30 January, 2015

Dear Mr. Bandora,

SUBJECT: TRANSMISSION OF ORIGINAL SIGNED UNPAF ACTION PLAN

This letter had reference and serves to transmit the original signed UNPAF Action Plan (2014-2015) for your files. Having completed the outstanding signing processes, we believe that we are now ready to move to the next level.

We are against that background suggesting that a meeting be arranged between our two offices to explore the most feasible ways to bring all parties to the table and agree on the modus operandi.

Yours Sincerely,

WILLEM GOEIEMANN

IN WITNESS THEREOF the undersigned, being duly authorized, have signed this UNPAF Action Plan on this day _____ in Windhoek Namibia.

Signatures of Pillar Convenors representing all participating UN System Agencies, Programmes and Funds in Namibia
For Institutional Environment Pillar:  Mr Tharcisse Barihuta, OIC UNESCO
For Education and Skills Development Pillar:  Ms Micaela Marques de Sousa, UNICEF Representative
For Health Pillar:  Dr Mohir Islam, WHO Representative
For Poverty Reduction Pillar:  Mr Neil Boyer, UNDP Deputy Resident Representative

Signatures of Sector Coordinators representing all participating Offices, Ministries and Agencies of the Government of the Republic of Namibia
For Governance Sector:  Ms Nangula Mbako, Permanent Secretary, Office of the Prime Minister
For Education Sector:  Mr Alfred Ilukena, Permanent Secretary, Ministry of Education
For Health Sector:  Mr Andrew Ndishiinshi, Permanent Secretary, Ministry of Health and Social Services
For Poverty Reduction:  Mr Erastus Negonga, Permanent Secretary, Ministry of Gender Equality and Child Welfare

Andries Leevi Hurgamo
Permanent Secretary
National Planning Commission

I. Introduction

The United Nations Partnership Framework (UNPAF) 2014-2018 is the third strategic programme framework prepared by the Government of the Republic of Namibia (GRN) and the United Nations (UN) system. It describes the collective response of the UN system to priority national development challenges and articulates its comprehensive support to the achievement of national development objectives. It is the successor document to the United Nations Development Assistance Framework (UNDAF) 2006-2010, which was developed in response to the [then] 'triple threat' to development: HIV and AIDS; food insecurity; and weakening service delivery capacities.

UNPAF is a vehicle for strategic partnership and resource planning which will drive the programmes through which the UN Country Team (UNCT) will support Namibia in the implementation of NDP 4 and the realization of its development goals under Vision 2030. The UNPAF built on four pillars of Institutional Environment and Monitoring and Evaluation; Education and Skills; Health; and Reducing Extreme Poverty, is anchored in the outcomes of NDP 4 and is consistent with Vision 2030.

In the context of "Delivering as One", all participating UN programmes/ agencies/ funds have agreed to develop joint two-year rolling work plans for each of the 12 UNPAF Outcomes. This tool fosters greater cooperation in planning and reviewing as well as collaboration in implementation of specific activities. It also allows partners to see the totality of UN support in each outcome area.

The UNPAF also commits that the planning and reviewing of UN support is an integral part of the NDP4 planning and reviewing processes; these include the Sector Strategic Plans and the Annual Sector Execution Plans. The GRN therefore does not expect to be involved in separate processes to plan and review UN support.

This Action Plan takes the broad objectives established in the UNPAF 2014-18, and articulates the deliverables and level and kind of support expected from the UN system in 2014-2015.

II. Partnerships, Values and Principles

Whereas the Government of the Republic of Namibia (hereinafter referred to as “the Government”) has entered into the following:

- a) WHEREAS the Government and the United Nations Development Programme (hereinafter referred to as UNDP) have entered into a basic agreement to govern UNDP’s assistance to the country (Standard Basic Assistance Agreement (SBAA)), which was signed by both parties on 22 March 1990. Based on Article I, paragraph 2 of the SBAA, UNDP’s assistance to the Government shall be made available to the Government and shall be furnished and received in accordance with the relevant and applicable resolutions and decisions of the competent UNDP organs, and subject to the availability of the necessary funds to the UNDP. In particular, decision 2005/1 of 28 January 2005 of UNDP’s Executive Board approved the new Financial Regulations and Rules and along with them the new definitions of ‘execution’ and ‘implementation’ enabling UNDP to fully implement the new Common Country Programming Procedures resulting from the undg simplification and harmonization initiative. In light of this decision this UNPAF Action Plan together with Rolling Two Year Workplans (R2YWPs) (which shall form part of this UNPAF Action Plan, and is incorporated herein by reference) concluded hereunder constitute together a project document as referred to in the SBAA.
- b) With the United Nations Children’s Fund (UNICEF) a Basic Cooperation Agreement (BCA) concluded between the Government and UNICEF on 12 September 1990.
- c) With the World Food Programme (WFP) a memorandum of understanding to the effect that the SBAA signed by UNDP and the Government on 22 March 1990 be applied, mutatis mutandis, to WFP. In addition, WFP has two independent Memorandums of Understanding with the Ministry of Education and the Office of the Prime Minister.
- d) With the United Nations Population Fund (UNFPA) a Memorandum of Understanding dated 07 February 2006, to the effect that the SBAA signed by UNDP and the Government on 22 March 1990 be applied, mutatis mutandis, to UNFPA.
- e) With the Food and Agriculture Organization of the United Nations the Agreement for the opening of the FAO Representation in Namibia on the 20th of June 1990.
- f) Globally the World Health Organization has a General Program of Work (GPW) which runs from 2014-2019 and at country level we have a Country Cooperation Strategy (CCS) for 2010-2016. These strategic documents are translated into Biennial Plans of Action. However, the Government of the Republic of Namibia and the World Health Organization (hereinafter referred to as WHO) have entered into a basic agreement to govern WHO’s assistance to the country (Basic Agreement (BA)), which was signed by both parties on the 14th of March 1990 (in Brazzaville) and on the 12th of April 1990 (in Namibia).
- g) With the United Nations Educational, Scientific and Cultural Organization

(UNESCO) the Country Agreement was signed with the Government of the Republic of Namibia on 25th of September 1992.

The UNPAF Action Plan will, in respect of each of the United Nations system agencies, funds and programmes signing, be read, interpreted, and implemented in accordance with and in a manner that is consistent with the basic agreement between such United Nations system agency and the Host Government.

Guiding principles of cooperation with Government and among UN agencies and programmes are described in the UNPAF 2014-18.

The GRN and UN agreed that in order for this new strategic partnership to succeed it should be founded on, and driven by, the following principles:

- **Government ownership and leadership of national development processes:** The Government shall set and direct the agenda of the new strategic partnership.
- **Use of existing government systems:** The UN coordination structures for the UNPAF shall nest into and utilise NDP 4 structures established for purposes of coordination, monitoring, evaluation and reporting at all levels.
- **Full alignment of UN country programmes with the NDP 4:** The UNPAF will be aligned, programmatically, to the NDP 4.
- In furtherance of national development goals and objectives, and at the request of the GRN, **implementation through the UN system, where appropriate, of government-funded sector programmes and projects.**
- **Leveraging the limited available resources:** The UN will support the GRN in its endeavor to increase coherence, efficiency and effectiveness of programmes and projects and undertake measures to deliver more efficient and targeted utilisation of the UN's own resources and capacities.
- **Progressive and sequenced movement towards Delivering as One:** The UN shall move progressively and sequentially towards a nationally contextualised Delivering as One (DaO) mechanism.

III. Programme and Implementation Strategies

The UNPAF describes the areas of UN programmatic focus:

- Promotion of pro-poor growth and employment creation
- Addressing the root causes of poverty and hunger
- Addressing inequalities in income and access to basic services
- Social protection and inclusion
- Gender equality and Human Rights

Such programme areas will be supported through the following strategic initiatives:

- Development of capacities of national institutions
- Fostering multi-disciplinary/ multi-sectoral approaches to health and development
- Provision of technical expertise and policy analysis and advisory support
- Strengthening knowledge generation and management, and sharing of best practices
- Facilitating south-south cooperation
- Promoting standards, norms and accountability mechanisms

The UNPAF presents highlights of the achievements to date, analyses of the challenges facing the sector and what the UN will do to support national efforts and initiatives aimed at addressing these challenges. For each of the twelve outcomes, the UNPAF outlines: the indicators, with associated baselines and targets, as well as higher (national) level indicators; the means of verification; the risks and assumptions; and the role of partners.

The UNPAF support is built around the following four pillars:

- Improving the institutional environment, including improved governance and monitoring and evaluation.
- Education and skills development
- Health, including health systems strengthening and promotion of multi-sectoral mechanisms for reducing the burden of priority diseases.
- Poverty Reduction, including research into root causes of poverty, promotion of food security and income generation and strengthening on national capacities for environmental management.

Within these four pillars of UNPAF the twelve outcomes to be achieved by 2018 are:

The Institutional Environment Pillar

- Outcome 1: policies and legislative frameworks to ensure transparency, accountability and effective oversight of the management of public affairs are in place and are being implemented.
- Outcome 2: the Government and partners are promoting and protecting human rights effectively.
- Outcome 3: functional monitoring and evaluation and statistical analysis systems are in place to monitor and report on progress.
- Outcome 4: Namibia complies with most of her international treaties' accession/ ratification, monitoring and reporting obligations.

The Education and Skills Pillar

- Outcome 5: Namibia is implementing policies and programmes that improve learning outcomes at all levels.

The Health Pillar:

- Outcome 6: Namibia has accountable and well co-ordinated multi-sectoral mechanisms to reduce the burden of priority diseases and conditions, address social, economic and environmental determinants of health, and improve health outcomes.
- Outcome 7: Namibia has a strengthened health system that delivers quality, accessible, affordable, integrated and equitable health care.

The Poverty Reduction Pillar:

- Outcome 8: Namibia is implementing effectively and in a coordinated manner, policies and strategies to reduce poverty and vulnerability which are informed by evidence on the causes of poverty and vulnerability.
- Outcome 9: National Gender Plan of Action and Gender-Based Violence Plan of Action are being implemented effectively.
- Outcome 10: the national social protection system is strengthened and expanded to poor and vulnerable households and individuals.
- Outcome 11: Namibia has reviewed, and is implementing, policies and strategies which ensure that severely poor and vulnerable households have access to and are utilizing productive resources and services for food and nutrition security and sustainable income generation.
- Outcome 12: institutional frameworks and policies needed to implement the Environmental Management Act (2007), National Climate Change Policy (2011)

and international conventions are in place and are being implemented effectively.

The pillars will also support improved effectiveness and efficiency through greater coherence and coordination in the implementation of programme interventions. This will take place through joint programming and where possible, the formulation of several joint programmes.

In addition, a Joint Programme of Support on HIV/AIDS appended to this Action Plan will be implemented as an integral part of the interventions under the Health Pillar. Likewise, during the implementation of the 2014-18 UNPAF, additional joint programmes are envisioned also in the areas of Gender, and Data and Strategic Information.

IV. Programme Management and Accountability Arrangements

UNPAF will be nationally executed under the overall co-ordination of the National Planning Commission. Government Ministries, NGOs, INGOs and UN system agencies will implement programme activities. The UNPAF Action Plan will be made operational through the development of bi-annual rolling work plans (AWPs) which describe the specific results to be achieved and will form an agreement between the UN system agencies and each implementing partner on the use of resources. To the extent possible the UN system agencies and partners will use the minimum documents necessary, namely the signed UNPAF Action Plan and Rolling Two Year Workplans (R2YWPs) co-implemented by GRN in pursuit of programmatic initiatives.

All cash transfers to an Implementing Partner are based on the signed Rolling Two Year Workplans (R2YWPs) agreed between the Implementing Partner and the UN system agencies.

Cash transfers for activities detailed in Rolling Two Year Workplans (R2YWPs) can be made by the UN system agencies using the following modalities:

1. Cash transferred directly to the Implementing Partner:
 - a. Prior to the start of activities (direct cash transfer), or
 - b. After activities have been completed (reimbursement);
2. Direct payment to vendors or third parties for obligations incurred by the Implementing Partners on the basis of requests signed by the designated official of the Implementing Partner;
3. Direct payments to vendors or third parties for obligations incurred by UN system agencies in support of activities agreed with Implementing Partners.

Direct cash transfers shall be requested and released for programme implementation periods not exceeding three months. Reimbursements of previously authorized expenditures shall be requested and released quarterly or after the completion of activities. The UN system agencies shall not be obligated to reimburse expenditure made by the Implementing Partner over and above the authorized amounts.

Following the completion of any activity, any balance of funds shall be refunded or programmed by mutual agreement between the Implementing Partner and the UN system agencies.

Cash transfer modalities, the size of disbursements, and the scope and frequency of assurance activities may depend on the findings of a review of the public financial management capacity in the case of a Government Implementing Partner, and of an assessment of the financial management capacity of the non-UN¹ Implementing Partner. A qualified consultant, such as a public accounting firm, selected by the UN system agencies may conduct such an assessment, in which the Implementing

¹ For the purposes of these clauses, "the UN" includes the IFIs.

Partner shall participate. The Implementing Partner may participate in the selection of the consultant.

Cash transfer modalities, the size of disbursements, and the scope and frequency of assurance activities may be revised in the course of programme implementation based on the findings of programme monitoring, expenditure monitoring and reporting, and audits.

In case of direct cash transfer or reimbursement, the UN system agencies shall notify the Implementing Partner of the amount approved by the UN system agencies and shall disburse funds to the Implementing Partner promptly.

In case of direct payment to vendors or third parties for obligations incurred by the Implementing Partners on the basis of requests signed by the designated official of the Implementing Partner; or to vendors or third parties for obligations incurred by the UN system agencies in support of activities agreed with Implementing Partners, the UN system agencies shall proceed with the payment promptly.

The UN system agencies shall not have any direct liability under the contractual arrangements concluded between the Implementing Partner and a third party vendor.

Where the UN system agencies and other UN system agency provide cash to the same Implementing Partner, programme monitoring, financial monitoring and auditing will be undertaken jointly or coordinated with those UN system agencies.

V. UN Resources and Resource Mobilization Strategy

The UN system agencies will provide support to the development and implementation of activities within the UNPAF Action Plan, which may include technical support, cash assistance, supplies, commodities and equipment, procurement services, transport, funds for advocacy, research and studies, consultancies, programme development, monitoring and evaluation, training activities and staff support. Part of the UN system agencies' support may be provided to Non-Governmental Organizations (civil society, media, academia, private sector partners) as agreed within the framework of the individual Rolling Two Year Workplans (R2YWPs).

Additional support may include access to UN organization-managed global information systems, the network of the UN system agencies' country offices and specialized information systems, including rosters of consultants and providers of development services, and access to the support provided by the network of UN Specialized Agencies, Funds and Programmes.

The UN system agencies shall appoint staff and consultants for programme development, programme support, technical assistance, as well as monitoring and evaluation activities.

Subject to annual reviews and progress in the implementation of the programme, the UN system agencies' funds are distributed by calendar year and in accordance with the UNPAF Action Plan. These budgets will be reviewed and further detailed in the Rolling Two Year Workplans (R2YWPs) and project documents. By mutual consent between the Government and the UN system agencies, funds not earmarked by donors to the UN system agencies for specific activities may be re-allocated to other programmatically equally worthwhile activities.

In the context of the recently signed aide memoire with GRN, the development of joint programmes and the importance of coherence and coordination between the individual pillar outcomes, there is a need for a Resource Mobilization mechanism that finances implementation of UNPAF and operationalization of pillar outcomes and outputs.

A Resource Mobilization Strategy, including consideration of a 'One Fund' modality, will be developed by the UN Country Team in 2014 in consultation with National Planning Commission.

VI. Coordination Mechanisms

Implementation of the UNPAF will be coordinated by the National Planning Commission, using the mechanisms being established for sectoral coordination and accountability against NDP4.

Thus review and planning of UN support will be integrated into the following NDP4 coordinating bodies:

Pillar	Sectoral Coordination Body	Lead Government Office/ Ministry/ Agency
Institutional Environment	Governance (Public Administration)	Office of the Prime Minister
Education & Skills	Education and Skills Development	Ministry of Education
Health	Health <i>Plus</i> Water & Sanitation <i>Plus</i> NAEC	Ministry of Health
Poverty Reduction	Poverty (Cross cutting) <i>Plus</i> Environment and Tourism	Ministry of Gender Equality and Child Welfare

Internally, the UN Country Team will oversee the functioning of pillar coordination teams, to ensure that UN agencies work together in delivering the Rolling Two Year Workplans (R2YWPs). In addition, the Joint UN Team on AIDS, the Gender Theme Group, and the Programme Development Team – all internal UN mechanisms – will ensure that cross-cutting issues are managed across the four pillars.

VII. Monitoring and Evaluation

M&E of UNPAF programmatic interventions will be jointly undertaken through the monitoring of NDP4 implementation using, wherever possible, indicators and means of verification already in use. The UNPAF M&E framework specifies the relevant indicators and means of verification for each outcome and output. The modalities of monitoring visits and/or evaluation of programmatic activities will be developed by the joint UN-GRN Technical Committee.

In addition, Implementing Partners agree to cooperate with the UN system agencies for monitoring all activities supported by cash transfers and will facilitate access to relevant financial records and personnel responsible for the administration of cash provided by the UN system agencies. To that effect, Implementing Partners agree to the following:

1. Periodic on-site reviews and spot checks of their financial records by the UN system agencies or their representatives;
2. Programmatic monitoring of activities following the UN system agencies' standards and guidance for site visits and field monitoring;
3. Special or scheduled audits. Each UN organization, in collaboration with other UN system agencies (where so desired and in consultation with the respective coordinating Ministry) will establish an annual audit plan, giving priority to audits of Implementing Partners with large amounts of cash assistance provided by the UN system agencies, and those whose financial management capacity needs strengthening.

The Supreme Audit Institution may undertake the audits of Government Implementing Partners. If the SAI chooses not to undertake the audits of specific Implementing Partners to the frequency and scope required by the UN system agencies, the UN system agencies will commission the audits to be undertaken by private sector audit services².

Reviews, as part of routine NDP4 sectoral reviews wherever possible, will assess progress in the implementation of Rolling Two Year Workplans (R2YWPs), identifying common constraints and to seek agreement with the GRN and other Implementing Partners on measures to remove such bottlenecks.

On the basis of annual reviews, programmatic priorities will be reflected in revised

² Seen through a South-South lens, the capacity assessment process presents an opportunity to identify capacity assets that a particular country could offer to other developing countries and the capacity gaps that could be filled by other developing countries. For UNDP, the audit of NGO or nationally implemented projects can be assigned to the national Supreme Audit Institution (SAI) only on the condition that the institution has a demonstrated capacity to carry out the audits in an independent manner. To this effect, the Office of Audit and Investigations (OAI) has made available on its Intranet site guidance on the assessment of SAIs along with a questionnaire that will need to be properly completed, signed and communicated to OAI to support that due diligence has been exercised prior to opting for having such audits undertaken by the national SAI. Please refer to OAI Intranet site for further details.

R2YWPs for the next two years.

Significant changes to the UNPAF Action Plans and/or the R2YWPs either during the course of the year, or as a result of the annual review, require mutual agreement between the respective UN agencies and GRN and/or Implementing Partners and documentation through an exchange of letters (copied to NPC).

In the event of any significant change in the situation requiring a change in objectives or a need to extend the duration and scope of the planned programme components, the Government will make a formal request to the UN system agencies through the Representatives of the relevant UN system agencies and an appropriate amendment to this UNPAF Action Plan will be negotiated.

VIII. Commitments of the Government

The Government will support the UN system agencies' efforts to raise funds required to meet the needs of this UNPAF Action Plan and will cooperate with the UN system agencies including: encouraging potential donor Governments to make available to the UN system agencies the funds needed to implement unfunded components of the programme; endorsing the UN system agencies' efforts to raise funds for the programme from the private sector both internationally and in Namibia; and by permitting contributions from individuals, corporations and foundations in Namibia to support this programme which will be tax exempt for the Donor, to the maximum extent permissible under applicable law.

Cash assistance for travel, stipends, honoraria and other costs shall be set at rates commensurate with those applied in the country, but not higher than those applicable to the United Nations system (as stated in the ICSC circulars).

For UN agencies who have adopted the Harmonized Approach to Cash Transfers (HACT)³:

A standard Fund Authorization and Certificate of Expenditures (FACE) report, reflecting the activity lines of the Rolling Two Year Workplan (R2YWP), will be used by Implementing Partners to request the release of funds, or to secure the agreement that [UN organization] will reimburse or directly pay for planned expenditure. The Implementing Partners will use the FACE to report on the utilization of cash received. The Implementing Partner shall identify the designated official(s) authorized to provide the account details, request and certify the use of cash. The FACE will be certified by the designated official(s) of the Implementing Partner.

Cash transferred to Implementing Partners should be spent for the purpose of activities and within the timeframe as agreed in the Rolling Two Year Workplans (R2YWPs) only.

Cash received by the Government and national NGO Implementing Partners shall be used in accordance with established national regulations, policies and procedures consistent with international standards, in particular ensuring that cash is expended for activities as agreed in the Rolling Two Year Workplans (R2YWPs), and ensuring that reports on the utilization of all received cash are submitted to the UN organization(s) which provided funding within six months after receipt of the funds. Where any of the national regulations, policies and procedures are not consistent with international standards, the UN system agency financial and other related rules and system agency regulations, policies and procedures will apply.

In the case of international NGO/CSO and IGO Implementing Partners cash received shall be used in accordance with international standards in particular ensuring that cash is expended for activities as agreed in the Rolling Two Year Workplans (R2YWPs), and ensuring that reports on the full utilization of all received cash are

³ UNDP, UNICEF, UNFPA, UNAIDS, WFP and WHO.

submitted to the UN agency which provided funding within six months after receipt of the funds.

Where possible, UN organizations co-funding the same activity will work against a joint budget for the activity and accept joint programmatic/ financial reporting.⁴

To facilitate scheduled and special audits, each Implementing Partner receiving cash from any participating UN agency will provide UN system agency or its representative with timely access to:

- all financial records which establish the transactional record of the cash transfers provided by the UN organization(s) which provided funding, together with relevant documentation;
- all relevant documentation and personnel associated with the functioning of the Implementing Partner's internal control structure through which the cash transfers have passed.

The findings of each audit will be reported to the Implementing Partner and the UN organization(s) which provided funding. Each Implementing Partner will furthermore:

- Receive and review the audit report issued by the auditors.
- Provide a timely statement of the acceptance or rejection of any audit recommendation to the UN organization that provided cash (and where the SAI has been identified to conduct the audits, add: and to the SAI) so that the auditors include these statements in their final audit report before submitting it to the UN organization(s) which provided funding.
- Undertake timely actions to address the accepted audit recommendations.

Report on the actions taken to implement accepted recommendations to the UN system agencies (and where the SAI has been identified to conduct the audits, add: and to the SAI), on a quarterly basis (or as locally agreed).

⁴ Where and when there are Joint Programmes formally agreed and documented, one UN organization serving as a single administrative agent may be considered as an option.

IX. Other Provisions

This UNPAF Action Plan supersedes any previously signed Country Programme Action Plans and any other operational documents that are specifically superseded⁵;

In the event of a failure by one party to fulfill any of its obligations under this UNPAF Action Plan:

- (a) where the defaulting party is one of the UN system agencies, the Government may either (i) suspend the discharge of its own obligations vis-à-vis the defaulting party by giving written notice to that effect to the defaulting party or (ii) terminate the UNPAF Action Plan vis-à-vis the defaulting party by giving written notice of sixty (60) days to the defaulting party; and
- (b) where the defaulting party is the Government, the UN system agency as to which the Government has defaulted, either alone or together with all other UN system agencies, may either (i) suspend the discharge of its own obligations by giving written notice to that effect to the defaulting party or terminate the UNPAF Action Plan by giving written notice of sixty (60) days to the defaulting party.

Any dispute between the Government and an UN system agency shall be resolved in accordance with the provisions of that Organization's basic agreement with the Government as referred in Part II of this UNPAF Action Plan. Any dispute among the UN system agencies shall be resolved exclusively among the UN system agencies through approaches identified in the UNDG-endorsed [dispute resolution mechanism](#).

The Government will honour its commitments in accordance with the provisions of the cooperation and assistance agreements outlined in the basic agreements in Part II of this UNPAF Action Plan. The Government shall apply the provisions of the Convention on the Privileges and Immunities of the United Nations agencies to the Agencies' property, funds, and assets and to its officials and consultants. In addition the Government will accord to the Agencies and their officials and to other persons performing services on behalf of the Agencies, the privileges, immunities and facilities as set out in the cooperation and assistance agreements between the Agencies and the Government. The Government will be responsible for dealing with any claims, which may be brought by third parties against any of the Agencies and its officials, advisers and agents. None of the Agencies nor any of their respective officials, advisors or persons performing services on their behalf will be held responsible for any claims and liabilities resulting from operations under the cooperation and assistance agreements, except where it is mutually agreed by Government and a particular Agency that such claims and liabilities arise from gross negligence or misconduct of that Agency, or its officials, advisors or persons performing services.

Nothing in this Agreement shall imply a waiver by the UN or any of its Agencies or Organizations of any privileges or immunities enjoyed by them or their acceptance of

⁵ Project documents of Specialized and Non-Resident Agencies/ UN organizations will not, in general, be superseded by this UNPAF Action Plan.

the jurisdiction of the courts of any country over disputes arising of this Agreement.

Nothing in or relating to this document will be deemed a waiver, expressed or implied, of the privileges and immunities of the United Nations and its subsidiary organs, whether under the Convention on the Privileges and Immunities of the United Nations of 13th February 1946, the Convention on the Privileges and Immunities of the Specialized Agencies of 21st November 1947, as applicable, and no provisions of this Note Verbale or any Institutional Contract or any Undertaking will be interpreted or applied in a manner, or to an extent, inconsistent with such privileges and immunities.

XI. Annexes:

a) Rolling Two-Year Workplans 2014-15

(attached separately)

b) Joint Programme on HIV and AIDS

The UNPAF recognises that HIV is endemic in Namibia and that each pillar will contribute to the national response to HIV and AIDS, and as such, there is no specific pillar which captures the totality of UN support in this area. The Joint Programme of Support (JPS) on HIV and AIDS, as a supplement to the UNPAF, consolidates all the UN support on this cross-pillar issue.

The structure of the joint programme is aligned to the National Strategic Framework (2012-2016, revised during mid-term review 2013/14). This to provide ease of reporting to the national authorities responsible for the HIV and AIDS response.

All the activities in the Joint Programme are found in the UNPAF, and therefore form an "extract" from the UNPAF, rather than an "additional" programme. As such, the budget for the Joint Programme is not "additional" to the UNPAF, and therefore should not be double counted when reporting financial data.

A full Joint Programme document is available which documents the entirety of all the UN's support to the national HIV response towards universal access, including activities which may be informally joint, formally joint, or implemented by individual UN agencies, but developed and agreed upon through a collective process. It consists of: 1) a long-term strategic framework describing the intended impact, 2) a short-term operational plan (inputs and outputs) for specific components, 3) implementation arrangements, 4) a technical support plan and 5) a M&E framework.

The JPS has the following characteristics:

1. The JPS is aligned to the Revised National Strategic framework, HLM and WHO treatment guidelines
2. The Investment Framework serves as the basis for JPS Strategic Focus Areas:
 - Critical Enablers
 - Basic programmes
 - Synergy with development sectors

Two additional internal oriented focus areas are defined:

- UN CARES
- JUTA Organisational Development Support

3. In line with UNPAF strategy, the majority of JUTA's efforts lie the enabling environment and less in project interventions

4. HIV/AIDS cuts across all 4 UNPAF pillars, with a primary focus on Pillar 3: Health

5. JPS focusses on in total 21 outputs within the UNPAF. About 14% (the majority) of these focus on the critical enablers, followed by 12% by synergy with the development sector. Just about 5% of the outputs are concerned with core programmes (e.g. Condom distribution, MMC, HCT etc.).

6. JPS captures the support of all UN agencies in Namibia, not just the UNAIDS co-sponsors.

The JPS is operationalised through the Joint UN team on AIDS which ensures that UN action on HIV is coordinated and mutually supportive.

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 1: Governance

28-Apr-14

Outcome Statements:

NDP4 DO1 : By 2017, Namibia is the most competitive economy in the SADC region, according to the standards set by the World Economic Forum
 UNPAF Outcome 1: Namibia has policies and legislative frameworks to ensure transparency, accountability and effective oversight of public affairs. In place and being implemented.

Risks and Assumptions

Output 1

National anti-corruption and access to information frameworks developed and implemented

Risk

Policies are developed but not implemented

Inadequate representation of civil society in policy making and service planning

Assumptions

Sustained political will and timely availability of funds

Commitment to implement the National Anti-Corruption Strategy and Action Plan

Output 2

Parliament and public institutions have an increased capacity to promote accountability and strengthen oversight

Risk

Parliament dissolution

Change in MPs cause gaps in institutional memory as a result of the 2014 Elections

Assumptions

Continued commitment to current good governance reforms

Output3

CSOs and media have increased capacity to monitor the national anti-corruption frameworks

Risk

Financial constraints

Limited capacity

Assumptions

CSOs funded and strengthened

Environment for strong civil society partnerships is created

National media and CSOs capacity and involvement supported

Output4

Social sector ministries have increase capacity for effective and efficient budget planning and implementation

Risk

Insufficient Government response

Inadequate staffing

Assumption

Updated policies and procedures

Project Government social expenditure is achieved

Output 5

Domestic funding of the HIV response has increased to 70% to meet 2013 Abuja declaration target

Risk

Budget constraints

Assumption

Adequate human and financial resources allocated

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 2: Human Rights Institutions

28-Apr-14

<p>By 2018, the government has acceded to additional regional and international human rights treaties</p>	<p>Assumptions: Continued commitment to the protection of human rights</p> <p>Risks Related legal provisions not in place Inadequate institutional role clarity</p>
<p>By 2018, the government with participation of civil society complies with treaty monitoring and reporting obligations on time</p>	<p>Assumptions: Good understanding of human rights and reporting requirements in both GRN and civil society Functioning dialogue between GRN and CSOs on human rights issues</p> <p>Risks Lack of quality data to monitor performance against treaty commitments Large number of sometimes overlapping regional and international reporting commitments</p>
<p>By 2018, the government is effectively implementing recommendations from regional and international human rights treaty bodies</p>	<p>Assumptions Continued commitment of GRN to the protection of human rights Recommendations are widely shared across GRN and civil society</p> <p>Risks Lack of intra- and interministerial coordination of implementation of recommendations from human rights bodies Lack of prioritisation among the large number of recommendations from various treaty bodies</p>
<p>By 2018, the government has domesticated international and regional human rights commitments</p>	<p>Assumptions Effective collaboration between MOJ and the relevant line ministries Timely enactment of finalised bills</p> <p>Risks Weak institutional capacity for the drafting/revision of major bills Changes in political priorities after the 2014 general elections</p>

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 5: Education and Skills

28-Apr-14

Outcome Statements:

NDP4 DO2: By 2017, Namibia is characterised by a high quality and internationally recognised education system that capacitates the population to meet current and future market demands for skills and innovation

UNPAF Outcome 5: By 2018, Namibia is implementing policies and programmes that improve learning outcomes at all levels

Output Results:	Sectoral Plan Ref:	Indicator:	Estimated Cost (USD)	
			2014	2015
1	By 2018, MoE has enhanced capacity at all levels to better plan, monitor and evaluate education programmes and policies 2.1, 2.2, 2.3 & 2.6	i) EMIS feeds findings back to schools (Y/N) ii) MoE strategy for improving transition to secondary education (Y/N)	215,000	205,000
2	By 2018, key education policies (ECD, educators, learner pregnancy & inclusive education) are reviewed/harmonized and their implementation strategies approved by MoE 4.1 & 4.2	i) Harmonized ECD and educator policies completed (Y/N) ii) implementation strategies for learner pregnancy and inclusive education policies (Y/N)	183,000	125,000
3	By 2018, all schools in Namibia are implementing and monitoring standards and regulations for effective and conducive teaching and learning 1.2, 1.3, 1.4 & 3.1	i) % of school without toilet facilities (Baseline: 20%; Target: < 10%) ii) Education sector plans stipulate procedures for reporting and taking action against violence in schools (Y/N)	350,000	150,000
4	By 2016, young people demonstrate improved knowledge and skills for informed decisions on HIV prevention and SRH 2.1 & 2.4	i) % of Grade 6 learners who reach the minimum level on SACMEQ HIV-AIDS knowledge test (Baseline/2007: 36%; Target: 50%) ii) HIV/AIDS indicators integrated into EMIS (Y/N)	370,000	230,000
5	By 2017, 60% of existing ECD centers meet the minimum standards and are managed by qualified educators 1.1, 1.5 & 4.1	i) % of ECD centres meeting the standards (Baseline: TBD; Target: 60%); ii) % of educators qualified (Baseline: TBD; target: 60%)	200,000	180,000
6	By 2018, teachers have improved skills for literacy, maths and science teaching 1.1, 1.3, 1.5 & 2.5	i) # of teachers trained (Baseline: 0 Target: at least 200)	910,000	60,000
7	By 2016, the portfolio and quality of TVET and skills development programmes is enhanced 1.3, 1.5 & 2.7	i) # of additional TVET programmes (Target: 2); ii) Career guidance tool for TVET students available in schools (Y/N)	885,000	360,000
8	By 2018, national institutions of higher education have expanded capacity in programmes and research outputs to meet national needs. 1.5, 2.1 & 2.5	i) # of collaborative research projects completed/published (Target: 10); ii) # of new programmes and courses approved and implemented (Target: 2)	195,000	145,000
9	By 2018, national and regional education plans and school curriculum are responsive to emergencies and emerging sustainable development issues and values 1.1, 1.3 & 1.5	i) Updated contingency plans (Y/N)	128,000	110,000
10	By 2018, out-of-school children and most at risk adolescents and adults have improved access to second chance education and skills 1.1	i) Strategy developed and implemented for reaching out of school children (Y/N) ii) National strategy on adolescents operational (Y/N)	155,000	205,000
Outcome Total			3,601,000	1,770,000

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 6: Health - Multi-sectoral

25-Jan-14

Outcome Statements:

NDP4 D03 : By 2017, all Namibians have access to a quality health system in terms of prevention, cure and rehabilitation, and the country is characterised by an improvement in the 2011 baseline figure of 57 for a health-adjusted life expectancy to 59.
 UNPAF Outcome 6: By 2018, Namibia will have accountable and well-coordinated multi-sectoral mechanisms to reduce the burden of diseases and conditions, address social, economic and environmental determinants of health and improve health outcomes

Output Results:		Indicator:	Means of Verification:	Estimated Cost (USD)	
				2014	2015
1	By 2018, young people (10-24yrs) are equipped to access sexual and reproductive health including HIV information and services	S16 • Strategy on comprehensive sexuality education targeting out of school youth, (Baseline - 0; Target - 1) • Number of young people trained in comprehensive sexual education, (Baseline - 0; Target - 500)	• Strategy, progress reports • Annual progress reports	325,000	310,000
2	By 2018, AFHS facilities and health facilities provide improved comprehensive and integrated SRH and HIV services for young people and key populations	S12, S15, S16 • Proportion of health facilities providing comprehensive and integrated sexual and reproductive health and HIV services according to national guidelines (Baseline - 20%; Target - 50%) • Proportion of nurses skilled to provide adolescent sexual and reproductive health and HIV services (Baseline - 25%; Target - 50%)	• Annual progress reports	495,000	360,000
3	By 2018, CSOs, Youth Centers and Communities, provide improved comprehensive sexuality education and HIV prevention for out-of-school young people and key populations	S16 • Number of CSOs and youth centers providing comprehensive sexuality education and HIV prevention, (Baseline - 0; Target - 10) • Number of young people reached with comprehensive sexuality education and HIV prevention at community level and youth centers, (Baseline - 225; Target - 725) • Number of condoms distributed at youth centers and community outlets; (Baseline - tbc; Target - tbc) • Proportion of service delivery points without stock-outs of condoms within the last six months in intervention regions, (Baseline - 80%; Target - 100%)	• Annual progress reports	155,000	135,000
4	By 2015, HIV-NSF coordination structures function effectively and sustained	S14 • % of key national NSF coordinating mechanisms functioning effectively (Baseline - <50%; Target - 70%)	• Annual Implementation progress Report for the National Strategic Framework.	275,000	190,000
5	By 2015, districts effectively implement eMTCT plans	S15, S16 - % of districts with costed eMTCT plans, (Baseline - 12%; Target - 80%) - % of HIV positive pregnant women receiving perinatal ARV prophylaxis, (Baseline - 85%; Target - 95%)	• Annual Implementation progress Report from MoHSS	390,000	360,000
6	By 2018, MoHSS able to coordinate, plan, implement and monitor non-communicable diseases prevention and control	S14, S15 • Multi-sectoral coordination mechanism for NCDs in place, (Baseline - Not in place; Target - In Place) • National Strategy for NCD prevention and control, (Baseline - Not in place; Target - In Place)	• Programme Annual Report	157,275	73,000
7	By 2018, NAFIN able to report on the implementation of Scaling up multi-sectoral nutrition country plan.	S12, S14, S15 • Number of NAFIN progress reports produced (Baseline - 0; Target - 4) • Number of regions implementing the multi-sectoral Scaling-Up Nutrition Country Plan, (Baseline - 0; Target - 4)	• Annual progress reports	550,000	490,000
8	By 2018, Open Defecation Free (ODF) status achieved by all communities where CLTS is being implemented	S15, S16, MAWT/DWSSC Sanitation Sector Execution Plan 2013-2017 • No. of constituencies implementing Community Led Total Sanitation-CLTS (Baseline - 0; Target - 6) • Proportion of urban and rural households with access to improved sanitation facilities (Baseline - Urban 67%, Rural 14%; Target - Urban 80%, Rural 50%)	• Annual progress reports	250,000	260,000
Outcome Total				2,607,275	2,178,000

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 6: Health - Multi-sectoral
25-Jun-14

Output Result 1: By 2018, young people (10-24yrs) are equipped to access sexual and reproductive health including HIV information and services.

1	National authorities adopt improved fisheries and agricultural development policies and strategies incorporating emerging food and nutrition issues.	<p>Assumptions: Government and partners institutions's commitment secured</p> <p>Risks: Insufficient Funding</p>
2	By 2018, the capacity of government ministries (MTI, MLRGHRD) and other development partners to provide support aimed at promoting sustainable income generation activities among the vulnerable is enhanced.	<p>Assumptions: Government and partners institutions's commitment secured</p> <p>Risks: Insufficient Funding</p>

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 12: Environment & Climate Change

Outcome Statements:

NDP4 DO 7: Namibia will be the most competitive tourist destination in Africa by 2017 and its ranking will increase from being the 3rd in sub-Saharan Africa with an overall ranking of 3.84 out of 7.0 (2011/12) to being the 1st, with a ranking of at least 4.40 out of 7.0.
 NDP4 DO 5.2: Namibia will have in place adequate base load energy to support industry development through construction of energy infrastructure and the production capacity would have expanded from 400 to more than 750 mega watts to meet demand.

UNPAF Outcome 12: Institutional frameworks and policies needed to implement the Environmental Management Act (2007); National Climate Change Policy (2011); Tourism Bill and Strategy; and Protected Areas and Wildlife Management Bill; and International Conventions, are in place and are being implemented effectively.

Output Results:	Sectoral Plan Ref:	Indicator:	Means of Verification:	Estimated Cost (USD)	
				2014	2015
1 Strengthened environmental institutions, which are fully equipped with relevant operational standards, guidelines, procedures and specialized skills, for implementing the Environmental Management Act (7 of 2007) by 2018.	MET Tourism Sectoral Plan 2012/13-2016/17 & Annual Execution Plan.	Indicator: 12.1: Number of environmental institutions fully equipped with relevant standards, guidelines and specialised skills. Baseline (2012): Environmental Commission/Department of Environment, established in 2011. Target: At least three institutions, establish and operationalise standards, procedures and guidelines for implementing EMA Act 7 of 2007 (EIVAA).	MET Reports, NDP 4 Progress and Review Reports.	1,413,450	3,133,351
2 Renewable energy and energy efficient technologies and appliances in public, commercial and residential buildings adopted and being utilised by 2016.	MME Strategic Plan 2012/13-2016/17.	Indicator: 12.2: Number of public and commercial buildings using renewable energy and energy efficient technologies. Baseline (2012): Lack of energy efficient technologies, appliances and practices in building/construction sectors. Target: (2014, 2017) GBENA registered and is operational; at least 20 new buildings using renewable energy and energy efficient technologies, appliances and adopting RE and EE practices.	MME Reports, NDP 4 Progress and Review Reports.	1,723,000	1,579,200
3 Sector-specific strategies and operational plans prepared to implement the Climate Change Strategy and Action Plan, Tourism Bill and Strategy; and the Parks and Protected Areas Management Bill finalised by 2016.	MET Tourism Sectoral Plan 2012/13-2016/17 & Annual Execution Plan.	Indicator 12.3: Number of line ministries, RCs, communities and partners implementing the national policy and strategy on climate change; and Existence of the Tourism & Parks and Wildlife Management Bills. Baseline (2012) An un-validated NCCSAP- National Climate Change Strategy and Action Plan (SAP) in place. Target: (2014, 2017) At least two specific sector/subsector, that are either vulnerable or offers best adaptation/mitigation.	Reports from MET, MAWF, REEEI and MME, and NDP 4 Progress and Review Reports.	1,055,484	738,096
4 Operational guidelines and procedures for disaster risk management, utilized by ministries, communities and partners by 2016.	OPM Strategic Plan 2011-2016.	Indicator: 12.4: Number of line ministries, communities, and partners implementing the National Disaster Risk Management Policy and Strategy. Baseline (2012) National Disaster Risk Management Bill in place. Target (2014,2017): At least 6 ministries, 12 communities and 6 partners adopt and are using DRM management and operational guidelines and procedures.	MET Reports, NDP 4 Progress and Review Reports, Reports from WFP/ OPM Partnership, Reports from MET, MAWF, MMR and MFMR.	1,316,666	4,216,666
Outcome Total				5,508,600	6,667,353

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 12: Environment & Climate Change
28-Apr-14

Output Result 1: Establishment of environmental institutions, which are fully equipped with relevant operational standards, guidelines, procedures and specialized skills, for implementing the Environmental Management Act (2007) by 2018.

Activities:	Implementing Partners: (Lead, Other)	Timeframe:												Planned Budget			Implementation		Status/Remarks
		2014				2015				Estimated Cost (USD)				Funding Agency		Funded Amount (USD)		Actual Amount (USD)	
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	2014	2015	2014	2015	2014	2015	2014	2015		
1.1 Strengthen Community Based Natural Resource Management and Community Based Tourism: New Landscape Conservation Areas (LCAs) established and collaborative Governance for LCAs developed, Design Incentives and Market Transformation	MET (Dept of Environmental Affairs), 5 x LCAs, NACSO	X	X	X	X	X	X	X	X	1,078,450	748,991	UNDP/GEF and UNDP/CORE	Various see detailed project operational annual work plan	1,078,450	748,991				
1.2 Develop and Maintain Parks through capacitating the Protected Area System to address new management challenges, through improving current systems for revenue generation (human wild life conflict, mining in protected areas and law enforcement); Introduction of innovative revenue generation mechanisms; and cost effective enforcement through application of the Enforcement Economics Model.	MET (Directorate of Regional Services and Parks), UNAM, PON, NACSO,	X	X	X	X	X	X	X	X	100,000	1,100,000	UNDP/GEF	(as above)	100,000	1,100,000				
1.3 Promote and implement sustainable land management through community forestry and CBNRM concessions Focus community forestry and community based natural resource management concession. Sustainable Management of Namibia's Forested Land (NAFOLA): focus on forestry, through widescale adoption of SLM, SFM and other improved technologies.	M/AMWF (Directorate of Forestry) Omusati, Oshana, Oshikoto, Ohangwena, Omaheke, Kunene, Otjozondjupa, Regional Councils & Community Forests	X	X	X	X	X	X	X	X	50,000	1,100,000	UNDP/GEF (*)	(as above)						
1.4 Develop and Maintain Awareness on environmental education Environmental Education for Sustainable Development	Namibia Environmental Education Network (NEEN), NIED, RCE	X	X	X	X	X	X	X	X	5,000	5,000	UNESCO	(as above)	5,000	5,000				
1.5 Develop and Attract Skills to build capacity Capacity development in environmental and tourism sectors.	MET (Dir of Tourism), RCE, EIF, NEEN	X	X	X	X	X	X	X	X	5,000	5,000	UNESCO	(as above)	5,000	5,000				
1.6 Promote Environmental Sustainability through support to the Brown Agenda/Extractive Sector programme Initiating and Developing Namibia's Environmental Brown Agenda Programme.	MET (Dir of Environmental Affairs & Parks and Regional Services) MME, MoHSS,	X	X	X	X	X	X	X	X	175,000	175,000	UNDP/CORE		150,000	150,000				
Output sub-total										1,419,450	3,193,991			1,338,450	2,008,991				

(*) Co-Funding Partner: German Ministry for International Development Cooperation (BMZ) through German Technical Cooperation (GIZ)

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 12: Environment & Climate Change
28-Apr-14

Output Result 2: Adoption and utilisation renewable energy and energy efficient technologies in public, commercial and residential buildings by 2015.

Activities	Partners: (Lead, Other)	Timeframe:								Planned Budget			Status/ Remarks			
		2014				2015				Funding Agency	Description	Implementation				
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4			2014		2015	Actual Amount (USD)	2015
2.1 Creating a conducive environment for energy and energy efficiency through ensuring the registration and operationalization of the Green Building Council M&E on Energy and Energy Efficiency.	MIME (Dir of Energy), REEEI, PON, MRLGH, MoWT, NamPower, ECB (Electricity Control Board)	X	X	X	X	X	X	X	X	25,000	UNDP/GEF	Various see detailed project operational annual work plan	25,000			
2.2 Development of National building codes which take into account the utilization of Energy Efficient Technologies and Appliances	MIME, REEEI, PON, MRLGH, MoWT, Local Authorities, National Standard Institution, ECB	X	X	X	X	X	X	X	X	50,000	125,000 UNDP/GEF		25,000			
2.3 Improve energy supply through Concentrating Solar Power Technology Transfer for Electricity Generation in Namibia	MIME, NamPower, REEEI, MET, ECB, EC, ESMA, AFD, FAPA, Japan PHRD, PPIAF, IBRD, African Development Bank, IsDB, AFD, SFD, KfW, EIB, JICA, JBIC, Spanish agencies, private sector	X	X	X	X	X	X	X	X	1,548,000	1,429,200 UNDP/GEF		548,000	429,200		
Output sub-total										1,723,000	1,579,200	598,000	429,200			

GRN-UN: UNPAF Rolling Two-year Plan (2014-15)

Outcome 12: Environment & Climate Change

28-Apr-14

Output Result 3: Sector-specific operational plans are prepared to implement the Climate Change Strategy and Action Plan, Tourism and Parks and Wildlife by 2016.

Activities:	Partners: (Lead, Other)	Timeframe:				Planned Budget			Implementation			Status/ Remarks		
		2014		2015		Funding Agency	Budget Description	Funded Amount (USD)		Actual Amount (USD)				
		Q1	Q2	Q3	Q4			Q1	Q2	Q3	Q4		2014	2015
3.1 Promote Environmental Sustainability through national assessments and studies National assessments and studies including an updated Greenhouse Gas (GHG) inventory undertaken (TNC) through establishment and set up of different technical working groups, initiate steps to update various chapters on: national circumstances, constraints and gaps, related financial, technical and capacity needs, mitigation analysis, vulnerability and adaptation assessments, and preparation of Namibia's First Biennial Update Report (BUR).	MET (Dept of Environmental Affairs) MAWF, IECN, Gobabeb Training and Research Centre, UNAM	X	X	X	X	192,536	UNDP/GEF		509,800	309,800	92,596			
3.2 Promote Environmental Sustainability to scale up community resilience To scale up community resilience to climate variability and climate change in Northern Namibia: to strengthen the adaptive capacity and reduce the vulnerability of 4000 households, 80% of which are female-headed and 75 schools, to droughts and floods in Northern Namibia by scaling up climate-smart livelihoods which have piloted in the CBA programme and the SPA project. Project results will be delivered by a series of partnerships between government and the non-government sector in areas such as agricultural service delivery, financial services and marketing.	MET (Dept of Environmental Affairs) MAWF, RC, OPM, PoN, UNAM, Regional Center of Expertise (RCE)	X	X	X	X	170,000	UNDP/GEF		170,000	70,000	200,000			
							UNESCO			62,488
