Subject: SBUR: Feedbacks to the Final Report
Attachments: 5864_SBUR_Thailand_Final Report - 270919.docx

Dear Members of the Project Board of the Third National Communication and Biennial Update Report (TNC-BUR) to the UNFCCC and the Low Emission Capacity Building (LECB) projects,

Since 2013, GEF had issued that all Enabling Activity, National Communication and Biennial Update Report are under this category, must submit a Final Report to provide feedbacks on the project, its impacts and lesson learned.

In addition, this requires that the Final Report be reviewed by the Project Board overseeing the project. As you are the members of the TNC-BUR & LECB Project Board that oversees SBUR project, I'm writing to seek your inputs and feedbacks on the draft Final Report **by Tuesday, 22 October 2019**.

Thank you in advance for your continuous support and insights throughout the implementation of the project and your inputs for the draft Final Report.

Regards,

Krib Sitathani
