August 2014	Immediately		Time Frame
On go	Done		Statu

3. Key Highlights on attainment of JUPSA outcomes	2. Review of previous minutes of the 4th JSC meeting and reports on progress on actions agreed upon	
UNAIDS Secretariat made a presentation on key highlights on attainment of JUPSA outcomes. The presentation entailed  Discussion  a. Dr. Apuuli suggested the need to clarify the young population base on the whole population of Uganda and not on a particular group or population.  b. Chair noted a positive mixture of the key outcome of the JUPSA activities accomplished c. Concern was raised of targets being affected because of shocks taken by HIV positive pregnant mothers because some never return for the third shock. Investigation should be done on HIV/AIDS certificates provided to service providers.  DG – UAC informed members that she has gotten in touch with DG-MoH to investigate	<ul> <li>a. All the action points agreed upon</li> <li>a. All the action points agreed upon during the 4th Joint Steering Committee were reported as accomplished.</li> <li>b. Members were informed that the JSC convenes twice a year however this would be arranged to three times in a year. Therefore the next JSC meeting will be held immediately after the midterm review, the projected date is October 3th october 3</li></ul>	<ul> <li>b. She also thanked the former DG-UAC and outgoing JUPSA JSC Co- Chair, Dr. Kihumulo Apuuli for his endless efforts towards building UAC.</li> <li>c. She again thanked JUPSA for the great support that it provides to UAC and pledged to work closely with the JSC.</li> <li>Remarks by outgoing Co-Chair and retired DG- UAC</li> <li>a. In his remarks, he thanked all members for their support and appreciated everyone's effort towards building an effective UAC.</li> <li>b. He attributed his effort in the last year of service to the investment case. He recommended everyone to take up and understand the Investment case and immediately implement some of the simple things in the investment case that do not require spending a lot of money.</li> <li>c. He advised DG-UAC to write a memo for the cabinet clearly stating worth and value of the Investment case</li> <li>d. He further pledged his support in addressing the HIV response</li> </ul>
There is need to follow up on HIV/AIDS	Convene the next JSC after Mid Term Review

It was recommended that if JUPSA were going to have an impact on the youth then targets and focus should be put on youth groups  A member from NACWOLA raised concern on challenges raised to family planning that should be included and observed in eMTCT activities because it needs to be addressed. In addition follow up on lapses in treatment of EMTCT mothers should also be addressed. Because treatment resistance in mothers is bound to happen.	A member from WFP expressed willingness to give support to the small farmers. JUPSA should get in touch with WFP head of programmes for additional support	Chair raised concern on what the UN can do: i) to create and provide an enabling environment; ii) the police have to create a protection plan to protect service delivery. It was recommended that JUPSA work hand in hand with CDC to monitor what is going on and strengthen the advocacy plan  A ministerial statement come out on guidelines relating to service delivery after the signing of AHA although there is need for collaboration of from the Ministries of Internal Affairs, Justice and Health for a clear guidance on service delivery.	It was noted that there is no implementation law and service delivery is not protected due to the fact that services can be interpreted otherwise.	A member from NACWOLA expressed concern on who is monitoring programmes that are being affected by funding cuts implemented by development partners in relation to AHA.  • Members were further informed that CDC has developed a tool to mitigate risks and monitor programmes.		involved hence advised the need to have a stakeholders meeting for a better understanding of the IC. Dr. Senait to share the final draft to all members to have a review and make	Dr. Apuuli gave a brief road map of how the Investment case was developed and informed
	JUPSA should get in touch with WFP head of programmes for additional support in regards issues related to small farmers	regards to service delivery and strengthen the advocacy plan on enabling a new environment after AHA	hand in hand with CDC to monitor what is going on in	comments  JUPSA to work	addition share IC with members to review	better understanding of the IC and in	stakeholders meeting for a
