OK, on an exceptional basis please budget this consultancy to DSS budget and I count on the governance unit to be fully accountable in monitoring the exact expenditure, including overhead, and report to UNMIT.

Many thanks

Dear Noura,

I will suggest to take second option advised by Maggie since this portions categories as outside the scope/mandate of the projects. Beside, the report for UNMIT donor will be combined from several projects where we can include DSS portion on the consultancy cost as part of the report.

Dear Jose,

I had also spoken to my colleagues also on the split, but that will have to be taken into account when reporting back to the donor. I would suggest you enter the whole amount as cost sharing to avoid any reporting problems. However, if you also want to record a portion to DAS/DSS I think you should also be able to indicate that in DMS.

Hope the above is helpful.

Dear Maggie,

Sorry for coming back to you with UNMIT-UNDP MoU contribution, we are seeking for your advice on the related issue to it. As part of the MoU, 0.45% (\$8,560) of the contribution are allocated to recruit national consultant to support the Gov Unit in coordinating activities of the CSO Advisory Committee to the UN. This function categories as outside the scope/mandate of the projects, hence they are requesting us either we can accommodate this allocation to any of Country Office Management project. I propose to accommodate this allocation to country office DSS or DAS. In principle management have no problem with that, but they are want to make sure whether its not against UNDP rules and regulations. I would really appreciated if you can advice us on this issue.  
Thank you in advance for your support.

Dear Jose,

Many thanks for your assistance in this process. Now that we have both donor and fund code, we'll proceed with the previously discussed budget revisions to reflect UNMIT funds.

Re the USD 8,560, kindly note that this amount refers to the recruitment of a national consultant to support the Gov Unit in coordinating activities of the CSO Advisory Committee to the UN. Therefore, this recruitment is outside the scope/mandate of our projects. Can the amount be allocated to country office management?

Dear Maun,

As just discussed, kindly find the signed DPKO-UNDP MoU. The total amount to be disbursed to UNDP accounts is USD **1,897,645**, out of which USD 124,145 is for ISS, leaving a balance of USD **1,773,500** for projects.

According to my calculations, this is the breakdown by project:

- PNTL = USD 425,000
- JSP = USD 896,100
- Multi donor Parliament = USD 366,400
- ACC = USD 39,000
- Election = USD 39,000
- Gov Unit = USD 8,000. For this specific allocation, can you please advise us to which account/CoA the funds should be channeled. This amount is to cover a consultancy in the Gov Unit

I will now share these project costs breakdown with the projects under my portfolio and ask PMs to do a budget revision so to reflect these allocations. Joao and Jose B. could you kindly do the same?

Thanks
