

result of ear sickness but they (Unit) have not been able to travel to Kilu uh hospital in Malata for another week. Mary Loduha, Nurse in-charge of the NRH Ear, Nose & Throat Unit checking one of its patients on Saturday. The Unit marks W

Peace building initiatives must be continuous: PM

BY LORETTA BRIGIDIA MANELE

PEACE building initiatives that are continuous and well-grounded in existing government capacities are vital for peace development. Prime Minister Rick Houempwela referred to this as one of Solomon Islands Democratic Coalition for Change Government's (SIDCCG) four categories of efforts to sustaining peace in the country. He stated that his government endorsed the communique from last year's national dialogue, supported resolutions from the provincial dialogue and also TRC recommendations. We are adopting key resolutions from the communique in the SIDCCG policy programme, especially in the interest of accelerating inclusive development and maintaining stability", he said. Prime Minister Houempwela also emphasized that development of peacebuilding strategy will be critical for purpose of implementing peacebuilding initiatives. He however expressed that the implementation of the Truth and Youth Forum supported the Women Summit and Youth Forum.
