<b>Comments/ Additional information from submitting unit:</b>	<p><b>Please note that the project document was endorsed by the Project Board on December 2<sup>nd</sup>, 2021.</b></p> <p>The amendment reflects the key changes in development context - e.g.: COVID-19, inequalities, and the climate crisis. It updates the Project Document to be in line with the UNDP Strategic Plan 2022-2025 and the Integrated Results and Resources Framework (IRRF). The project is framed primarily under Strategic Plan Outcome 2: ‘No-one left behind, centring on equitable access to opportunities and a rights-based approach to human agency and human development’ with a primary focus on Strategic Plan development output 1.4: ‘Equitable, resilient and sustainable systems for health and pandemic preparedness strengthened to address communicable and non-communicable diseases, including COVID-19, HIV, tuberculosis, malaria and mental health’. The project contributes to the three directions of change, enablers, signature solutions and a range of other outputs across the IRRF. It is also aligned with new partner strategies (e.g.: Global Fund and UNAIDS)</p>
