:</b>		
		<b>In-Kind:</b>		
	<b>Unfunded:</b>
