# 4th Quarterly Project Report, 2012

October - December 2012

Mainstreaming Biodiversity into Agricultural and Land Management in Lao PDR's Policies, Plans and Programmes (ABP)

"Agro-Biodiversity Project (ABP)"

Project ID: 00075435 / ATLAS Award ID 00060069

## I.: Project Information and Resources

Project number and title	75435 Mainstreaming Biodiversity in Lao PDR's Agricultural and Land
	Management Policies, Plans and Programmes (ABP) Project
Implementing Partner	- Permanent Secretary Office (PSO), MAF
Responsible Parties (if.	- FAO through Letter of Agreement- Department of Planning (DoP), MAF;
applicable)	National Agriculture and Forestry Research Institute (NAFRI), MAF and
(A) 1. 2. (A)	Department of Forestry, MAF through a proposed Executive Board
Additional collaborating	- National Agriculture and Forestry Extension Service (NAFES), MAF
parties (as per project	- Water Resources and Environment Administration (WREA), now Ministry
document)	of Natural Resources and Environment (MoNRE)
。 Taranta Baran - 11150 黄色的	- National Land Management Authority (NLMA), now MoNRE
	- Ministry of Justice (MoJ)
	- Other GOL & MAF organizations and institutions
Company of the Compan	- Non Profit Organizations (NPOs), iNGOs, Mass Organizations, and Private
The American September 1985 And American September 1985	Sector
Donor/partner	GEF (in-cash)
La Contra propriate de la Segui de Segui	UNDP (in-cash and in-kind)
	• FAO (in-kind)
	SDC (in-kind, parallel*)

Project Sta		Project con	
Originally planned	Actual	Originally planned	Current estimate
11 April 2010	July 2011	10 April 2015	July 2016

Period covered by this report	October – December 2012	
Date of annual review	December 2012	

Total Budget	Original Budget (US\$)	Latest Signed Revision (USD)
2012	485,709	428,467
Quarter 4	67,456.50	67,456.50

Resources	Donor	Amount (USD)
	GEF	61,759.42
	UNDP (in-cash)	5,697.08
	TOTAL	67,456.50

#### II. Purpose 🐭

#### Main Objectives of the Project

#### A. ABP long term solution and Objective

The long term solution of the project: Lao PDR's biodiversity, including agro-biodiversity, is maintained, protected and sustainably used as a key to poverty alleviation and adaptation to climate change impact. Within this solution the overall goal is conservation and sustainable use of biodiversity resources in agroecosystems in Lao PDR for the attainment of food security and sustainable economic development.

The project objective is: to <u>provide farmers</u> with the necessary incentives, capabilities and supporting institutional framework to conserve1 agricultural biodiversity within farming systems of Lao PDR.

#### B. GEF Strategic objectives and Outcome

GEF-4 Second Strategic Objective and Program (SO2): To Mainstream Biodiversity in Production Landscapes/Seascapes and Sectors.

**GEF (Fourth) Strategic Program (SP-4):** Strengthening the policy and regulatory framework for Mainstreaming biodiversity (SP 4) [(GEF's 5<sup>th</sup> Strategic Program (SP-5): Fostering markets for biodiversity goods and services (SP 5) is not mentioned, but is also applicable for the project].

**GEF Expected Outcome:** Policy and regulatory frameworks governing sectors outside the environment sector incorporate measures to conserve and sustainably use biodiversity.

#### Target for this reporting period (Ocober – December 2012) are:

- i) PBSAP for Xiengkhoung province finalized;
- ii) Training to national and provincial authorities on PCA writing;
- iii) Annual review meeting for 2012 organized
- iv) Annual report for 2012 finalized
- v) 2013 and Q1 work plan submitted to UNDP on time.
- vi) FFS sub-project proposal available in both Lao and English.
- vii) Capacity of national and provincial authorities increased through providing training on legislation and policies related to natural resource management including agro-biodiversity conservation.
- viii) Inputs to NBSAP and provincial BD action plan.
- ix) Establishment of common ABP-TABI steering committee.
- x) Draft guideline for selection sup-project.

#### III. Project Performance and Results ----

 Contribution to the strategic goals [To be completed in cooperation with UNDP Programme Analyst]

UNDAF Outcome: By 2015, the government ensures sustainable natural resources management through improved governance and community participation.

UNDP Country Programme (CP) Outcome: By 2015, sustainable natural resources management enhanced through improved governance and community participation

UNDP CPAP Outputs: Capacities of national and local authorities enhanced for better environment management as per Forestry and Fishery Laws; and Communities' engagement in NRM strengthened.

#### Progress towards achieving GEF and UNDP outcome

So far the project has been implemented more less one year span of time. The project team was established and started to work and learn to understand the holistic livelihood and BD management practices in the project sites, as well as across the country. Lessons learnt have been collected. ABP actively searched for development partners, collaborating projects (e.g. TABI), GOL and other stakeholders, who are continuously improving the situation and the project overviews, proposes and integrates initiatives and interventions to local development plans and actions.

#### Progress towards achieving project outcomes

To a large extent the project takes its departure from the Convention of Biodiversity which have three priority goals i.e. conservation of biological diversity (or biodiversity), sustainable use of its compone nts (including agro-biodiversity) and fair and equitable sharing of benefits arising from genetic resources.

The ABP project contributes to strengthening policies and strategic interventions in agro-biodiversity in agro-ecosystems through long-term capacity development across sectors, including planning, implementation, monitoring, awareness, communication, production, extension & research, and market support.

Agricultural biodiversity or Agro-biodiversity embraces all components of biological diversity of relevance to food and agriculture, and all components of biodiversity that constitute the agro-ecosystem — the variety and variability of animals, plants and micro-organisms. Thus, the agro-biodiversity covers both cultivated and wild organisms.

The ABP project is fully aligned with the National Agro-Biodiversity Programme (NABP, 2004) which includes five main thematic components: 1) crop and crop associated biodiversity; 2) livestock; 3) non-timber forest products and other terrestrial food resources; 4) aquatic resources; and 5) household agriculture production systems.

The ABP project is centred on three interrelated components, in short: a) Legal Framework Support, b) Local Agro-biodiversity support and 3) Project Management.

<u>During this reporting period, the capacity of local GoL officers was strengthened in communication and management including planning and sub-projects identification and writing. Farmers were visited and invited for discussion baseline and involment to perform action plans. Around 25 sub-projects were</u>

submitted. They are almost in Lao, which are to be translated into English. More than 20 officers were attended English courses, this will facilitate communication and direct expression, while working with CTA in long term. Facilitators and district officers visited farmers of target villages, in order to get basic information to support sub project development. At project management, communications with TABI (sister project under SDC funding supported) for establishing common plan were done, but not yet into action. The project coordinated with other projects for synergy and complimentarity activities. The basic coordination between ABP and instutions and development projects were set up for proper management of biodiversity. Progress of some activities for example Farmer Field School is slowly due to many factors. The main factor is associated with lacking of human resources to support the project activities. The recruitment process of CTA has significantly lengthy, which is not yet finalized and subsequently leads to delay recruiting the international and national technical assistants. The Assistant Project Manager had finished his contract in October 2012 and the project had to recruit a new APM to support the project.

The mainstreaming of biodiversity into agricultural and land management legislation, includes the development and promotion of policies that encourage and support sustainable use of agrobiodiversity in agricultural landscapes. It implies a primary focus on agriculture and natural resources and includes the legal framework related to environmental friendly management of terrestrial and aquatic resources supporting the livelihoods of rural people.

The project outcome one will be pursued under four thematic headings/outputs:

- Integrating agro-biodiversity into policies
- Promoting coordination on agro-biodiversity
- Enhancing institutional capacity for agro-biodiversity
- Increased understanding among key stakeholders of agro-biodiversity and its significance.

#### 2.1 Component/Outcome 1: Legal Framework Support

The support to the formulation of the second NBSAP is continuing feeding comments on progress and drafts; although the NBSAP has been moved to MoNRE. ABP is committing to support toward its finalization. A working document has been shared and written comments feedback included advice on making the NBSAP more concise as well as adding more issues on agro-biodiversity. ABP team participated in the consultation workshop that organized in Vientiane by IUCN and MONRE, with objectives to finalise NBSAP amendment. Many comments and inputs were made through intersectoral group discussion. NBSAP will become main document for BD management in the country, it encompasses the National Agro-biodiversity Programme (NABP), which is advised to be adjusted by MAF to fit better for ABD management. ABP will do more to support development of laws, regulations and practices related to ABP conservation and use.

Provincial Biodiversity Strategy and Action Plan (PBSAP) draft has been nearly finalized by IUCN, which is waiting for approval of local Government. The draft was sent to ABP project in late October in hard and soft copy. IUCN is currently waiting for input/feedback from the local GoL to finalize the draft and will resend to all for feedback including the English version. Further, ABP will support implementing PBSAP in its pilot districts and kumbans.

During the 4<sup>th</sup> quarter of 2012 discussions with relevant partners (TABI, CA, SADU, NARAFCO, Village Science, local institutions and NUDP) at central and local levels on possible future collaboration have continued and consolidated to some extent for example developing collaboration activities/project papers. Workshops and meetings for drafts and amendments of biodiversity related laws and regulations were conducted, which provided useful information, opportunity and invited comments and inputs from public including ABP to add NRM's for better future biodiversity in Laos. The project

has also participated in sub-sector working group meetings including NGO's on Policies considerations, Agribusiness and Upland Development.

Substantial interventions under the outcome/component one were workshops and meetings for upgrading awareness and capacity of district and provincial staff to develop activity/plan/project in managing NR and prepare drat project proposals with local authorities and Northern Agriculture and Forestry College (NAFC) for developing medicinal plants and wild vegetables conservation garden, curriculum on NRM and supporting students with incentives to do practices and thesis on BD conservation in the project sites, implementation plan in Annex 18.

#### 2.2 Component/Outcome 2: Local Agro-biodiversity Support

The Component two/outcome 2 focuses on the development of incentives and capacity for the conservation and sustainable use of agro-biodiversity with a focus on Community, District and Provincial levels.

In support of the component, six outputs/thematic areas will be pursued:

- Strengthening the capacity of PAFO and DAFO to act on agro-biodiversity management and to adapt extension packages and services, including diversifying the seed supply system
- Conducting Participatory Land Use Planning including the development and implementation of Participatory Natural Resources Management plans at village level in order to be able to identify products for sustainable use and niche marketing
- Establishing in-situ2 conservation areas for agro-biodiversity in order to be able to protect local biodiversity hotspots
- Promotion of biodiversity-friendly farming approaches in two pilot sites such as organic farming and a reduction in pesticide and fertilizer use, while encouraging the use of important regional, national and local biodiversity to sustain fertility and land and water resources
- Identification and development of market incentives for agro-biodiversity for farmers and agribusiness
- · Linking with the private and public sector through agro-biodiversity planning agreements.

The project has engaged a national consultant/company to provide translation service to the project. All FFS concept notes or sub-project proposals that have been submitted from local authorities in Xiengkhoung and Luangprabang provinces will be translated into Lao to facilitate consultation and inputs from FAO and UNDP in selecting and screening the sub-projects to be implemented in the next quarterl.

During the project monthly meeting of December 2012, the meeting has agreed that special working session to develop guideline for selection and screening and management procedures will be organized. This meeting will allow the project to move forward implementing sub-projects in the next reporting period.

Collaboration with TABI Project on participatory land use planning activities has been initiated. District facilitator was participated in the TABI participatory land use planning that was organized in Xiengkhoung province on 13 November 2012. The meeting was discussed about the lessons learnt during first and second rounds that TABI conducted land use planning and plans for the third round mission. The project team will closely work with TABI to conduct on-the-job training for local authorities

<sup>2</sup> In agriculture, in-situ includes in-nature and on-farm. Further, in-situ conservation means the conservation of ecosystems and natural habitats and the maintenance and recovery of viable populations of species in their natural surroundings and, in the case of domesticated or cultivated species, in the surroundings where they have developed their distinctive properties.

in conducting participatory land use planning as well as carrying out land use planning in the project areas (khum ban Ang and ban Kueng, Xiengkhoung province).

The project has continued providing capacity building in English and IT skills to the project team and staff of local authorities in the two target provinces. During the project monthly meeting for December 2012, the meeting agreed to review performance of the current consultancy service before renew a contract for this institution.

### 3. Component/Outcome 3: Effective Project Management

The purpose of this component is to ensure that the project is implemented in a timely manner, well monitored and cost effective under the principles of adaptive management (plan-do-evaluate-adjust and learn), whereby lessons learned during its implementation as well as lessons from other initiatives/projects are fed into a refined project implementation. The project document underlines a general need for upgrading implementation capacities and special emphasis are being paid to enhancing national capacity building. There is only one Output under this component.

The current APM finished his contract in October 2012. The project has recruited a new APM. The new APM will be on board in early of Q1 2013. Contract of District facilitators and project accountant have been renewed. They are continuing assisting and facilitating the project activities in both central and local levels. Regular reporting from district facilitator has been made.

The communication within project teams was regularly committed. The aims were to follow-up action plan, sub-project proposals, and administration issues. During the quarter discussion was made with local teams to proceeding establishing a pilot area of around 200 hectares for BD conservation and use in each district, this is on the proceeding of request for its allocation by local governor. Discussion of progress with District Facilitator and agreements were made regarding the follow-up of the Oyster mushrooms, basic skills development, A/BD school awareness, field surveys and other pending issues. The communication was to follow up last quarter commitment to identify stakeholders including other projects, to identify suitable project sites, to discuss and agree on technical aspects of site selection and proposals for planned activities in target areas, to discuss roles and responsibilities of key players and implementation plan.

The NPM attended the NBSAP workshop in Vientiane on 13 December 2012. The objectives of the workshop were: 1) to have inputs from various sectors to finalise NBSAP as umbrella for BD conservation and management nationally, 2) to discuss further to develop in detail biodiversity programmes by sector. In the workshop, ABP propose to revive the National Agrobiodiversty Programme.

Continued efforts have been made to normalize the collaboration with TABI in phase II and in a meeting with Deputy of the Department of Planning and Cooperation – a meeting ABP-TABI was promised to be held in December to discuss and take action on collaboration elements under a common umbrella and a formulation of "Collaboration Matrix".

Monthly meetings with UNDP and FAO are working well and support day-to-day management issues. The project board was updated, Mr. Somphanh Chanphengxay was assigned to replace Dr. Phouangparisack Pravongviengkham, who moved to be Vice Minister to Agriculture and Forestry, MAF is fully responsible for ABP implementation as the overall governing bodies (Steering Committees, etc).

Although the announcement of the FAO CTA through FAO website started from 10 to 18 July 2012 and the recruitment process conducted in mid-September 2012, but has not been yet on board so far, this delays/jeopardises the implementation of the project.

The re-organization of WREA and movement of some parts of Department of Forestry to the new Ministry of Natural Resources (MoNRE), as a result MONRE has become an executive agency for biodiversity strategy, whereas agro-biodiversity is still under guidance of MAF.

The annual project meeting for 2012 has been postponed to Q1 2013. Draft 2012 annual report has been developed. 2013 Workplan and Q4 2012 Settlement has been submitted to UNDP in timely manner. Level of the delivery could not meet 80% of the total budget, thus the new request for advance will be made sometime in Q1 2013 based on approved quarterly workplan.

Output 1.1: Biodiversity conservation, including agro-biodiversity, incorporated into Government policies, laws and other legal instruments	cluding agro-biodiversity, incorporated	into Government polic	es, laws and other legal instruments	"XXIIIIA"
Revised indicator and target:				
1.1: Number of national workshops with biodiversity content (End Target: 10, 2012 Target: 4)	- Many workshops were organized by GoL agencies and some projects dealing NRM: amendment of laws	USD 13,868.02 (Payroll for project staff and consultant	NBSAP and PBSAP expected finalization mid 2012. But delayed	Apparently targets in quarter were reached indirectly. Although the CBD focal point has moved from MAE (Doe)
Baseline: 1.1: Emphasis on agrobiodiversity in BD strategy and action plan (i.e. NABP) is weak.	(agriculture, Forestry, environment,). ABP teams participated and actively gave inputs and recommendations, Altough ABP organise a few.  Additional comments on NBSAP "working in process document," continued to be provided to IUCN stressing in particular to include Agrobiodiversity issues being as part of Biodiversity in NBSAP, which was clearly raised at 13 December workshop held by MoNRE.  Progress of PBSAP in Xieng Khouang and Attapeu was tangible: draft reports in Lao and English were prepared and sent in to ABP.  IUCN also sent off link to ABP team to make possible download the PBSAP report. But PBSAP is still awaiting input/feedback and approval from the local GoL to finalize the contract of the particular and sent in to a contract of the particular and sent in to ABP.		NBSAP and PBSAP are both Important. Once these were officially approved, series of interventions related to BD management for sustainability will be worked out, policies, programmes and plans for development will include BD issues in the actions/activities. This also will support expanding BD conservation areas with planned management. Laws and regulations related to BD will be formulated and developed. This will support pFLUP and ABP as well.	
	חומודל נוזכ מושור שווח וחורוובו חוורושווא			

	endorsed/recognized. The document will be used as tools to mainstream and manage NR properly.			
Output 1.2: Institutional coordination of agro-biodiversity enhanced at national level	gro-biodiversity enhanced at national	level	A STATE OF THE STA	in the second se
Revised indicator and target: 1.2: Number of yearly agro-biodiversity inter-sectoral coordination meetings (End Target: 2, 2012 Target:4) Baseline: 1.2: No formal coordination mechanism for agro biodiversity conservation.	There was strong interest in Agrobiodiversity raised among institutions, because treats are frequently happening, while access and fair benefits sharing was not well adressed. In this quarter, several national inter-sectoral coordination meetings were convened mainly on related legal framework settings.	No expenditures charged	ABP propose to be proactive organising meetings to push updating and officialising the National Agro-Biodiversity Programme (NABP) and other.  To push establishing a sub-working group on Agro-bio-diversity, MAF is to be core and host to initiate.	Proper plans were not well prepared.
Output 1.3: Institutional capacity of MAF to plan for, implement and effectively communicate on agro-biodiversity enhanced at national level	to plan for, implement and effectively	communicate on agro-	biodiversity enhanced at national lev	le)
Revised indicator and target:				
1.3: Number GOL officers participated in meetings where agro-biodiversity issues are discussed (End Target: 400, 2012  Target: 200)  Baseline: 1.3: Institutional and staff capacities of MAF to mainstream biodiversity into agriculture and land use policies are low.	- Consultation Workshop on BD was jointly organized in Vientiane in December 2012 (MoNRE, IUCN) to finalize NBSAP II, 70 participants attended. The workshop aimed at harmonized CBD (Nagoya) in Lao BD management.  - SPS consultation meeting was organised in Vientiane on 14 December 2012, 45 attandants (international and national experts) discussed about treats to trade of BD products.  - Meeting on CA assessment after 9 year programme implemented.  - NAFRI organised a Meeting on response to climate change from biodiversity point of view, 40 participants attended. While planned workshop by IUCN supported by ABP		Expenditures charged ABP – continue to share inputs and support meetings and consultation workshops to seed idea and push mainstreaming biodiversity in policies, programmes and plans at various levels.  Share infromation and adapt lesson learnt from CA.	GoL is actively concerning biodiversity management. But shortage of resources will jeoparadise the process and delay commitment.

			Local awareness of the importance of Laos is a country, which is aimed to be governed/admintered by Laws. So ABP foundation. Various sub-project suggestions are being formulated parties to develop tools/legals concerning BD with close colleboration with public and private sectors.  Jeing considered.

			Project driver on board.	

2. Contribution to aid effectiveness, i.e. update on implementation of the Vientiane Declaration and its Action Plan, HACT, etc

Early to tell. The project design, the NIM and encouragement to inter-project and inter/intra-agency collaboration, however, are important elements to support the principles. Efforts are made to delegate certain responsibilities to local level.

MAF is considering establishing a sub-sector working group on Agro-biodiversity and the project is attending meetings in "Market Development" and "Upland" sub-groups.

The Harmonized Approach to Cash Transfers (HACT) is applied to do activities towards its ultimate goals and the project follows the current UNDP NIM system.

3. Update on partnerships [Brief update on any achievement and/or problem in developing partnerships and inter-agency collaboration. It should also include strategies for south-south cooperation]

As early as April 2010, the Minster of MAF formally established a "MAF Inter-agency Coordination/ Executive Board consisting of the Dir Gen of Planning (Chair), Dir Gen of DoF, Dir Gen of NAFRI, and Dep Perm Sec of PSO – coordinating MAF projects concerned with conventions and protocols including ABP. The Board has yet to meet in 2012.

The monthly meetings with FAO and UNDP provide an excellent entry point for contacts to other project and development partners and several contacts have been made.

Regular contacts with other upland development projects (NUDP, LEAP, CA, SARAFCO, etc) and participation in meetings have provided valuable contacts and networks.

The project design does not specifically mention south-south cooperation, but on the other hand if good opportunities emerge - they will be pursued e.g. assisted by UNDP and FAO.

**4.** Update on gender mainstreaming [Brief update on any achievement and/or problem in terms of mainstreaming gender within the project activities. Strategy for the following period]

Gender issues have been included in 2012 work plan and gender analysis was discussed and carried out and incorporated during sub-project formulation. Participating in gender workshop to learn about gender strategy on capacity strengthening mainly for poor groups, who have poor access to resources 12-14 December 2012.

5. Update on the implementation of audit & Spot Check recommendations [Brief update on progress achieved and problems encountered. Actions planned for the following period]

The first external audit was carried early March. The final audit report was received end May. No spot check has so far taken place. The next external audit will be in first quarter 2013.

6. List main challenges and issues (if any) faced during reporting period [as well as response strategies adopted]

The challenges encountered are:

 Lengthy day-to-day decision making (recruitment, payments, planning, etc.) – Higher degree of delegation of work has been proposed.

- Delayed recruitment of CTA and other short-term TAs. This is critical with regard to the foreseen preparation mission for Farmer Field Schools — which much depends on the cropping season — thus with the risk of up to one year delays.
- Poor reporting capacity of staff Better planned daily, weekly and monthly workplans required.

#### 7. Rating on progress towards results

Output: [From table 1. Contribution to Strategic Goals]	
Output 1.1-1.4	Positive change Negative change Unchanged
Output 2.1-2.6	Positive change Negative change Unchanged
Output 3.1	Positive change Negative change Unchanged

#### IV. Additional Activities which Contribute to the Outcome and/ or Outputs

- Provide information about any activities undertaken by the project that were NOT envisaged in the work plan but which contributed to the outcome and/or outputs? E.g. advocacy and policy dialogue.
  - As per project document the CTA should have been engaged by FAO, but due to delayed recruitment so far, the ABP team did more efforts to compliment and implement project activities in particular of sub-project identification, farmer field school building and so on in stead of CTA.
  - MAF decision on Common Steering Committee with TABI continued to delay. But meeting with MAF on 17 December 2012 was indicating that organisation ABP-TABI will be reviewed and finalized soon. DoPC and UNDP will communicate on the issues.

#### V. FUTURE WORK PLAN

- What are the priority actions planned for the following quarter to overcome constraints, build on achievements and partnership, and use of the lessons learned during the previous quarter?
- Annual review meeting
- Participate in the SOP training
- Draft guideline for selection sup-projects.
- Speeding up activities (finish of sub-project proposals, its translation, comments, prioritization, screening, formulation and implementation, etc).
- Follow-up on specific areas for close collaboration with TABI including aligned work plans
- Formalize specific collaboration mechanism with other projects and relevant agencies

(depending on activity).

- Work closely with governing bodies (MAF Coordination Board Versus national and provincial Steering Committees with TABI).
- Continue to pursue concept of priority planning.
- Followed-up on the recruitment of FAO CTA and other TAs.
- Maintain effective management of day to day works.
- Keep continue monitoring and lessons learned done upon activities.
- Keep and maintain office facility and transportation means in order.
- Coordinate with IUCN to organize the NBSAP consultation in the Northern part;
- Capacity building for local authorities on English skills;
- Review the annual development plan of MAF to assess the gap and identify where agrobiodiversity is missing in the plan and try to mainstream in the annual development.
- Networking with TWGs to prepare database of who doing what related to agrobiodiversity at national and target provinces.
- List major adjustments in the strategies, targets or key outcomes and outputs planned.

# Annex 2: Detailed monthly work plans cum status, Vientiane and district facilitators

#### Vientiane

# ABP - Key activities - Oct 2012 (presented at Monthly meeting 10 Oct., & status end Oct.)

No	Task	Resp.	Dead-line	Details	Status end Oct
1	Draft work plan for October	PM, NPM	8 Oct	Including field visit programme	Done
2	Revised procurement plan	NPM, NPD, UNDP	3 Oct	Including equipment for field offices	Done
3	Formal submission of Q3 progress report	NPM, NPD	10 Oct	2 <sup>nd</sup> draft of Q3 progress prepared 4 Oct.	Done
4	Follow-up on CTA recruitment by FAO	NPD	ASAP	Announcement for candidates FAO	Done
5	Comments on 1 <sup>st</sup> draft of NBSAP , PBSAP	NPM, PA	regularly	Agro-biodiv. was not clearly elaborated. Need for inputs.	Done
6	Follow-up on the PBSAP	NPM, PA	regularly	Reflecting programmes, plans and mechanism for BD management in XK provinceo.	Done, Chitlatda follow up an update version draft
7	Discussion with field facilitators, Fuevue and Khamsao on proposed activities and pilot sites	DFs, NPM	Regularly	Project ideas (22 XK and 12 LB) not well justified and needs more details.	Done with good inputs from Mr Fuevue and Mr Khamsao
8	English and IT training in provinces	DFs, NPM	Regularly	Progress on training,	Well done
9	Workshop on capacity building of district staff	APM, NPM	3 days	Isuues: PCAP, M&E	Done
10	Feed back on Project proposals, PAFO, LB	APM, NPM	Regularly	Comments and feedback on proposed provincial interventions. Alternatively, the APM write proposals based on PCAP format in close collaboration with DF and DAFO.	Pending
11	Visit to NAFRI, LARREC, and projects, related to proposed field activities	NPM, APM	3 times	to have projects identified	Partly done (LARReC)
12	Appraise additional district office equipment needs	DFs, APM, NPM	End Oct	scanners and other office supplies	Done
13	Visit local projects	DFs, NPM, APM	May	Related to provincial proposals and part of field programme	Done

# ABP - Key activities — Nov. 2012 (presented at Monthly meeting 10 Nov.)

No	Task	Resp.	Dead-line	Details	Status end June
1	Q4 2012 work plan cum budget review	APM, ACC, NPM, NPD, UNDP	2 Nov.	Include costs for driver	Nearly done, waiting for more details from field
2	Monthly progress report	NPM	25 Nov.	Report to government	done
3	Interview of CTA candidates from short list	FAO	Early Nov.	To seek qualified candidate for CTA post	done
4	Monthly Meeting w UNDP	APM, NPM, NPD	ASAP after field visit	Including District Facilitators	Postponed
5	Monthly district work plan	Fuevue and Khamsao	1 Nov.	See separate sheets	Done
6	Follow-up on next draft of NBSAP	NPM	ASAP	Follow-up on next draft incl. missing points	communication with
7	Follow-up on the PBSAP	NPM, APM	End Nov.	Final draft	Done, waiting for official adoption by Gov.
8	NIM Principles	UNDP	Mid Nov.	Update among partners	Done on certain issues
9	Review sub project proposals	NPM, APM	Whole month	Follow-up on proposed activities incl. meetings with CA, and others	Done

10	Feed back on project proposals, PAFO, LB	APM, NMP	Continuous	As per detailed implementation plan of proposed local interventions	Done
11	Purchase of office equipment/ furniture for district office	DF, DAFO, APM, NPM	ASAP	facilitate, and condition field offices	Nearly done
12	Announcement for AMP and Driver for project	NPM	30 Nov	Former APM left after one year contract. Driver (s) are needed for driving to field stations	done

# ABP - Key activities — December 2012 (presented at Monthly meeting 30 Nov.)

No	Task	Resp.	Dead-line	Details	Status end June
1	Project proposals reviews, in Lao	NPM, NPD, UNDP	Contiineous ly or daily	To look consistency and feasibility of the proposals	Partly done
2	AMP interview and assignment	Panel	20 Dece	APM on board	done
3	Driver Interview and assignment	Panel	20 Dec	To have on board	done
4	Monthly Meeting	NPM, NPD, UNDP, FAO	30 Dec	Smoothing workplan and reporting	done
5	Monthly district work plan	Fuevue and Khamsao	1 Nov.	See separate sheets	Done
6	Follow-up on NBSAP	NPM	mid Dec	Attendance workshop to fanalize draft	done
7	Follow-up on the PBSAP	NPM, APM	End Dec.	Final draft approval by local gov.	pending
8	NIM Principles training	UNDP	In Dec. Nov.	Strengthening capacity for specific issues	prnding
9	Review sub project proposals	NPM, APM	continued	Translation of sub projects submitted	Partly done
10	Feed back on project proposals, PAFO, LB	APM, NMP	Continuous	Detailed information for local interventions, proposal fittings	Done
11	Purchase of office equipment/ furniture for district office	NPM	24 Dec	Fcontinue to acilitate, and condition field offices in order to be ready to fit	done

# Monthly Report For December, 2012 ABP Field Office, Phoukoud District, Xiengkhoung Province

- According to the monthly work plan for December 2012 of ABP field office, Phoukoud district,
   Xiengkhouang Province.
- According to the actual task implementation in December 2012.

Therefore, ABP Phoukoud office and the district Agriculture and Forestry Office of Xiengkhouang Province have summarized the tasks carried out in December, 2012 as following:

- I. Tasks implementation
- 1. Sub project proposal preparation
- Closely coordinated with Phoukoud district Public Health Office to prepare the proposal for "Medicinal plants conservation and domestication at Donglong site, Phoukoud mountain foot hill", Phoukoud district, Xiengkhouang province. And the Agriculture and Forestry Extension sector, PAFO, especially the sub project responsible person to revise the proposal of "Banna planting" to the PCAP template, which was trained. The brief information of the two proposals are shown as below:

Project Name	Project Targeted Location	Implement Period	Estimated Budget	Proponent Organization	Contact Person
Medicinal plants conservation and domestication	Donglong site, Phoukoud mountain foot hill, Phoukoud district.	From Jan, 2013-Jul, 2014	263,015,000 LAK	Phoukoud district health office	Dr. Thongher Tel: 5556 5151 Email: need_u2008@yahoo.com
Banana Planning	Longhang, Langchong & Vangtong	Feb 2013 – Jan 2014	103,772,000 LAK	Agriculture Division/ PAFO	Mr. Buakham Mob: 22947622 Email: khamboa@yahoo.com

- Coordinated with the district information, culture and tourism office to prepare the proposal for "Biodiversity conservation planning and management at big rocket mountain", at Ban Xong and Nongkang, Kumban Ang and Sui-viengxai, Phoukoud district and assisted the district Industry and trade office prepared the proposal for "Management and expand promotion of NTFPs(Had Kor and Had Wai)" at Ban Bong and Ban Nyodphe, Kumban Thai-Longkhan, Phoukoud district, Xiengkhouang Province. The main goal of the two sub projects is to contribute in biodiversity management and conservation for sustainable use. The two proposals are being done around 60%, and some of the contents and budget are being developing.
- 2. English Training for district and technical service center staff.
- Closely monitored the training course, facilitated for purchasing teaching aids, training materials as flash cards, color paper and taps etc. and paid fuel reimbursement for the technical staffs who

attended the English training. And also prepared and printed 18 certificates for training participants.

On 25<sup>th</sup>/Dec/2012 at 17:00 to 19:00 PM, a certificates handover ceremony was held, chaired by Mr. Khamphone Oudomsouk the vice district governor of Phoukoud /ABP district project steering committee, and co-chaired by Mr. Viengkham Chanthala, the head of DAFO. During the ceremony many trainees and the chairmen proposed that they would like ABP to facilitate the budget in order to extend the training course and the training hours should be more than before.

#### 3. Administrations and other tasks.

- Purchased of necessary office supplies for December 2012 such as printer toner for office, extension code, note books, pens, A4 paper and others.
- Prepared detailed expenditure report for purchasing stationery supply, transportation cost, snacks and others for the English training course from September to December 2012.
- Updated project asset list for Phoukoud district, Xiengkhouang province.
- Prepared monthly report for December, fourth quarterly and 2012 annual activity and expenditure reports for ABP Phoukoud district, Xiengkhouang province.

### II. Facilities, difficulties and solutions

#### 1. Facilities

- The district project steering committee as well as the DAFO were closely coordinated especially, the preparation and attending for closing English training ceremony.
- Sufficient budget for office supplies and admin costs for December, 2012.

#### 2. Difficulties

- The district and technical service centre staffs are lacked of experience on project proposal preparation so it takes time for a proposal to be prepared.
- The national level is slowly to check/comment the district and provincial sub project proposals which already sent, therefore the project concerned partners, especially, the key person of the sub projects/concept notes are lacking of confidence.
- Lack of necessary office equipments as telephone, scanner, photocopy machine, so it is difficult and takes times for sending and copying of project documents.

#### 3. Solution

- Closely working with the key person for each sub-project, especially, the district and technical service center staffs.
- Increase the coordination between the project national and local levels, speed up to check the proposals in order to revise or approve budget for its activity implementation.
- Should speed up to provide necessary office equipments for the field office in order to communicate and sending project documents faster.

## 4<sup>th</sup> Quarterly Report for ABP Phoukoud District, Xiengkhouang (October-December, 2012)

- Based on the monthly work plans from Oct to December, 2012 of ABP Phoukoud district office.
- Based on the activities implemented during the last quarter.

Therefore, ABP District Facilitator and Phoukoud District Agriculture and Forestry Office, Xiengkhouang Province have been reporting the activities has implemented as following:

- III. Works/activities carried out
- 1. Capacities and incentives to mainstream biodiversity, especially agro-biodiversity, at the provincial, district and community levels.
- 1.1 Sub project proposals preparation.
- On 8<sup>th</sup> November, 2012 ABP Phoukoud field office and District Agriculture and Forestry Office (DAFO), Xiengkhoung province held a meeting with the district and technical service center officers, the total number of participants was 20 people, 6 female, the meeting was attended by Mr. Khamlar Vilaysouk, Phoukoud DAFO Deputy. The main objective of the meeting was to give brief orientation on the project proposal template(PCAP) and the goal of ABP project to the district and technical officers to understand and also to assign the sub project proposals for each staff to be responsible for the proposal preparation, as shown in the following table:

No	Name of activity/sub project	Target Kumban	Responsible partners	Contact person
Crop	cultivation sector			
01	Local rice quality improvement and IPM	Thai-Longkhan	DAFO	Mr. Phonephane
02	Organic vegetable in rainy season	Khueng-Longhang	DAFO	Mr. Sengaloun
03	Chilli planting promotion	Khueng-Longhang & Sui-Viengxai	DAFO	Mr. Khammouan Mr. Sengchan
04	Coffee promotion	Thai-Longkhan	DAFO	Mr. Somlith
Lives	tocks and fishery sector			
01	Rice-fish cultivation	Khueng-Longhang	DAFO	Ms. Bounhom
02	Indigenous chicken rearing(Black meated)	Ang	DAFO	Ms. Syvannee

05	Biogas	Ang&Thai-Longkhan	DAFO	Mr. Sengvilaysoc
Fores	try, NTFPs and medicinal plants			-
01	pFLUP	Sui-Viengxai	DAFO	Mr. Khamking
02	Community forest conservation	Khueng	DAFO	Mr. Phoutthasone
03	Wild tea conservation and domestication	Thai-Longkhan	DAFO	Ms. Khanthong
04	Biodiversity conservation and management at big rocket mountain site(Phou bang fai)	Thai-Longkhan, Sui- Viengxai & Ang	DICTO	Mr. Bounsom
05	NTFPs management (Had Kor & Had Wai)	Thai-Longkhan	DITO	Mr. Soukan
06	Medicinal plants domestication demo site	Khueng(DoH)	DoH	Dr. Thongher
07	Medicinal plants conservation and domestication at Donglong, Phoukoud mountain foot hill	Ang	PHD	Dr. Viengvilay

**Note:** The proposal of medicinal plants conservation and domestication at Donglong, Phoukoud mountain foot hill was given to Phoukoud district health office to prepare.

 Coordinated/assisted Phoukoud district health office to prepare the proposal for "medicinal plants conservation and domestication". And the Agriculture Extension sector, PAFO, especially, the key person to revised the proposal for "Banana planting" to the PCAP template which trained as shown in the following table:

Name of project	Target project location	Project period	Expected budget	Responsible partner	Contact person
Medicinal plants conservation and domestication	Donglong, Phoukoud foot hill, Ban Xai & Ban Poua, Kumban Ang, Phoukoud.	Jan, 2013-Jul, 2014	263,015,000 LAK	Phoukoud DoH	Dr. Thongher Tel: 5556 5151 Email: need_u2008@yahoo.
Banana planting	Ban. Longhang, Langchong & Vangtong, Kumban Kheung- Longhang	Feb, 2013-Jan, 2014	103,772,000 LAK	Agriculture Extension sector/PAFO	Mr. Khamboua — Tel: 22947622 Email: khamboa@yahoo.cor

Coordinated/assisted District Information, Culture and Tourism Office to prepare the proposal for "Conservation and management of biodiversity at big rocket mountain site" at Ban Xong and Ban Nongkang, Kumban Ang and Sui-Viengxai, Phoukoud district. And District Industry and Trade office to prepare the proposal for "NTFPs conservation and management (Had Kor & Had Wai)" at Ban Bong and Ban Nyodphe, Kumban Thai-Longkhan. The main objective of the two projects aim to contribute in conservation, management and sustainable use of local biodiversity. The two proposals have been developed around 60%, and some of the contents and budgets are being developed.

#### 1.2 Capacity building for provincial and district implementation partners

Agro Biodiversity Project (ABP) has an important role on capacity building, development for provincial and district implementation partners and communities in relation with the conservation, management and sustainable use of the local biodiversity.

- English Training: the basical English skills development training for provincial and district implementation partners is one of the projects' outcomes. facilitated/supported the budget and necessary stationery for a short-term English training (three months from Sep to Dec, 2012) for district and technical service center officers, the total number of trainee was 20 people, 5 female. The trainees came from different district offices such as: DAFO, DNRE, DoH, DWO, DPIO, DICTO and four technical service centers. The objective of the training was to enhance the basic English skills of the district and technical service center implementation partners and to increase the relationship between ABP and other related offices in the district. On 25<sup>th</sup>/Dec/2012 at 17:00 to 19:00 PM, a certificates handover ceremony was held, chaired by Mr. Khamphone Oudomsouk who is the vice district governor of Phoukoud /ABP district project steering committee, and co-chaired by Mr. Viengkham Chanthala, the head of DAFO. During the ceremony many trainees and the chairmen proposed that they would like ABP to facilitate the budget in order to extend the training course and the training hours should be more than before. The project also supported one of the provincial project implementation partners (provincial project coordinator) to attend a short term English training course at Tonsivit Vocational School.
- PCM and PCAP training for provincial and district implementation partners: On 10<sup>th</sup>-12<sup>th</sup> /10/2012, three of ABP provincial project partners and four of district attended the project cycle management(PCM) and how to prepare a project proposal by using PCAP format, the training was organized by ABP and held in Thalad, Keo Oudom district, Vientiane province.
- Computer training plan for district and technical service center staffs: ABP and Phoukoud district have drafted a training and budget requisition plans to organize a short computer training course for around twenty participants (district and technical service center staffs), especially, the key person who responsible for the proposals preparing. The training is planned to organize at Phoukoud DAFO because it will spend less buget than taking the team to train in Phonsavanh. The detailed plan was already posted to Vientiane office.

#### 3.4 Other tasks carried out.

- Coordinated with TABI district project coordinator to get the list of TABI current SPAs in Phoukoud district for both which the proposals are being developed and already approved to implement. Around 14 of TABI's SPAs are implementing in Phoukoud district and around 10 are being developed.
- Coordinated with DAFO officer to compile the pFLUP data in Phoukoud district which carried out by Namngum Watershed Management project and TABI (See Phoukoud pFLUP data summarizing in Annex 1)
- Updated the asset list for ABP Phoukoud district, Xiengkhouang province.

#### 2. Project management

- Coordinated with project provincial, district coordinator and other stakeholders for the field
  activity implementation planning, budgets for activities and office admin budgets as monthly and
  quarterly and also prepared regular reports.
- On 13<sup>th</sup>/Nov/2012, attended TABI's meeting regarding the general progress report from the implementation team of pFLUP carried out round 1&2 in ten villages in Kumban Thai-Longkhan and round 1,2&3 in five villages in Kumban Khueng-Longhang and planning for round 3 in Kumban Thai-Longkhan and round 1,2&3 in Kumban Ang.

#### IV. Advantages, Risks and solutions

#### 1. Advantages

- The district steering committee as well as DAFO have been closely in guiding the district project activity implementation;
- Sufficient budget for office supplies and admin costs for every month available timly;
- The provincial and district coordinator as well and other concerned partners were closely coorperated in planning, task implementation and proposal preparation.

#### 2. Risks

- The national project level is late for checking/providing comments for the proposals which sent, so some of the sub project are off-season such as: bee keeping, BD Awareness raising at schools and communities;
- The approving budget for monthly office supply and admin costs were mostly at the end of the month, so it causes lake for the expenditure report;
- Lacked of essential office equipments such as desk telephone, scanner, photocopy machine as it is hard and delay for sending and photocopying of project documents;
- Some of the provincial and district implementation partners lacked of experience and attention on project proposals/concept notes preparing, therefore, it took longer of time and are still pending.

#### 3. Solutions

- The national project level should speed up for checking/providing comments to the proposals sent in order to revise or approving budget for the field activity implementation;
- The approving of monthly budget for office supply and admin costs should be faster than before
- Necessary office equipments for ABP district office should be provided in order to communicate or sending project documents faster;
- Closely assist district and technical service center officers in preparing the sub project proposals;
- A consultation meeting should be organized between the national and local levels in order to discuss the running of project activities smoothly.

#### V. Future work plan (1st Qt, 2013)

- 1. Capacities and incentives to mainstream biodiversity, especially agro-biodiversity, at the provincial, district and community levels.
- Follow up the pending project proposals/concept notes and forward to the NPM/VTE team for additional feedbacks/ comments
- Prepare detailed plan and implement field activities of the approved sub-projects

#### 2. Project management.

- Monthly activities planning with project provincial and district coordinator as well as other stakeholders;
- Attend the planning, progress report or lesson learned meeting of the project partners at district, provincial or national levels as per require;
- Prepare weekly, monthly and quarterly activities and expenditure reports;
- Coordinate with other project implementation partners in the district, provincial levels as well as other related projects.

#### MINUTES OF 14<sup>th</sup> MONTHLY MEETING October 2012

Friday, 10 October 2012 (14:00 to 16:00hrs), ABP Office, MAF

#### 1. Objectives

The objectives of the meeting were to follow up progress from last meetings and discuss other pending issues

#### 2. Participants

- Mr. Bounkong Souvimonh, NPM, ABP
- Mr. Souksavanh Sisouvong, APM, ABP
- Ms. Viengthong Sengkhamkhoudlavong, Accountant, ABP
- Ms. Nou Xayleuyang, Cashier, ABP
- Ms. Bounsong Thammavong, Admin Officer, ABP
- Mr. Bruno Cammaert, Chief Env. Unit, UNDP
- Ms. Chitlatda Keomuongchanh, PA, Env. Unit, UNDP
- Mr. Ilari Sohlo, NRMA, FAO

#### 3. Meeting Agenda

- Overall progress Q3 activities and follow up actions from the last meeting.
- Issues related to HR, consultancies
- IT & equipment issues
- Sub-project concept notes and proposals
- Basic skill developments
- Budget/finance/reporting issues
- AOB

#### 4. Results of the Meeting

#### Overall progress - Q3 activities and follow up actions from the last meeting

N/PBSAP — IUCN sent link to download the PBSAP report to ABP team including UNDP. IUCN is waiting for input/feedback from the local GoL to finalize the draft and will resend to all for feedback including the English version. UNDP had informed about financial closure in the Atlas system and request all project to close PO in the system. Therefore, final payment for IUCN could be done as the draft reports sent to the ABP and UNDP will be used as outputs and final payment can made as soon as possible. The ABP has to provide the evaluation form for and send to UNDP by next week to clear the final payment. Chitlatda will contact IUCN to ask them to send the draft reports both hard and soft copies to the project team.

- The NBSAP consultation meeting in the Northern provinces has not been confirmed by IUCN. Chitlatda will follow up with IUCN regarding the meeting schedule and agenda, etc.
- The monthly meetings with FAO & UNDP are regularly carried out.
- Informal meetings with Chris & Pheng of TABI have been carried out by the NPM & Pre-CTA. Continuation of the efforts integration of the TABI & ABP with one NPM and collaboration elements under a common umbrella were discussed
- Several contacts and meetings with other development partners have been made
- The fifth field visit to LB conducted during 20 21 Jul. The aims were to follow-up on last visits action plan and to in-depth discuss sub-project proposal from NAFC.
   Participants include Souk, Ole & Khamsao. A draft sub-project proposal is attached in Annex III.
- The NPM, Pre-CTA and project staffs attended the medicinal consultation workshop in Xiengkhuang province on 26 Jul. 2012. The workshop report finalized and distributed to all participants.

#### Issues related to HR, consultancies

- The APM's current contract expired on 29 Sep. 2012. The NPM promised to conduct
  the performance evaluation of the APM and renew/extend his contract on
  Wednesday, 3 Oct. 2012 by two o'clock at the latest. His new ToR will be more on
  technical aspects that will be revised later or after the contract signing
- The FAO CTA recruitment has been progressing well the key panel involved the
  participation of the UNDP & ABP. FAO is currently in the process of contacting the
  first candidate. In case the first candidate declines the terms of employment offer,
  the post will be offered to the second candidate. The FAO CTA will be ready on board
  in mid-Oct. 2012
- The FAO TAs: Mr. Ilari reported that the recruitment process has not started due to needing CTAs to review and endorse the TA ToRs. However, the process of recruitment could be faster as FAO has lists of some TA applicants in their database. FAO could select some and invite them for the interview once the announcement is opened. Mr. Ilari was given the task to follow up with FAO Country Repetitive whether the CTA endorsement is really or FAO could start the recruitment process in order to get the TAs on board to work with CTA. FAO will inform the ABP & UNDP team about this.
- ABP Driver: ABP received two applications from the persons who used to drive the ABP car to LB & XK during the past quarters of 2012. It was agreed with UNDP that the ABP should place an advertisement for this post in local newspapers. The two applicants as mentioned-above are encouraged to include in the shortlist. The recruitment process should be the same as other project staffs'/ following the NIM rules
  - The recruitment of an English teacher (IC) for Phoukoud of XK completed & the contract signed on 3 Sep. 2012. The first payment made on 14 Sep. 2012
  - <u>The translator</u>: ABP requested for quotations from a number of suppliers. Only 3 individual consultants submitted their proposals "Mr. Phatsakone Dejvongsa, Mr. Bounsy Douangkhemthong & Mr. Sisaveuye Chanthavisack". The ABP selection committee finalized and conducted the evaluation process. The selection/

evaluation results signed and approved by the PMB/NPD. However, Mr. Bounkong proposed to invite additional translators to apply and finalize the process again as there might be more chance of getting a good translator. In response Mr. Bruno <u>underlined</u> the finalization of the new selection process should be done and completed by the end of this week "follow the NIM procurement rules", and if not then the project should go ahead by hiring the selected translator within a one-year period, next week at the latest. Payments to the translator will be done on a task-by-task basis. The screening process will be started as soon as the sub-project proposals are translated.

- <u>District office cashiers:</u> The DAFO Heads (of PK & PX) nominated a volunteer staff
  to assist in works of the ABP Field Offices in relation to the day-to-day
  administrative and financial management, etc. It has been agreed that the ABP
  should cover project related transportation, communication and other
  miscellaneous costs of the volunteer as a lump sum per month per person, such
  as so-called "Incentive". The District Facilitator's roles should be more focus on
  technical aspects
- Annual leave: the NPM stated that the ABP staffs are contracted for a one year basis are advised to follow the Government regulations on personnel leave as stated in the contract. Therefore, to take annual leaves they owe to follow the Government/MAF procedures, the procedures are in the project filing documents. In response, Mr. Bruno underlined that all the project staffs from the UNDP supported NIM projects are eligible to take annual leaves and other leaves in accordance with the agreement on NIM Rules between the UNDP CO & GoL (DIC/MPI). UNDP will send out the most updated NIM Rules/guidelines to the NPM for further reference

#### IT & equipment issues (Scanners, Desk-phone & Camera)

 Mr. Souk stressed an urgent need for procurement of the above-mentioned equipment. It was agreed that the ABP sends out an email to the Procurement Unit/UNDP and start <u>purchasing equipment ASAP</u> – follow the NIM Rules (Standard Operating Procedures)

#### Sub-project concept notes and proposals:

ABP received 18 sub-proposals from project key partners of which LB-12, XK-4, LARReC-1 & PSO-1 (see-Annex II). None of these sup-project proposals has been translated into English except the A/BD capacity development/NAFC (LB), item#09. Mr. Bruno stressed the urgent need in translation of all the proposals prior the FAO CTA and other TAs are being in place. He also suggested that ABP sends out one or two pages of the technical docs to the translator/s "for test" and see if the quality of the translation is met with the ABP requirement. Regarding the prioritization of the sub-project proposals Mr. Bounkong suggested Bruno, Chitlatda and Ilari to help on developing the draft criteria so that the ABP team could build on/follow accordingly

#### Basic skill developments (English, IT/Computer & PCAP trainings):

• In Phoukoud (XK): the English training course for District technical staffs started on 10 Sep. 2012. The trainees divided into 2 groups [group A. Beginnerx7pax; and B. Pre-intermediatex13pax]. The venue for the training is DAFO of Phoukoud. The 1<sup>st</sup> term starts from Sep – Dec. 2012 (Mon – Fri). The objective of the training is to increase English proficiency of District technical staffs

- In Phonexay (LB): the English & computer trainings for District technical staffs started in mid Sep. 2012. The 1<sup>st</sup> term starts from Sep Dec. 2012 (Sat Sun). All the trainees travel from/ to Phonexay for attending the training courses in LB provincial town
- A 3-day PCM/PCAP training is scheduled for mid-Oct. 2012 at Thalad in VTE province. Participants include representatives from two project target provinces and districts and project staffs. 2 resource persons/trainers from DoP/MAF. UNDP recommended that the training should be organized once prioritization of the sub-projects is completed. ABP should select the eligible proposal and use it as a case study/assignment during the training workshop.

#### **Budget/finance/reporting issues:**

• The fourth QWP cum budget of 2012 and target are due to be ready by next week. The third QPR of 2012, including the FACE/ICE form/IPOA settlement will be ready to submit to the UNDP on 10 Oct. 2012. There has been an under-spend in the ABP's budget (from the 3<sup>rd</sup> advance) which will be carried over to Q4 of 2012

#### AOB:

- The 2012 ARM is scheduled for January next year (date & time TBD by ABP). Chitlatda will follow with the NAPA FU if these 2 projects could join the 2012 ARM
- Any of the project team "ABP, FAO, UNDP, etc" <u>day-to-day coordination</u>, <u>communication</u>, information sharing/exchanging will be done via email, with copying to the persons who are concerned about it

#### **Immediate Actions**

- Chitlatda to coordinate with IUCN to ask them to send hard copy and soft copy of NBSAP and PBSAP to the ABP team. Based on the draft report, ABP has to prepare the evaluation form and send to Chitlatda to facilitate the final payment procedures.
- Chitlatda to follow with IUCN regarding the schedule and agenda of the NBSAP consultation meeting in the Northern provinces
- Organize a regular project monthly meeting with FAO & UNDP
- Continue collaboration with TABI and other development partners
- Conduct the performance evaluation of the APM and renew/extend his contract on Wednesday, 3 Oct. 2012 by two o'clock at the latest.
- Revised the APM's ToR after the contract signing. ToR to be shared with UNDP for adjustment and comments.
- Signing of the FAO CTA contract
- Follow up with FAO regarding the FAO TAs recruitment and its process
- Place an advertisement for the post of a project driver and recruit
- Draft ToR for the District office cashiers (PK & PX)
- Coordinate with UNDP regarding the most updated NIM Rules/guidelines for the NPM
- Sends out an email to the Procurement Unit/UNDP and start purchasing the equipment
- Translation of the sub-project concept notes and proposals
- Draft a criteria for prioritizing and screening of the sub-project proposals and formulating
- Conduct a 3-day PCM/PCAP training at Thalad in VTE province

- Preparation of the fourth QWP cum budget of 2012 and targets
- The third QPR of 2012, including the FACE/ICE form/IPOA settlement
- Follow up with NAPA FU regarding the organization of the 2012 Join ARM
- Preparation of the 2012 ARM

Minute of Meeting: Novemeber 2012

28 November 2012

Objective:

#### 1. Objective:

To monitor and follow up on the progress of October Work Plan implementation and make tentative November darft Plan and discuss other interest issues.

#### 2. Participants

- Mr. Bounkong Souvimonh, NPM, ABP
- Ms. Viengthong Sengkhamkhoudlavong, Accountant, ABP
- Ms. Nou Xayleuyang, Cashier, ABP
- Ms. Bounsong Thammavong, Admin Officer, ABP
- Ms. Chitlatda Keomuongchanh, PA, Env. Unit, UNDP
- Mr. Ilari Sohlo, NRMA, FAO

#### 3. Meeting Agenda

- Overall progress Q3 activities and follow up actions from the last meeting.
- Issues related to HR, consultancies
- IT & equipment issues
- Sub-project concept notes and proposals
- Basic skill developments
- Budget/finance/reporting issues
- AOB

#### 5. Results of the Meeting

#### Overall progress - Q3 activities and follow up actions from the last meeting

- N/PBSAP IUCN sent link to download the PBSAP report to ABP team including UNDP. IUCN is waiting for input/feedback from the local GoL to finalize the draft and will resend to all for feedback including the English version. UNDP had informed about financial closure in the Atlas system and request all project to close PO in the system. Therefore, final payment for IUCN could be done as the draft reports sent to the ABP and UNDP will be used as outputs and final payment can made as soon as possible. The ABP has to provide the evaluation form for and send to UNDP by next week to clear the final payment. Chitlatda will contact IUCN to ask them to send the draft reports both hard and soft copies to the project team.
- The NBSAP consultation meeting in the Northern provinces has not been confirmed by IUCN. Chitlatda will follow up with IUCN regarding the meeting schedule and agenda, etc.
- The monthly meetings with FAO & UNDP are regularly carried out.
- Informal meetings with Chris & Pheng of TABI have been carried out by the NPM & Pre-CTA. Continuation of the efforts integration of the TABI & ABP with one NPM and collaboration elements under a common umbrella were discussed
- Several contacts and meetings with other development partners have been made

- The fifth field visit to LB conducted during 20 21 Jul. The aims were to follow-up on last visits action plan and to in-depth discuss sub-project proposal from NAFC.
   Participants include Souk, Ole & Khamsao. A draft sub-project proposal is attached in Annex III.
- The NPM, Pre-CTA and project staffs attended the medicinal consultation workshop in Xiengkhuang province on 26 Jul. 2012. The workshop report finalized and distributed to all participants.

#### Issues related to HR, consultancies

- The NPM conducted the performance evaluation of the APM and renew was not encouraged. Announcement for new APM was discussed and urged to do by PM following NIM procedures.
- The FAO CTA recruitment has reported that FAO is proceeding recruitment process made by FAO Rome. ABP urged FAO to assign soon to avoid jeopardy to the implementation of the project. FAO is currently in the process of contacting the first candidate. In case the first candidate declines the terms of employment offer, the post will be offered to the second candidate.
- ABP Driver: ABP posted an announcement for this Job Vacancy in Vientiane Time Newspaper. Twenty candidates applied for this post. Three qualified candidates were shortlisted.
  - The English course is continuing: local staff were strengthened in Phoukoud, XK and Phonexay, LP.
  - The translator: Three applicants were submitting their interest with quotation, there were two individual consultants ("Mr. Phatsakone Dejvongsa, & Mr. Sisaveuye Chanthavisack") and one company (Mr. Bounsy Douangkhemthong) submitted their proposals. The ABP selection committee will finalize and conduct the evaluation process.
  - <u>District office cashiers:</u> They were trained on the job by DF

IT & equipment issues: Twoo scanners were purchased one for each district.

#### Sub-project concept notes and proposals:

- ABP received 22 sub-proposals from project key partners of which LB-12, XK-8, NAFC-1, CA-1, LARReC-1 & PSO-2. None of these sup-project proposals has been translated into English except the A/BD capacity development/NAFC (LB) and CA's.
- AOB:
- The 2012 ARM is scheduled for January next year (date & time TBD by ABP). Chitlatda will follow with the NAPA FU if these 2 projects could join organising together 2012 ARM.
- Any of the project team "ABP, FAO, UNDP, etc" <u>day-to-day coordination</u>, <u>communication</u>, information sharing/exchanging will be done via email, with copying <u>to the persons</u> who are concerned about it

## Minute of Meeting: December 2012 Monthly Meeting Date 28 December 2012

#### Attended by:

- Mr. Bounkong Souvimonh, Project Manager, MAF
- Ms. Chitlatda, Project/Programme Analist, UNDP
- Ms. Yvette, Programme Officer, UNDP
- Mr. Saly Soukpanya, Programme Officer, FAO
- Ms. Viengthong, Project Accountant.

The Meeting discussed and Agreed upon the following issues:

#### I. Annual review meeting that schedule on 16th Jan:

- 1. List of invitees will be prepared by the ABP team and send to UNDP by 7<sup>th</sup> Jan. Proposed invitee will include: representatives from TABI, MAF-Planning Department, steering committee of TABI, project board members, NARI, NUDP, FAO, District facilitator, Provincial counter parts in both provinces, land department, RARIC, IUCN, STEA, DEC, SDC, etc.
- 2. Chair for the meeting: Dr. BounAy, and co-chair Ms. Kyoko
- 3. Venue; of the meeting: Meeting room of MAF (TBC -by Mr. Bounkong by 7th Jan)
- 4. Invitation will be prepared by ABP team and send out by 8 or 9<sup>th</sup> Jan. Ms. Viengthong will call to follow-up their participation.
- 5. Ms. Viengthong was asked to do budget estimation for the annual review meeting. The expenditure for this activitie could be put in Q4 expenditure although we do it on 16<sup>th</sup>, we can still put that in. Ms. Vienthong has to issue check back date (before 31 Dec 2012) and record this ad prepayment in the IPOA to be sent to UNDP on 10<sup>th</sup> Jan. Drop Ms. Chilatda a call if she needs more clarification.
- 6. Document to be distributed during the meeting include: 2012 annual report, 2013 AWP, 1<sup>st</sup> QWP 2013, agenda and powperpoint presentation. Mr. Bounkong will update the draft Q3 progress report based on feedback from UNDP, finalized, and signed it and send to UNDP. For Q4 progress report will be sent to UNDP for review by tomorrow. UNDP will provide feedback by 7<sup>th</sup> or 8<sup>th</sup> Jan. While waiting for feedback, Mr. Bounkong will work on the draft 2012 annual reports based on Q1-Q3 progress report and once get inputs from UDNP, he will consolidate in the report. The draft 2012 will be shared with UNDP by 10<sup>th</sup> Jan for review.
- 7. Powerpoint presentation: once the 2012 annual report is finalized, the powerpoint will be drafted. Structure of the powerpoint will be the same as last year: introduction to the project framework, overall budget and expenditure up to now, progress of the implementation in 2012, challenges and lesson learnt, proposed workplan for 2013.
- 8. Ms. Yvette and Ms. Chitlatda have to brief Kyoko on the preparation of the annual review meeting, tentatively on 8 or 9<sup>th</sup>, so they would expect the list of invitee will send to them by 7<sup>th</sup> and the invitation will be sent out as per set dateline.

#### For template of the contract of translator:

Please see attached file. Please update information in the yellow highlight. Note you should prepare for this consultancy and shared us. Template of TOR is attached herewith fyi as well. As we discuss this morning, we would encouraged you to request list of previous product that the first rang candidate provided a service, and do a reference check by phone call or can be by sending the reference paper to them to fill in. This will help us to ensure that quality of their service is good and acceptable.

#### For extending the English course in the provincial level:

Please send the evaluation form to participants and ask them to fill the form. After that you have to summarize the ratting that selected participants provide to you. Base on this you could you the evaluation by using the same form. If the response from participants is good, then you could put in the evaluation sheet that you recommend to extend the contract for them. Based on this you could renew the contract. You have to ask the institution to

provide a quotation for the new period. Note to file should be prepared before renew the contract – just refer to the evaluation and new quotation.

#### II. Q1 2013 will be focused on:

- Sub-project activities, which the working session to discuss on the process on how to select, implement and responsibilities will be set after the annual review meeting.
- CTA recruitment
- Coordinate with IUCN to organize the NBSAP consultation in the northern part
- Established the common programme board/steering committee between TABI/ABP: Mr. Bounkong will contact TABI to get the name list and include name from ABP side and get approval from MAF. The letter should be sent to inform DIC, with copy to UNDP, FAO, TABI and SDC.
- Capacity building for local authorities extending the contract for English course
- Review the annual development plan of MAF to assess the gap and identify where agro-biodiversity is missing in the plan and try to mainstream in the annual development.
- Networking with TWGs to prepare database of "who doing what" related to agrobiodiversity at national and target provinces.
- Workshop on Review of National Agrobiodiversity Programme and ITPGRFA jointly organized with NAFRI.
- Translation of sub-project documents and other projects's in to English and Lao toaccommodate and speed up the project implementation.
- Field visits as due.

## III. Training on ToT of Biodiversity concerning laws through the Handbooks that were developed by MAF and NCSAFU project:

Mr. Bounkong will check with Mr. Bounlam about their plan and to confirm with UNDP and FAO whether they will do the TOT next week or not.

#### IV. \_ \_ CTA:

Based on the meeting between UNDP (Mr. Minh, Kyoko) and MAF (Dr. Parisak, ABP, TABI and Planning department), Dr. Parisak has assigned Planning department to lead on the establishment the common project management system and finalize the recruitment of CTA. UNDP sent a letter to Mr. Somphanh to follow-up. This is required Dr. BounAy and Mr. Bounkong to coordinate with planning department and responds to the UNDP letter.

#### $\mathbf{V}$ . APM:

APM assignment, contract arrangement for getting him on board as soon as possible and the contract extension for accountant and district facilitators is reminded to NMP.

- VI. 2013AWP: NPM would finalize and sign by this week.
- VII. Audit is proposed to be in March, the project is reminded to prepare all necessary documents,
- VIII. SOP training is an import event mainly for a new project, ABP NPM and APM will attend it.
