0	2 (13%)	Technically - this result should be Not Applicable yet. See explanation in the text if united indicator - achievement will be:	3 (20%)	3 (20%)	ø.	20	25	O1	94% (4 patients)	Intended Targets to date
-	N	0	3 (20%)	3(20%)	28	8	73	N	100% (2 patients out of 2)	Results to date
For the sime beling, only one UNRWA laboratory performs regular EOA for smear microscopy. However, according to the performance framework, no target was assigned to this indicator for the first two quarters. Two UNRWA laboratories are planned to perform regular EOA, according to the Q3 target. No positive smears were reported by UNRWA during Q2 - therefore no samples were referred to the public heath laboratory for EOA.	There is two central referenc abordaries in the MoH (one in WB and one in Gaza), in which confirmation of smear the samples is performed through multiple readings by technicians, including culture and ECR. As mentioned by WHO, indestives were provided to lab technicians working at the MoH aboratories to ensure quality laboratory diagnostic activities at the Central Laboratories, in both GS and WB.	This is a to indicator. Since UNDP/PR has not purchased any anti-TB drugs yet (PSM to be approved first-submitted mid August 2010), the achievement should be here "not applicable". However, the Mori with support by WHO and UNDP will submit a request to unit the indicator as part of the present PUDR. The Mori is already buying some sat-TB drugs. In this light, it is although recommended (in order not to create any parallel reporting system but in contray to combitate in strengthshing one system) to report stocks outs overall (if retevant) without distinguishing the source of funding of drugs. The reporting will be based on national reporting system. In fact, during Q2, the MoH unfortunately experienced a stock out of one drug (Rismpicin) for 39 days in Gaza (delivery to Gaza remains challenging). This issue means that 2 out of 3. TB/DOTs units reported no stock-outs of first-ine anti-TB drugs during the reporting period.	The MoH, has already four facilities with at least one health worker trained on TB. As reported by WHO, three physicians received training on TB in Jordan (clinical attachment in chest centre). All UNRWA HCs have at least one trained laboratory technician on TB laboratory diagnosis.	Thes MoH DOTs units at the destrict level (Gazz, Beth Lehem and Hebron) have submitted adequately their quarterly reports to the TB central unit in Gazz responsible for the consolidation of the national IB profitsation and the immers report. The UNRYWA health clinics, as a part of the routine procedure, do submit their reports on TB notification to the UNRYWA FDCOs (both from Gazz and West Bank) who will then fisite with the National IB programme Manager (NTP).	As reported by UNRVIA. 28 supervisory visits were conducted by the FOCO to monitor the activities related to the provision of TB services by UNRVIA HCs. Under the Global fund scévities, nothing was reported by McH related to supervisory visits. Funds were disbursed by the PR to the MoH during the first few days of Q2 (transfer to the MoH regulared several confirmation documents). Then, the funds within the MoH needed to be assigned to the right project code and payment modalities for implementation in Gaza worked out.	16 contacts of stream positive TB patients were screened for TB by the MoH in Q2. However, 33 contacts were also registered in Q1 (not reported previously in the absence of a Q1 target in the performance framework). The cumulative achievement against that indicator is therefore 45 contacts.	Amongstrefugues, 73 suspects were screened for TB by the MoH. Through the GFATM/TB grant, WHO provided incentives to lisb technicians working in TB lisbonstories, performing screening for TB suspects. Through the GFATM/TB grant, WHO provided incentives to lisb technicians working in TB lisbonstories, performing screening for TB suspects. As indicated by UNRWA, their achievement of 452 suspects screened wasn't supported by the GF money as this activity is part of their routine screening. On behalf of UNRWA, UNDPIPR will be submitting a request to under this indicator to the LFA/GFATM.	Only two cases were registered by the MoH during this quarter. The MoH and WHO are working closely together to finalize the development of the TB National guidelines and the National strategy point. A validation workshop is expected to take place in Q3 with all SRs and key Ministry of Health partners. Those guidelines are a pre-requisite for any stranced 'B programming in the oPt. Once validated approved officially by the MoH, the guidelines will serve as basis for any TB related activity to be carried out. Acceleration of activities will then take place. UNRVAM detected one case of Pulmonary TB which was referred to and registered by the MoH thus included in the statistics provided by the MoH (UNDP checked with the NTP manager about the UNRVAM registered case and decided not to include it to avoid duplication.)	As reported by NoH. the two cases that were registered in the fourth quarter of the year 2009 were successfully treated in the second quarter of the grant. (Normally six months are needed to evaluate the success of treatment), six months are All TB positive cases defected by UNRWA are referred to the MoH clinics for treatment.	Beasons for programmable deviation and any other comments.

PROGRESS UPDATE PERIOD

Grant number:	PSE-809-G02-T			
Progress Update - Reporting Period:	Cycle:	Quarter	Number:	2
Progress Update - Period Covered:	Beginning Date:	1-Apr-2010	End Date:	30-Jun-2010
Progress Update - Number:	2		ľ	

iv. Overall evaluation of performance

- and unfortunate on-going access issue to Gaza, it is fair to acknowledge an encouraging good start of activities and therefore achievement • Despite of all the challenges including around the finalization of all contractual arrangements including transfer of funds (UNDP requires a certain number of documents prior to any disbursement to any ministry), financial tracking system internally to the Mo-
- There is a demonstrated (and verified) improvement in reporting against Performance indicators when compared to Q1.
- The submission of the supporting documents by SRs also improved in terms of quality and timing when compared to the previous quarter
- Drafted copies of the (updated) National TB guidelines and the National TB strategic plan (basis for any TB programming in the oPt) are available and were shared for comments. The validation workshop for national endorsement is already scheduled to tat
- The operational definitions for the TB-indicators are finalized, were shared and validated by all relevant SRs. The final and validated M&E plan was submitted mid August 2010 along with a proposed action plan
- Several coordination meetings were held in order to share information about progress and to discuss existing challenges affecting programme implementation. Concrete and practical suggestions for overcoming bottlenecks are always found in a collegial spirit. Such coordination meetings are called by the MoH.
- neighboring Jordan) obtain the ISO 17025 certificate for drug QA. The equipment process of the TB management units including in Gaza is, undoubtedly affected. the actual specifications which now provide actual prices). A decision was made to compensate for this deficit through the deduction of a total of \$12,575.24 from the medical equipment and a total of \$59,460 from non medical equipment. (ii) The delay in reaching conclusions around the medical specifications - international expertise by UNDP/PSO lab consultant was necessary in order to draft and finalize all specs (iii) The QA at destination requirement by the GF, as none of the country Labs (and Israel or The PSM plan was finalized and submitted mid August 2010. The main reasons for delay are (i) budget deficit of \$130,000 total to cover the procurement of TB medical supplies (estimates in proposal/grant agreement were based on old prices and without the procurement of the procur
- help with coordination and implementation. salaries to staff had not been paid by the MoH as still in process of "coding" the disbursed TB funds to the adequate TB programme. Payments will be all retroactive and processed in Q3. A dedicated PMU for the GFATM TB sponsored programme will sure coming to Ramallah quite often in order to be in close touch with the PMU (located at the central laboratory). ToRs for all positions were provided by UNDP and are available. Recruitment was done by the MoH. At the time of drafting the present report, recruitment of a finance associate was still underway - this position will be based in Nablus as per the request by the MoH (all finance departments of ministries are based in Nablus), although it was agreed between the PR and the MoH that this staff will be • The staffing of the TB management units at the MoH is close to complete with one data entry clerk recruited in Gaza, closely supporting the TB National Manager, a project coordinator and a data entry clerk based in Ramallah. At the end of Q2, the
- The political context (internal and external) remains unstable and challenging in terms of access of goods but also in terms of implementation, especially in Gaza
- Funds cannot flown easily from the PA MoH to the MoH in Gaza and creative solutions are being discussed and implementations. Overall, the implementation in Gaza requires high flexibility, strong assistance by the UN agencies along with customized
- technical assistance missions. WHO CO and WHO EMRO have been very active in overcoming such issues and finding solutions to move the programme forward (i.e. NTP manager writing the national TB guidelines himself with strong technical support by • Finally, it is worth mentioning the pertaining issue vis a vis international technical assistance, affecting WHO and the MoH. Visa issues, refusal by consultants themselves to come/work in such contexts, have led to cancellations or postponing of various
- Solid foundations have been laid down during Q2 and performance, despite all above mentioned challenges, is encouraging

v. Planned changes in the program, if any.

- The work plans were slightly edited at the time of grant signing with SRs.
- 1. Procurement related costs were removed from the MoH work plan and added to the PR work plan. This change shall be reflected in a revised budget to be submitted after the approval of the PSM plan. UNDP revised work plan was updated in the light of recent medical procurement cost estimates and M&E action plan, documents both available
- 2. The incentives budget lines were reverted from the MoH work plan to WHO work plan and slight clarifications in activity names.

 3. The PMU related costs were reverted to the MoH work plan (PMU staff related costs were easier to monitor than the incentives budget lines initially under the MoH's work plan)
- the original plan- with training of 300 lab technicians on sputum smear testing and referral for the suspects. UNRWA's overall budget is very minimal and creative solutions were found in order to increase impact of funding. Training will start in Q3. • Furthermore, UNRWA recently requested a change in activity with no cost implication – request recommended to be approved by UNDP and validated by the LFA. UNRWA-Gaza requested to replace the recruitment of one Lab technician-as mentioned in
- UNDP supported the MoH with planning and funding of the World TB Day. This budget component was removed from the MoH work plan and added to UNDP work plan, as contractual arrangements between UNDP and the MoH were still under negotiation
- Unlying some of the indicators based on the discussions with SRs and implementation reality. A request is submitted as part of the Q2 PUDR report

vi. Other program results, success stories, issues or lessons learned

- Implementation modalities should be reviewed quarterly along with the informal assessment of programmatic and financial performance, especially when it comes to implementation in Gaza. A flexible approach is recommended.
- The workload is extremely high at the SR and PR levels. At the PR level: the same team is now managing two grants, namely HIV and AIDS and TB, and is seriously overstretched. The WHO led activities are managed by the HIV medical officer, coordinating all the HIV activities as well.
- Meeting deadlines on time remain close to humanly possible. Flexibility with regard to deadlines would be appreciated (furthermore, SRs tend to submit their progress reports later than the set deadlines similarly to the HIV grant sometimes understandingly, in the light of the very heavy implementation workload and various contextual challenges) or assistance in advocating/fundraising for an increase in staffing capacities/human resources both at the PR and SRs levels.

B. PR COMMENTS ON THE FULFILLMENT OF CONDITIONS PRECEDENT AND/OR SPECIAL CONDITIONS UNDER GRANT AGREEMENT

The disbursement by the Global Fund or use by the Principal Recipient of Grant funds for the procurement of Health Products is conditional upon the approval by the Global Fund of the PSM Plan.	Second Disbursement: the written approval of the Global Fund of the Updated M&E Plan and Revised Program Budget (the latter only being applicable if condition c. of this sub-section is applicable).	Second Disbursement: Delivery by the Principal Recipient to the Global Fund of a revised budget for the period beginning with the Program Starting Date and ending with the Program Ending Date (the "Revised Program Budget") if the amendments incorporated into the Updated M&E Plan necessitate amendments to the budget that was approved by the Global Fund as of the effective date of this Agreement	Second Disbursement: Delivery by the Principal Recipient to the Global Fund of an updated plan for monitoring and evaluating Program activities that incorporates the recommendations made by Program In stakeholders upon completion of the Monitoring and Evaluation Systems Strengthening Tool	Second Disbursement: Delivery by the Principal Recipient to the Global Fund of a completed version of the Monitoring and Evaluation Systems Strengthening Tool	Conditions Precedent and/or other special conditions (
In Progress	N _O	In Progress	In Progress	In Progress	Fulfilled? (Yes/No)
The PSM was submitted mid August 2010 - as part of the Q2 TB PUDR		The PR shall submit the revised budget upon approval of the M&E plan and the PSM plan.	See above note	The MESST workshop took place in February 2010 including all relevant partners - workshop during which the MESS tool was finalized and endorsed by all partners. The completed MESS tool along with the final M&E plan and proposed action plan was shared mid August 2010.	PR Comments

The Principal Recipient shall select Sub-recipients in accordance with its regulations and rules. Before disbursing grant funds to any Sub-recipient, the Principal Recipient shall notify the Global Fund of the selection of the Sub-recipient. In the case of a Sub-recipient that is not a UN agency, the Global Fund may, at its election, conduct an assessment of the Sub-recipient. The Principal Recipient shall address the assessment recommendations by risk mitigation measures satisfactory to both the Principal Recipient and the Global Fund.	The Principal Recipient acknowledges and understands that the Global Fund has entered into this Agreement with the Principal Recipient in reliance on the representation by the West Bank and Gaza UN Theme Group that the funds provided under this Agreement do not constitute more than 65% of the funds for the national tuberculosis program in the West Bank +A58 and Gaza. If the Principal Recipient becomes aware that the funds provided under this agreement are in fact or are anticipated to be materially higher than this amount, the Principal Recipient shall promptly notify the Global Fund.	Prior to disbursement of grant funds to a Sub-Recipient, the Principal Recipient shall have executed an agreement with such Subrecipient that is consistent with this Agreement, including the required representations regarding anti-terrorism and appropriate performance frameworks and budgets.	Not later than 90 days after this Agreement enters into force, a plan for monitoring the Program, is replaced in Progress with the condition for second disbursement in Section B.2 above.	The Principal Recipient shall ensure that appropriate systems for the management, monitoring and oversight of the health product supply chain are implemented for products procured with grant funds and corrective measures are taken to address any gaps identified during monitoring and oversight.	By no later than 15 February 2010: documentation detailing the proposed levels for the incentive scheme for the Sub-recipient, National TB Program, which shall be in line with the incentives provided by other donors/international partners for similar programs.	By no later than 15 February 2010: documentation demonstrating that the Principal Recipient has provided training to the Sub-recipients (National T8 Program and WHO) on the programmatic and financial reporting requirements for Global Fund funding, including the development of tools for Sub-recipient reporting
The Global Fund was notified about all selected SRs (same as original proposal and grant agreement). The LFA conducted an assessment with the main SR - MoH which conclusions were shared informally with the PR. With regard to such assessment, the PR would be happy to provide clarifications and corrections since some of the results are not totally correct, should the LFA/GFATM be interested.	i	All Agreements were signed with all SRs and first disbursements (for two quarters) processed.	ss The M&E plan was submitted in August 2010. Awating for GFATM's feedback.	The PR has appointed, through the HIV grant, a supply chain management officer also responsible for putting in place tracking systems in collaboration with the MoH	Shifted to the WHO's work plan (to ensure quality control mechanism with the incentives' benefiaries) - names and mechanisms are provided every quarter to WHO which is responsible for payment after verification.	The PR conducted a training session with all SRs on reporting templates and mechanisms. Feedback and guidance is also provided on a bilateral basis to each SR by the PR. Reporting templates are in the process of being updated to be used by SRs in Q3.

Section 3: Cash Request and Authorization

A: CASH REQUEST

On behalf of the PR, the undersigned hereby requests the Global Fund to disburse funds under the above-referenced Grant Agreement as follows:

- Cash amount requested from the Global Fund (from Section 2.B line 10, in: EUR):
- Amount requested in words (in: EUR):

7,393.93

The PR is not requesting for additional funds (automatic calculation above)

B: AUTHORIZATION

The undersigned acknowledges that: (i) all the information (programmatic, financial, or otherwise) provided in this Progress Update and Disbursement Request is complete and accurate; (ii) funds disbursed in accordance with this request shall be deposited in the bank account specified in block 9 of the face sheet of the Grant Agreement unless otherwise specified herein; and (iii) funds disbursed under the Grant Agreement shall be used in accordance with the Grant Agreement.

Date and Place: Title: Name: (signature of Authorized Designated Representative) Signed on behalf of the Principal Recipient: Mr. Jenz Toyberg - Frandzen Jerusalem, on Tuesday 24 August 2010 Special Representative - UNDP/PAPP

Grant number / Numéro du Grant	PSE-809-G02-T
Principal Recipient / Récipiendaire Principal:	UNDP/PAPP
Currency / Monnale:	USD

Explanatory notes /Notes explicatives

Budget: Please insert the amount of the yearly budgets that had been allocated to single SRs. The yearly budgets should be in accordance with the PR-SR agreement. Budget: Veuillez indiquer les budgets amuels alloués à chaque RS. Les budgets amuels devra ent correspondre aux budgets frées dans les conventions entre le RP et les RS.

Periode: P'ease indicate the actual reporting period. In general, reporting is by quarter or semi-annually.

Période: Veuillez insérer la période du rapport actuel. En général, le rapport est du par trimestre ou par semestre.

SR Disbursements: Please insert the amount that had been disbursed by the PR to the SR in the reporting period
Decaissements au R8. Veuillez indiquer le montant total qui est décassé par le RP au nom de RS dans le trimestre / semestre actuel.

SR spenditures Please that the total amount of expenditures that had been justified by the SR (I and principle worker, interior reports, list of periodents, etc.) and accounted for in the accounting system of the PR. Advanced payments and committed amounts of the PR. and the perioder and committed amounts are advanced payments and committed and committed amounts are advanced and provided the PR. Depended the accounts payment of the PR. Depended the RS (I is factor originals, pileton justificatives, rapport do mission, list do participants, etc.) do in pelviode clusters are accounted to provide the provided the provided the provided the provided the provided that the provided the provided the provided that the provided the provided that the provided that the provided the provided that the

Variance: The "Variance" is calculated automatically and shows frow much the SR has spent out of the amount provided by the PR, Ideally, the "Variance" should be "0" which means that the funds provide by the PR had been fully spirit and all relevant vouches have been presented by see SR, welfred and accepted by the PR. A resignice "Variance" and see SR has spent more funds than the PR had provided. A positive "Variance" are seens that the SR don't spent all the funds that were provided by the PR. A resignice "Variance" of SR means that the SR don't spent all the funds that were provided by the PR. A resignice "Variance" of SR means that the SR don't spent all the funds that were provided by the PR. A resignice "Variance" and state of SR don't spent all the funds that were provided by the PR. A resignice "Variance" and state of SR don't spent all the SR don't complete the SR don't fonds mise à la disponition to IRS delic complete on the SR don't spent all the "Variance" registrice montre que is RS a depended by the SR don't spent all the Tords prévu. Une "Variance" prévu Une "Variance" registrice montre que is RS a depende plus que le total de fonds prévu. Une "Variance" prévu. Une "Variance" registrice montre que is RS don't fonds me total de fonds prévu.
