

Engagement Facility

Project Title: CSMT Engagement Facility project

Expected SP Outcome(s): Management Outcome 3

Expected SP Output(s): Results Statement 3.2

Start/End Dates: 1 April 2020 – 31 December 2020

Implementing Partner: UNDP Crisis Bureau

Brief Description

In support of SP Management Outcome 3: Operational Service Arrangements for United Nations system-wide results, coordination and coherence, and specifically Results Statement 3.2 UNDP support to integrated SDG delivery, this project aims to enable the Crisis Bureau and the Global Policy Network more broadly, to provide integrated, coherent and timely support to Country Offices especially in crisis-setting. The project consists of four outputs: (i) Effective support provided to Country Offices via the deployment of GPN and external expertise; (ii) Ongoing roll out of GPN enablers including the consolidation of rosters, deployment infrastructure and outreach; (iii) Effective country support delivered through corporate partnerships and rapid response systems & tools; and (iv) Enhanced organizational capacity for crisis preparedness and response. The project will be managed by the Country Support Management Team of the Crisis Bureau.
