Country: Republic of Serbia

2019 Annual Work Plan

Project Title

Enhancement of Municipal Audit for Accountability and Efficiency in Public Finance Management

UNDAF Outcome(s):

By 2020 governance institutions at all levels have enhanced accountability and representation to provide better quality services to people and the economy

Expected Output(s):

(Those that will result from the project and extracted from the CPD)

Output 2: Management of public funds is improved at all levels

Implementing Partner:

UNDP

Responsible Parties:

UNDP

Programme Period:	2016-2020	Total resources required	\$ 168,453.00
Year:	2019	Total allocated resources:	\$ 168,453.00
Project Title: Enhancement of Municipal Audit for Accountability and Efficiency in Public Finance Management		• Regular /UNDP:	SDC 168,453.00
Award/Output Number:		• Other (donors):	Government:
Duration:		Unfunded budget: In-kind Contributions:	

Brief Description

The overall objective of the project is to establish a network between the Central Harmonization Unit and cities representing the seat of regional centres in order to enhance the system of Financial Management and Control across local self-government units and ensure that the internal audit function in local government is in place, fully functional and supported and demanded by the municipal leadership. It further seeks to develop the interface between internal and external municipal audit in municipalities, for the purpose of increasing the audit effectiveness, given more responsibility for the financial audit towards internal auditors and increasing the external auditors focus on performance audit. The project will enable more frequent and higher quality municipal audits by SAI within the budget cycle and to establish good practice in sub-national PFM reform enforcement. Finally, good public finance management practices will be recorded by civil society and media and promoted widely.

The project forms part of a larger scale UNDP portfolio aimed at advancing accountability mechanisms in public finances and complement a SIDA funded sector project in the area.

In cooperation with pioneer mayors that have embraced the new internal audit role at an early stage, the auditor general, independent media, civil society organizations and the SCTM success stories that illustrate the benefit of internal auditors' work to municipalities and the public will be identified and promoted in the public sphere as well as municipal expert networks. Top performing municipalities will be publicly rewarded, and best practices systematically recognized in the public. Local level dialogue between municipal officials, civil society and local media will generate trust and raise capacities for joint work.

The 2019 AWP includes activities that will continue capturing positive examples of PFM practices and promoting constructive dialogue between civil society, local governments and the media.
