Dear Kristina,

Thanks for the nomination notice.

If possible, please nominate an alternate member as well.

Please also let me know the position of Ms. Stameska so that we can include her name in the briefer and the agenda.

Thanks for your appreciation,

Kind regards,

**Subject:** Project "Building municipal capacities for project implementation"

Dear project partners,

It is my pleasure to inform you that the project "Building municipal capacities for project implementation" has officially started. The agreement with Sida was signed just before the end of last year and we are in the project initiation phase where we further explore and elaborate the project ideas and activities and deal with necessary administration issues (project registration, recruitment, etc.).

The Project Manager, Filip Nelkovski, joined the project this week and the recruitment process for the Project Assistant is in its final stage. We expect to have him/her onboard on 1 February 2019, at latest.

The first Project Board meeting is planned for the next to last week of January and the invitation for the meeting and to nominate project board members and alternates will be sent to you next week.

For your reference, please find attached the project one-pager.

Should you have further queries feel free to contact me.

Looking forward to our cooperation on this project,
