Democracy Consolidation Programme (DCP) III builds on the lessons from DCP II to make a greater contribution to the realisation of the right to development through community driven demand for democracy, good governance, and human rights. Thematically, DCP III focuses on the development of skills for coherent demand of the right to development at all levels, the advancement of fair markets, and the performance of duties at all levels. In implementation, DCP III continues collaborating with civil society organizations and public bodies and in partnership with the Ministry of Local Government, on improved gender sensitive service delivery through local government structures and processes.

The programme is reflected in the UNDAF for Malawi Outcome 5: Good governance, gender equity and a right based approach to development enhanced by the 2011 and UNDP CPAP outcome 4: An informed public, actively claiming good governance and human rights by 2011.

The programme will be implemented by the Democracy Consolidation Programme Office that will be responsible for the implementation of all activities in this AWP, monitor and provide monthly financial reports and quarterly progress reports to UNDP. Following the implementation of Harmonized Approach to Cash Transfer (HACT) modalities, advances will be disbursed directly to the implementing partner on a quarterly basis upon receipt of a satisfactory progress report. It is envisaged that the Office of the President and Cabinet will use existing structures such as the DCP Steering Committee to play a coordinating role for this Work plan. The members of the DCP Steering Committee include the OPC, the DCP project and all its civil society and public sector cooperating partners including Ministry of Local Government and rural development; the Ministry of Justice and the National Assembly.
